Other Rate Information

PG&E Electric Rates
San José Clean Energy does not provide a full listing of PG&E’s generation or non-generation rates, as those rates are subject to change over the course of the year. The most up-to-date information on these rates can be located within PG&E’s tariff sheets, available on their website at: http://www.pge.com/tariffs/ERS.SHTML. For comparison purposes, generation rates are listed under the “Unbundling of Total Rates”, which is found after the listing of “Total Rates”. All other charges that comprise PG&E’s “bundled” charges (such as distribution, transmission, tiering adjustments, and other charges) are assessed equally to San José Clean Energy customers.

PG&E Power Charge Indifference Adjustment Rates (PCIA)
The Power Charge Indifference Adjustment (PCIA) is a fee collected by PG&E and assessed to customers who receive their electric generation services from another provider. The PCIA is essentially an “exit fee” assessed by PG&E to cover costs for resources acquired prior to a customer's change in service providers. PG&E assigns customers a “PCIA Vintage” based on the date the community in which they reside enrolled in alternative service; this date is reset upon reenrollment if a customer opts out and later re-enrolls in SJCE service. PCIA rates are generally updated by PG&E each January. The PCIA is charged on a per kWh basis, based off net monthly usage and is unaffected by time-of-use. Customers enrolled in PG&E’s Medical Baseline Allowance program are not subject to the PCIA fee.

Franchise Fee Surcharge
The Franchise Fee Surcharge is collected by PG&E to pay for the right to use public streets to run gas and electric service through. This fee is imposed by cities and counties for all customers (including PG&E-only customers) but is collected separately from CCA customers. The Franchise Fee Surcharge is charged on a per kWh basis, based off net monthly usage and is unaffected by time-of-use.

Please note: The Power Charge Indifference Adjustment (PCIA) and the Franchise Fee Surcharge are always included in SJCE cost comparisons.
