

# Memorandum

**TO:** HONORABLE MAYOR  
AND CITY COUNCIL

**FROM:** Lori Mitchell

**SUBJECT: SJCE RATE ADJUSTMENT  
IN RESPONSE TO PG&E'S RATE  
CHANGES**

**DATE:** November 3, 2020

Approved

Date

**11/3/2020**

## INFORMATION

On October 1, 2020, San José Clean Energy (“SJCE”) reduced its rates in response to Pacific Gas & Electric Company’s (“PG&E”) generation rate changes contained in their Advice Letter 5958-E filed on September 21, 2020. SJCE reduced its rates to maintain its one percent (1%) discount to PG&E’s generation rates, thereby ensuring all customers save under SJCE GreenSource service. SJCE submits this informational memorandum per City Council direction.

## BACKGROUND

On March 19, 2019, the City Council approved Ordinance No. 30233, amending [Section 26.40.020](#) of the San José Municipal Code and allowing SJCE to adjust rates without requiring written notice to customers or a finding of extraordinary circumstances by City Council if all of the following conditions are met:

1. As required under Section 26.40.010, the rate was equal to or below similar PG&E rates when it was established and will continue to be equal to or below similar PG&E rates after the rate increase or decrease;
2. The rate increase or decrease follows a rate increase or decrease by PG&E;
3. The rate increase or decrease is consistent with City Council resolutions establishing rates; and
4. The rate increase inclusive of the PCIA is not more than five percent (5%).

City Council also directed SJCE to provide an informational memorandum comparing the adjusted rate with both the previous rate and PG&E rate. City Council must approve any rate increase that exceeds five percent (5%), inclusive of the PCIA, which is the “exit fee” that PG&E charges customers served by Community Choice Aggregators (“CCA”), like SJCE. The PCIA

HONORABLE MAYOR AND CITY COUNCIL

November 3, 2020

**Subject: SJCE Rate Adjustment in Response to PG&E's Rate Changes**

Page 2

fee is meant to compensate PG&E for the above market costs of the excess energy resources it has as more of its customer base leaves to receive electric generation service from a CCA or other electricity provider.

### **ANALYSIS**

PG&E's Advice Letter 5958-E implements the California Public Utility Commission's (CPUC) decision D.19-12-007, which (1) authorized the return of funds to ratepayers due to a reduced revenue requirement, pursuant to CPUC decision D.10-12-006, and (2) lowered generation rates for PG&E bundled customers.

The SJCE rate reductions follow those of PG&E to maintain one percent (1%) discount to PG&E's generation rates, ensuring all customers save under SJCE GreenSource service. Most SJCE customers will see a generation rate decrease of approximately 0.2%, inclusive of the PCIA.

### **PUBLIC OUTREACH**

The decreased rates, effective October 1, 2020, will be posted and accessible to the public on the SJCE website.
