

PROGRAMS

We care about our customers. We prioritize programs that increase access to renewable electricity and clean energy technology while also helping those with lower incomes afford their bill.

SJ CARES

CARE and FERA customers with San José Clean Energy receive the lowest electricity rates in San José - an extra 5% off and 60% renewable energy.

ENERGY EFFICIENCY

Helping small businesses make heating, ventilation, and air conditioning upgrades to lower their energy bill.

SOLAR ACCESS

Up to 55% off energy bills plus 100% solar energy.

SAN JOSE CLEAN ENERGY

A Program of the City of San José

200 East Santa Clara Street
San José, CA 95113

SAN JOSE CLEAN ENERGY

A Program of the City of San José

UNDERSTANDING YOUR ENERGY SOURCES

POWER CONTENT LABEL 2021

San José Clean Energy is your local, not-for-profit clean electricity provider operated by the City of San José. We source the clean electricity that PG&E delivers to you and our charges show up on your PG&E bill. The clean energy you receive from us is NOT an extra charge.

NEW RENEWABLE ENERGY FOR YOU

Kern County Solar Plus Battery Storage Project

Guaranteed delivery of **62 MW** of renewable energy every day between **6 a.m. and 10 p.m.**

- Enough energy to power **65,000 SAN JOSÉ HOMES EACH YEAR**
- Climate impact of removing **670,000 CARS OFF THE ROAD**
- Reduce reliance on natural gas plants by providing renewables for more hours of the day.

New Mexico Wind Project

117 turbines producing **225 MW** for the next 15 years.

- Enough energy to power **186,000 SAN JOSÉ HOMES EACH YEAR**
- Climate impact of removing **144,510 CARS OFF THE ROAD**
- Wind can deliver power around the clock, including overnight, which complements investments in solar.

POWER CONTENT LABEL 2021

All electricity providers in California submit an audited report of the percentage of renewables in their power supply to the California Energy Commission each year. The Power Content Label is a product of that report and compares the power mix of your electricity options and the power mix of the state's electricity grid.

Visit SanJoseCleanEnergy.org/PCL to view a larger format of the 2021 Power Content Label.

| Percentage of Retail Sales Covered by Retired Unbundled RECs ³ : | | | | | 0% | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |
| ¹ The eligible renewable percentage above does not reflect RPS compliance, which is determined using a different methodology. ² Unspecified power is electricity that has been purchased through open market transactions and is not traceable to a specific generation source. ³ Renewable energy credits (RECs) are tracking instruments issued for renewable generation. Unbundled renewable energy credits (RECs) represent renewable generation that was not delivered to serve retail sales. Unbundled RECs are not reflected in the power mix or GHG emissions intensities above. | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |

CUSTOMER CHOICE 2022

Since launching service in 2019, we've been committed to providing clean energy at competitive prices. We offer customers three choices when it comes to your electricity generation so you can choose the option that works best for your lifestyle and wallet.

GREENVALUE*
Cost-conscious

TOTALGREEN
Climate-conscious

GREENSOURCE*
Best value

*The renewable energy content for GreenValue and GreenSource in 2022 will be different than what is shown on the 2021 Power Content Label. These services will provide more renewable energy in 2022.
