RENEWABLE POWER PURCHASE AGREEMENT

COVER SHEET

**Seller**: BCE Seal Beach, LLC (“**Seller**”)

**Buyer**: City of San José, a California municipal corporation (“**Buyer**”)

**Description of Facility**: A 10 MW solar photovoltaic project (the “**Generating Facility**”), and a co-located 10 MW/50 MWh battery energy storage facility as further described below (the “**Storage Facility**”), located in Orange County, in the State of California, as further described in Exhibit A.

**Milestones**:

RENEWABLE POWER PURCHASE AGREEMENT

This Renewable Power Purchase Agreement ("Agreement") is entered into as of [April 12, 2023] (the "Effective Date"), between Buyer and Seller. Buyer and Seller are sometimes referred to herein individually as a "Party," and jointly as the "Parties." All capitalized terms used in this Agreement are used with the meanings ascribed to them in Article 1 to this Agreement.

RECATALS

WHEREAS, Seller intends to develop, design, permit, construct, own, and operate the Facility; and

WHEREAS, Seller desires to sell, and Buyer desires to purchase, on the terms and conditions set forth in this Agreement, the Product;

NOW THEREFORE, in consideration of the mutual covenants and agreements herein contained, and for other good and valuable consideration, the sufficiency and adequacy of which are hereby acknowledged, the Parties agree to the following:

ARTICLE 1
DEFINITIONS

1.1 Contract Definitions. The following terms, when used herein with initial capitalization, shall have the meanings set forth below:

"Accepted Compliance Costs" has the meaning set forth in Section 3.12(d).

"Adjusted Energy Production" has the meaning set forth in Exhibit G.

"Affiliate" means, with respect to any Person, each Person that directly or indirectly controls, is controlled by, or is under common control with such designated Person. For purposes of this definition and the definition of "Permitted Transferee", "control", "controlled by", and "under common control with", as used with respect to any Person, shall mean (a) the direct or indirect right to cast at least fifty percent (50%) of the votes exercisable at an annual general meeting (or its equivalent) of such Person or, if there are no such rights, ownership of at least fifty percent (50%) of the equity or other ownership interest in such Person, or (b) the right to direct the policies or operations of such Person.

"Agreement" has the meaning set forth in the Preamble and includes the Cover Sheet and any Exhibits, schedules and any written supplements hereto.

"Alternating Current" or "AC" means alternating current.

"Ancillary Services" means all ancillary services, products and other attributes, if any, associated with the Facility.
“Approved Forecast Vendor” means any of (a) CAISO or (b) any other vendor reasonably acceptable to both Buyer and Seller for the purposes of providing or verifying the forecasts under Section 4.3(d).

“Auxiliary Load” means the Energy that is used (including Energy used during the charging or discharging of the Storage Facility) within the Storage Facility to power the motors, temperature control systems, control systems and other electrical loads that are integral to the operation of the Storage Facility.

“Availability Adjustment” or “AA” has the meaning set forth in Exhibit P.

“Available Generating Capacity” means the capacity of the Generating Facility, expressed in whole MWs, that is mechanically available to generate Energy.

“Balancing Authority Area” or “BAA” has the meaning as set forth in the CAISO Tariff.

“Bankrupt” means with respect to any entity, such entity that (a) files a petition or otherwise commences, authorizes or acquiesces in the commencement of a proceeding or cause of action under any bankruptcy, insolvency, reorganization or similar Law, (b) has any such petition filed or commenced against it which remains unstayed or undismissed for a period of ninety (90) days, (c) makes an assignment or any general arrangement for the benefit of creditors, (d) otherwise becomes bankrupt or insolvent (however evidenced), (e) has a liquidator, administrator, receiver, trustee, conservator or similar official appointed with respect to it or any substantial portion of its property or assets, or (f) is generally unable to pay its debts as they fall due.

“Bid” has the meaning as set forth in the CAISO Tariff.

“Business Day” means any day except a Saturday, Sunday, or a Federal Reserve Bank holiday in California. A Business Day begins at 8:00 AM and ends at 5:00 PM Pacific Prevailing Time (PPT) for the Party sending a Notice, or payment, or performing a specified action.

“Buyer” has the meaning set forth on the Cover Sheet.

“Buyer Bid Curtailment” means the occurrence of all of the following:

(a) the CAISO provides notice to a Party or the Scheduling Coordinator for the Generating Facility, requiring the Party to deliver less Generating Facility Energy than the full amount of energy forecasted in accordance with Section 4.3 to be produced from the Generating Facility for a period of time; and

(b) for the same time period as referenced in (a), Buyer or the SC for the Generating Facility:

(i) did not submit a Self-Schedule or an Energy Supply Bid for the MW subject to the reduction; or

(ii) submitted an Energy Supply Bid and the CAISO notice referenced in (a) is solely a result of CAISO implementing the Energy Supply Bid; or

DB2/ 44545635.21

2
(iii) submitted a Self-Schedule for less than the full amount of Facility Energy forecasted to be generated or discharged by or delivered from the Facility.

If the Generating Facility is subject to a Planned Outage, Forced Facility Outage, Force Majeure Event and/or a Curtailment Period during the same time period as referenced in (a), then the calculation of Deemed Delivered Energy during such period shall not include any Generating Facility Energy that was not generated or stored due to such Planned Outage, Forced Facility Outage, Force Majeure Event or Curtailment Period.

“Buyer Curtailment Order” means the instruction from Buyer to Seller to reduce Generating Facility Energy by the amount, and for the period of time set forth in such instruction, for reasons unrelated to a Planned Outage, Forced Facility Outage, Force Majeure Event affecting the Facility and/or Curtailment Order.

“Buyer Curtailment Period” means the period of time, as measured using current Settlement Intervals, during which Seller reduces Generating Facility Energy from the Generating Facility pursuant to or as a result of (a) a Buyer Bid Curtailment, (b) a Buyer Curtailment Order, (c) a Buyer Default hereunder which directly causes Seller to be unable to deliver PV Energy to the Delivery Point, or (d) any Discharging Notice that is issued by Buyer that reduces or curtail the delivery of Generating Facility Energy to the Delivery Point because the sum of Discharging Energy and Generating Facility Energy would exceed the Dedicated Interconnection Capacity; provided, the duration of any Buyer Curtailment Period shall be inclusive of the time required for the Generating Facility to ramp down and ramp up.

“Buyer Default” means a failure by Buyer (or its agents) to perform Buyer’s obligations hereunder and includes an Event of Default of Buyer.

“Buyer’s WREGIS Account” has the meaning set forth in Section 4.11(a).

“CAISO” means the California Independent System Operator Corporation, or any successor entity performing similar functions.

“CAISO Certification” means the certification and testing requirements for a storage unit set forth in the CAISO Tariff that are applicable to the Storage Facility, including certification and testing for all Ancillary Services, PMAX, and PMIN associated with such storage units, that are applicable to the Facility.

“CAISO Grid” has the same meaning as “CAISO Controlled Grid” as defined in the CAISO Tariff.

“CAISO Operating Order” means “Operating Instruction” as defined in the CAISO Tariff.

“CAISO Tariff” means the California Independent System Operator Corporation Agreement and Tariff, Business Practice Manuals (BPMs), and Operating Procedures, including the rules, protocols, procedures and standards attached thereto, as the same may be amended or modified from time-to-time and approved by FERC; provided, if there is a conflict between the
BPMs, the CAISO Operating Agreement or the Operating Procedures, on the one hand, and the Tariff, on the other hand, the Tariff will control.

“California Renewables Portfolio Standard” or “RPS” means the renewable energy program and policies established by California State Senate Bills 1038 (2002), 1078 (2002), 107 (2008), X-1 2 (2011), 350 (2015), and 100 (2018) as codified in, inter alia, California Public Utilities Code Sections 399.11 through 399.31 and California Public Resources Code Sections 25740 through 25751, as such provisions are amended or supplemented from time to time.

“Capacity Attribute” means any current or future defined characteristic, certificate, tag, credit, or accounting construct, including any of the same counted towards any current or future resource adequacy or reserve requirements, associated with the electric generation capability and capacity of the Facility or the Facility’s capability and ability to produce and deliver energy. Capacity Attributes shall be deemed to include all Resource Adequacy Benefits, if any, associated with the Facility. Capacity Attributes are measured in MW and shall exclude Energy, Green Attributes, other attributes, and PTCs or any other Renewable Energy Incentives now or in the future associated with the construction, ownership or operation of the Facility.

“Capacity Damages” has the meaning set forth in Exhibit B.

“CEC” means the California Energy Commission, or any successor agency performing similar statutory functions.

“CEC Certification and Verification” means that the CEC has certified (or, with respect to periods before the date that is one hundred eighty (180) days following the Commercial Operation Date, that the CEC has pre-certified) that the Generating Facility is an Eligible Renewable Energy Resource for purposes of the California Renewables Portfolio Standard and that all Generating Facility Energy delivered to the Delivery Point qualifies as generation from an Eligible Renewable Energy Resource.

“CEC Precertification” means that the CEC has issued a precertification for the Facility indicating that the planned operations of the Facility would comply with applicable CEC requirements for CEC Certification and Verification.

“CEQA” means the California Environmental Quality Act.

“Change of Control” means, except in connection with public market transactions of equity interests or capital stock of Seller’s Ultimate Parent, any circumstance in which Ultimate Parent ceases to own, directly or indirectly through one or more intermediate entities, more than fifty percent (50%) of the outstanding equity interests in Seller; provided, in calculating ownership percentages for all purposes of the foregoing:

(a) any ownership interest in Seller held by Ultimate Parent indirectly through one or more intermediate entities shall not be counted towards Ultimate Parent’s ownership interest in Seller unless Ultimate Parent directly or indirectly owns more than fifty percent (50%) of the outstanding equity interests in each such intermediate entity; and
(b) ownership interests in Seller owned directly or indirectly by any Lender (including any tax equity provider) shall be excluded from the total outstanding equity interests in Seller.

“Charging Energy” means all Energy delivered to the Storage Facility (including pursuant to a Charging Notice), as measured at the Storage Facility Metering Point by the Storage Facility Meter, as such meter readings are adjusted by the CAISO for any applicable Electrical Losses and Station Use. All Charging Energy shall be used solely to charge the Storage Facility.

“Charging Limitation Liquidated Damages” means, with respect to any given Prohibited Restriction, damages in an amount equal to the product of (x) the amount of Energy that Buyer would have been able to cause the Storage Facility to store if such Prohibited Restriction was not applicable less the amount of Energy the Buyer actually caused the Storage Facility to store, measured in MWh, multiplied by (y) for any day during which such Prohibited Restriction is applicable, the highest average price during any five hour period of such day for Energy at the Settlement Point per MWh minus the lowest average price during any five hour period of such day when solar insolation is available for Energy at the Settlement Point per MWh. If such Prohibited Restriction is for a period of greater than a single day, the foregoing calculation shall be performed for each day of such period and the Charging Limitation Liquidated Damages shall equal the sum of the damages applicable to each day during such period.

“Charging Notice” means the operating instruction, and any subsequent updates, given by Buyer’s SC or the CAISO to the Facility, directing the Storage Facility to charge at a specific MW rate for a specified period of time or amount of MWh; provided, any such operating instruction shall be in accordance with the Operating Procedures. For the avoidance of doubt, (i) any Buyer request to initiate a Storage Capacity Test shall not be considered a Charging Notice, and (ii) any Charging Notice shall not constitute a Buyer Bid Curtailment, Buyer Curtailment Order or Curtailment Order.

“City’s Compliance Officer” has the meaning set forth in Section 4.08.020 of the San José Municipal Code.

“Claim” has the meaning set forth in Section 16.2(a).

“COD Certificate” has the meaning set forth in Exhibit B.

“Commercial Operation” has the meaning set forth in Exhibit B.

“Commercial Operation Date” has the meaning set forth in Exhibit B.

“COD Delay Damages” means an amount per day based on the number of days that have elapsed since the Guaranteed Commercial Operate Date as follows:
“Compliance Action” has the meaning set forth in Section 3.12(b).

“Compliance Expenditure Cap” has the meaning set forth in Section 3.12(b).

“Compliance Showing” means, for each Showing Month, the submission deadline for the (a) the Resource Adequacy Requirements compliance or advisory showings (or similar or successor showings), (b) if applicable, the Local RAR compliance or advisory showings (or similar or successor showings) and (c) if applicable, the Flexible RAR compliance or advisory showings (or similar successor showings), that Buyer is required to make to the CPUC (and, to the extent authorized by the CPUC, to the CAISO), pursuant to the Resource Adequacy Rulings, to the CAISO pursuant to the CAISO Tariff, or to any Governmental Authority having jurisdiction.

“Confidential Information” has the meaning set forth in Section 18.1.

“Construction Delay Damages” means an amount equal to (a) the Development Security amount required hereunder, divided by (b) 

“Construction Start” has the meaning set forth in Exhibit B.

“Construction Start Date” has the meaning set forth in Exhibit B.

“Contract Capacity” means the sum of the Guaranteed Capacity and the Storage Contract Capacity.

“Contract Price” has the meaning set forth on the Cover Sheet. To be clear, the Contract Price is each of the Renewable Rate and the Storage Rate.

“Contract Term” has the meaning set forth in Section 2.1(a).

“Contract Year” means a period of twelve (12) consecutive months beginning on the Commercial Operation Date and each anniversary thereof and ending at midnight at the end of the day prior to each anniversary of the Commercial Operation Date.

“Costs” means, with respect to the Non-Defaulting Party, brokerage fees, commissions and other similar third-party transaction costs and expenses reasonably incurred by such Party either in terminating any arrangement pursuant to which it has hedged its obligations or entering into new arrangements which replace the Agreement; and all reasonable attorneys’ fees and expenses incurred by the Non-Defaulting Party in connection with terminating the Agreement.
“Cover Sheet” means the cover sheet to this Agreement, which is incorporated into this Agreement.

“COVID-19” means the epidemic disease designated COVID-19 and the related virus designated SARS-CoV-2 and any mutations thereof, and the efforts of a Governmental Authority to combat such disease.

“CPM Soft Offer Cap” has the meaning set forth in the CAISO Tariff.

“CPUC” means the California Public Utilities Commission or any successor agency performing similar statutory functions.

“CPUC System RA Penalty” has the meaning set forth in the Resource Adequacy Rulings.

“Credit Rating” means, with respect to any entity, the rating then assigned to such entity’s unsecured, senior long-term debt obligations (not supported by third party credit enhancements) or if such entity does not have a rating for its senior unsecured long-term debt, then the rating then assigned to such entity as an issuer rating by S&P or Moody’s. If ratings by S&P and Moody’s are not equivalent, the lower rating shall apply.

“Curtailment Cap” is the yearly quantity per Contract Year, in MWh, determined pursuant to Section 4.4(e).

“Curtailment Cap Increase Election” has the meaning set forth in Section 4.4(e).

“Curtailment Cap Increase Election Deadline”

“Curtailment Order” means any of the following:

(a) CAISO orders, directs, alerts, or provides notice to a Party, including a CAISO Operating Order, to curtail deliveries of Generating Facility Energy to the Delivery Point for the following reasons: (i) any System Emergency, or (ii) any warning of an anticipated System Emergency, or warning of an imminent condition or situation, which jeopardizes CAISO’s electric system integrity or the integrity of other systems to which CAISO is connected;

(b) a curtailment of Generating Facility Energy to the Delivery Point ordered by the Participating Transmission Owner for reasons including, but not limited to, (i) any situation that affects normal function of the electric system including, but not limited to, any abnormal condition that requires action to prevent circumstances such as equipment damage, loss of load, or abnormal voltage conditions, or (ii) any warning, forecast or anticipation of conditions or situations that jeopardize the Participating Transmission Owner’s electric system integrity or the integrity of other systems to which the Participating Transmission Owner is connected;

(c) a curtailment of Generating Facility Energy ordered by CAISO or the Participating Transmission Owner due to scheduled or unscheduled maintenance on the Participating Transmission Owner’s transmission facilities that prevents (i) Buyer from receiving or (ii) Seller from delivering Generating Facility Energy to the Delivery Point; or
(d) a curtailment of Generating Facility Energy to the Delivery Point in accordance with Seller’s obligations under its Interconnection Agreement with the Participating Transmission Owner or distribution operator.

“Curtailment Period” means the period of time, as measured using current Settlement Intervals, during which Generating Facility Energy is reduced pursuant to a Curtailment Order; provided, the Curtailment Period shall be inclusive of the time required for the Facility to ramp down and ramp up.

“Cycle” means a quantity of Discharging Energy (in MWh) equal to the Storage Contract Output.

“Damage Payment” means the dollar amount that equals the amount of the Development Security.

“Day-Ahead Forecast” has the meaning set forth in Section 4.3(c).

“Day-Ahead Market” has the meaning set forth in the CAISO Tariff.

“Day-Ahead Schedule” has the meaning set forth in the CAISO Tariff.

“Dedicated Interconnection Capacity” has the meaning set forth in Section 4.12.

“Deemed Delivered Energy” means the amount of Generating Facility Energy expressed in MWh that the Generating Facility would have produced and delivered to the Generating Facility Meter, but that is not produced by the Generating Facility during a Buyer Curtailment Period, which amount shall be calculated using the CAISO VER forecast or an industry-standard methodology agreed to by Buyer and Seller that utilizes meteorological conditions on Site as input for the period of time during such Buyer Curtailment Period, less the amount of Generating Facility Energy delivered to the Storage Facility or the Delivery Point during the Buyer Curtailment Period (or other relevant period); provided, if the applicable difference is negative, the Deemed Delivered Energy shall be zero (0). For all purposes under this Agreement, including compensation under Exhibit C and the Curtailment Cap, Deemed Delivered Energy shall be reduced in any Settlement Interval by the amount of any Charging Energy that was not able to be delivered to the Storage Facility during such Settlement Interval due to the unavailability of the Storage Facility due to a Forced Facility Outage.

“Defaulting Party” has the meaning set forth in Section 11.1(a).

“Deficient Month” has the meaning set forth in Section 4.11(e).

“Delivery Point” has the meaning set forth in Exhibit A.

“Delivery Term” shall mean the period of Contract Years set forth on the Cover Sheet beginning on the Commercial Operation Date, unless terminated earlier in accordance with the terms and conditions of this Agreement.

“Designated Fund” has the meaning set forth in Section 19.10(a).
“Development Cure Period” has the meaning set forth in Exhibit B.

“Development Security” means (a) cash or (b) a Letter of Credit in the amount set forth on the Cover Sheet.

“Discharging Energy” means all Energy delivered to the Delivery Point from the Storage Facility, net of the Electrical Losses, as measured at the Storage Facility Metering Point by the Storage Facility Meter. For the avoidance of doubt, all Discharging Energy will have originally been delivered to the Storage Facility as Charging Energy.

“Discharging Notice” means the operating instruction, and any subsequent updates, given by Buyer’s SC or the CAISO to the Facility, directing the Storage Facility to discharge Discharging Energy at a specific MW rate for a specified period or time or to a specified Stored Energy Level; provided, any such operating instruction or updates shall be in accordance with the Operating Procedures. For the avoidance of doubt, any Discharging Notice shall not constitute a Buyer Bid Curtailment, Buyer Curtailment Order or Curtailment Order.

“Disclosing Party” has the meaning set forth in Section 18.2.

“Early Termination Date” has the meaning set forth in Section 11.2(a).

“Effective Date” has the meaning set forth on the Preamble.

“Efficiency Rate” means the measured round-trip efficiency rate of the Storage Facility, expressed as a percentage, calculated pursuant to a Storage Capacity Test by dividing Energy Out by Energy In and which for a given calendar month shall be prorated as necessary if more than one Efficiency Rate applies during such calendar month.

“Electrical Losses” means, subject to meeting any applicable CAISO requirements, and in accordance with Section 7.1, losses of Energy within the Storage Facility’s energy storage equipment along with all transmission or transformation losses (a) between the Generating Facility Metering Point and the Delivery Point associated with delivery of Generating Facility Energy, (b) between the Storage Facility Metering Point and the Delivery Point associated with delivery of Discharging Energy, and (c) between the Delivery Point and the Storage Facility Metering Point associated with delivery of Charging Energy. If any amounts included within the definitions of “Electrical Losses” and “Station Use” hereunder are duplicative, then for all relevant calculations hereunder it is intended that such amounts not be double counted or otherwise duplicated.

“Eligible Renewable Energy Resource” has the meaning set forth in California Public Utilities Code Section 399.12(c) and California Public Resources Code Section 25741(a), as either code provision is amended or supplemented from time to time.

“Energy” means alternating current electrical energy measured in MWh.

“Energy In” has the meaning set forth in Part II.B of Exhibit O.

“Energy Management Software” has the meaning set forth in Exhibit A.
“Energy Out” has the meaning set forth in Part II.B of Exhibit O.

“Energy Supply Bid” has the meaning set forth in the CAISO Tariff.

“Event of Default” has the meaning set forth in Section 11.1.

“Exceptional Dispatch” has the meaning set forth in the CAISO Tariff.

“Excess MWh” has the meaning set forth in Exhibit C.

“Excused Event” has the meaning set forth in Exhibit P.

“Executed Interconnection Agreement Milestone” means the date for completion of execution of the Interconnection Agreement by Seller or an Affiliate and the PTO as set forth on the Cover Sheet.

“Expected Commercial Operation Date” is the date set forth on the Cover Sheet by which Seller reasonably expects to achieve Commercial Operation.

“Expected Construction Start Date” is the date set forth on the Cover Sheet by which Seller reasonably expects to achieve Construction Start.

“Expected Energy” means the quantity of Generating Facility Energy that Seller expects to be able to deliver to Buyer from the Generating Facility during each Contract Year (assuming no Charging Energy, Discharging Energy, or Energy used for Storage Facility Auxiliary Load during such Contract Year or time period) as set forth on the Cover Sheet (subject to modification pursuant to Section 5.b of Exhibit B).

“Facility” means the combined Generating Facility and the Storage Facility.

“Facility Energy” means the sum of Generating Facility Energy and Discharging Energy during any Settlement Interval or Settlement Period.

“FERC” means the Federal Energy Regulatory Commission or any successor government agency.

“Force Majeure Event” has the meaning set forth in Section 10.1.

“Forced Facility Outage” means an unexpected failure of one or more components of the Facility that prevents Seller from generating Energy or making Facility Energy available at the Delivery Point and that is not the result of a Force Majeure Event.

“Forecasting Penalty” means for each hour in which Seller does not provide the forecast required in Section 4.3(d) and Buyer incurs a loss or penalty resulting from its scheduling activities in such hour with respect to Facility Energy, the product of (A) the absolute difference (if any) between (i) the expected Energy for such hour (which, for the avoidance of doubt, assumes no Charging Energy or Discharging Energy in such hour) set forth in the Monthly Delivery Forecast,
and (ii) the actual Energy produced by the Generating Facility (absent any Charging Energy and Discharging Energy), multiplied by (B) the absolute value of the Real-Time Price in such hour.

“Forward Certificate Transfers” has the meaning set forth in Section 4.11(a).

“Full Capacity Deliverability Status” has the meaning set forth in the CAISO Tariff.

“Full Capacity Deliverability Status Finding” means a written confirmation from the CAISO that the Facility is eligible for Full Capacity Deliverability Status.

“Full Cycle Equivalent” means either (a) a Cycle or (b) the sum of more than one Partial Cycles that equal the Discharging Energy in one Cycle.

“Future Environmental Attributes” shall mean any and all generation attributes other than Green Attributes or Renewable Energy Incentives under the RPS regulations or under any and all other international, federal, regional, state or other law, rule, regulation, bylaw, treaty or other intergovernmental compact, decision, administrative decision, program (including any voluntary compliance or membership program), competitive market or business method (including all credits, certificates, benefits, and emission measurements, reductions, offsets and allowances related thereto) that are attributable, now, or in the future, to the generation of electrical energy by the Facility. Future Environmental Attributes do not include investment tax credits or production tax credits associated with the construction or operation of the Facility, or other financial incentives in the form of credits, reductions, or allowances associated with the Facility that are applicable to a state or federal income taxation obligation.

“Gains” means, with respect to the Non-Defaulting Party, an amount equal to the present value of the economic benefit to it, if any (exclusive of Costs), resulting from the termination of this Agreement for the remaining Contract Term, determined in a commercially reasonable manner, which economic benefit (if any) shall be deemed the gain (if any) to such Non-Defaulting Party represented by, (a) if Buyer is the Non-Defaulting Party, the positive difference between the present value of the payments required to be made during the remaining Contract Term of this Agreement and the present value of the payments that would be required to be made under any transaction(s) replacing this Agreement and (b) if Seller is the Non-Defaulting Party, the positive difference between the present value of the payments that would be required to be made under any transaction(s) replacing this Agreement and the present value of the payments required to be made during the remaining Contract Term of this Agreement. Factors used in determining the economic benefit to a Party may include reference to information supplied by one or more third parties, which shall exclude Affiliates of the Non-Defaulting Party, including quotations (either firm or indicative) of relevant rates, prices, yields, yield curves, volatilities, spreads or other relevant market data in the relevant markets, comparable transactions, forward price curves based on economic analysis of the relevant markets, settlement prices for comparable transactions at liquid trading hubs (e.g., NP-15), all of which should be calculated for the remaining Contract Term, and include the value of Green Attributes and Capacity Attributes.

“Generating Facility” means the renewable energy electricity generating facility described on the Cover Sheet and in Exhibit A, located at the Site and including mechanical equipment and associated facilities and equipment required to deliver Generating Facility Energy
to the Delivery Point; *provided*, the “Generating Facility” does not include the Storage Facility or the Shared Facilities.

“**Generating Facility Energy**” means all Energy that is delivered from the Generating Facility as measured at the Generating Facility Metering Point by the Generating Facility Meter, as such meter readings are adjusted by the CAISO for any applicable Electrical Losses or Station Use (if any).

“**Generating Facility Meter**” means the CAISO-approved revenue quality meter or meters (with a 0.3 accuracy class), along with a compatible data processing gateway or remote intelligence gateway, telemetering equipment and data acquisition services sufficient for monitoring, recording and reporting, in real time, the amount of Generating Facility Energy delivered to the Generating Facility Metering Point for the purpose of invoicing in accordance with Section 8.1. For clarity, the Generating Facility may contain multiple measurement devices that will make up the Generating Facility Meter, and, unless otherwise indicated, references to the Generating Facility Meter shall mean all such measurement devices and the aggregated data of all such measurement devices, taken together.

“**Generating Facility Metering Point**” means the location or locations of the Generating Facility Meter shown on Exhibit R.

“**Governmental Authority**” means any federal, state, provincial, local or municipal government, any political subdivision thereof or any other governmental, congressional or parliamentary, regulatory, or judicial instrumentality, authority, body, agency, department, bureau, or entity with authority to bind a Party at law, including CAISO and the CPUC; *provided, however*, that “Governmental Authority” shall not in any event include any Party.

“**Green Attributes**” means any and all credits, benefits, emissions reductions, offsets, and allowances, howsoever entitled, attributable to the generation from the Facility and its displacement of conventional energy generation. Green Attributes include but are not limited to Renewable Energy Credits, as well as: (1) any avoided emissions of pollutants to the air, soil or water such as sulfur oxides (SOx), nitrogen oxides (NOx), carbon monoxide (CO) and other pollutants; (2) any avoided emissions of carbon dioxide (CO2), methane (CH4), nitrous oxide, hydrofluorocarbons, perfluorocarbons, sulfur hexafluoride and other greenhouse gases (GHGs) that have been determined by the United Nations Intergovernmental Panel on Climate Change, or otherwise by law, to contribute to the actual or potential threat of altering the Earth’s climate by trapping heat in the atmosphere; and (3) the reporting rights to such avoided emissions, such as Green Tag Reporting Rights. Green Tags are accumulated on a MWh basis and one Green Tag represents the Green Attributes associated with one (1) MWh of Facility Energy. Green Attributes do not include (i) any energy, capacity, reliability or other power attributes from the Facility, (ii) production Tax Credits associated with the construction or operation of the Facility and other financial incentives in the form of credits, reductions, or allowances associated with the Facility that are applicable to a state or federal income taxation obligation, (iii) fuel-related subsidies or “tipping fees” that may be paid to Seller to accept certain fuels, or local subsidies received by the generator for the destruction of particular preexisting pollutants or the promotion of local environmental benefits, or (iv) emission reduction credits encumbered or used by the Facility for compliance with local, state, or federal operating or air quality permits.
“Green Tag Reporting Rights” means the right of a purchaser of renewable energy to report ownership of accumulated “green tags” in compliance with and to the extent permitted by applicable Law and include, without limitation, rights under Section 1605(b) of the Energy Policy Act of 1992, and any present or future federal, state or local certification program or emissions trading program, including pursuant to the WREGIS Operating Rules.

“Guaranteed Capacity” means the amount of generating capacity of the Generating Facility, as measured in MW at the Delivery Point, set forth on the Cover Sheet, as the same may be adjusted from time to time pursuant to Section 5(a) of Exhibit B.

“Guaranteed Commercial Operation Date” means the Expected Commercial Operation Date, as such date may be extended by the Development Cure Period.

“Guaranteed Construction Start Date” means the Expected Construction Start Date, as such date may be extended by the Development Cure Period.

“Guaranteed Efficiency Rate” means the guaranteed Efficiency Rate of the Storage Facility throughout the Delivery Term, as set forth on the Cover Sheet.

“Guaranteed Energy Production” means an amount of Energy, as measured in MWh, equal to the total aggregate Expected Energy for the applicable Performance Measurement Period multiplied by

“Guaranteed RA Amount” means the amount of Resource Adequacy Benefits (in MW) of the Facility as set forth on the Cover Sheet.

“Guaranteed Storage Availability” has the meaning set forth in Section 4.8(a).

“Guarantor” means, with respect to Seller, any Person that is acceptable to Buyer in its absolute and sole discretion and that meets the following requirements: (a) Buyer does not already have any material credit exposure to under any other agreements, guarantees, or other arrangements at the time its Guaranty is issued, (b) is an Affiliate of Seller, or other third party reasonably acceptable to Buyer, (c) has a Credit Rating of BBB- or better from S&P or a Credit Rating of Baa3 or better from Moody’s or has a tangible net worth of at least $510 million, (d) is incorporated or organized in a jurisdiction of the United States and is in good standing in such jurisdiction, and (e) executes and delivers a Guaranty for the benefit of Buyer.

“Guaranty” means a guaranty from a Guarantor provided for the benefit of Buyer substantially in the form attached as Exhibit L.

“Imbalance Energy” means the amount of Energy in MWh, in any given Settlement Period or Settlement Interval, by which the amount of PV Energy, Charging Energy or Discharging Energy deviates from the amount of Scheduled Energy.

“Indemnifiable Loss(es)” has the meaning set forth in Section 16.1(a).

“Indemnified Party” has the meaning set forth in Section 16.1(a).
“**Indemnifying Party**” has the meaning set forth in Section 16.1(a).

“**Initial Synchronization**” means the initial delivery of Facility Energy to the Delivery Point.

“**Installed Battery Capacity**” means the lesser of (a) PMAX, and (b) maximum dependable operating capability of the Storage Facility to discharge Energy for [insert hours of continuous discharge], as measured in MW AC at the Storage Facility Meter and adjusted for Electrical Losses to the Delivery Point, that achieves Commercial Operation (up to but not in excess of the Storage Contract Capacity), adjusted for ambient conditions on the date of the performance test, and as evidenced by a certificate substantially in the form attached as Exhibit I hereto.

“**Installed Capacity**” means the sum of (x) the Installed Generating Capacity and (y) the Installed Battery Capacity.

“**Installed Generating Capacity**” means the actual generating capacity of the Generating Facility, as measured in MW(ac) at the Delivery Point, that achieves Commercial Operation (up to but not in excess of the Guaranteed Capacity), adjusted for ambient conditions on the date of the performance test, and as evidenced by a certificate substantially in the form attached as Exhibit I hereto.

“**Interconnection Agreement**” means the Generator Interconnection Agreement, dated as of [insert date].

“**Interconnection Facilities**” means the interconnection facilities, control and protective devices and metering facilities required to connect the Facility with the Transmission System in accordance with the Interconnection Agreement.

“**Interest Rate**” has the meaning set forth in Section 8.2.

“**Interim Deliverability Status**” has the meaning set forth in the CAISO Tariff.

“**Inter-SC Trade**” or “**IST**” has the meaning set forth in the CAISO Tariff.

“**Investment Grade Credit Rating**” means a Credit Rating of BBB- or higher by S&P or Baa3 or higher by Moody’s.

“**ITC**” means the investment tax credit established pursuant to Section 48 of the United States Internal Revenue Code of 1986.

“**Law**” means any applicable law, statute, rule, regulation, decision, writ, order, decree or judgment, permit or any interpretation thereof, promulgated or issued by a Governmental Authority.

“**Lender**” means, collectively, any Person (a) providing credit support, senior or subordinated construction, interim, back leverage or long-term debt, working capital, equity (including tax equity) or tax equity financing or refinancing for or in connection with the
development, construction, purchase, installation, operation, maintenance, repair, replacement or improvement of the Facility, whether that financing or refinancing takes the form of private debt (including back-leverage debt), equity (including tax equity), public debt or any other form (including financing or refinancing provided to a member or other direct or indirect owner of Seller), including any equity or tax equity investor directly or indirectly providing financing or refinancing for the Facility or purchasing equity ownership interests of Seller or its Affiliates, and any trustee or agent or similar representative acting on their behalf, (b) providing Interest Rate or commodity protection under an agreement hedging or otherwise mitigating the cost of any of the foregoing obligations or (c) participating in a lease financing (including a sale leaseback or leveraged leasing structure) with respect to the Facility.

“Letter(s) of Credit” means one or more irrevocable, standby letters of credit issued by a U.S. commercial bank or a foreign bank with a U.S. branch with such bank having a Credit Rating of at least A- with an outlook designation of “stable” from S&P or A3 with an outlook designation of “stable” from Moody’s, in a form substantially similar to the letter of credit set forth in Exhibit K or such other form reasonably acceptable to Buyer.

“Licensed Professional Engineer” means an independent, professional engineer selected by Seller and reasonably acceptable to Buyer, licensed in the State of California.

“Local Capacity Area Resource” has the meaning set forth in the CAISO Tariff.

“Local RAR” means the local resource adequacy requirements established for load serving entities by the CPUC pursuant to the Resource Adequacy Rulings, the CAISO pursuant to the CAISO Tariff, or by any other Governmental Authority having jurisdiction.

“Locational Marginal Price” or “LMP” has the meaning set forth in the CAISO Tariff.

“Losses” means, with respect to the Non-Defaulting Party, an amount equal to the present value of the economic loss to it, if any (exclusive of Costs), resulting from termination of this Agreement for the remaining Contract Term, determined in a commercially reasonable manner, which economic loss (if any) shall be deemed to be the loss (if any) to such Party represented by the difference between the present value of the payments required to be made during the remaining Contract Term of this Agreement and the present value of the payments that would be required to be made under transaction(s) replacing this Agreement. Factors used in determining economic loss to a Party may include reference to information supplied by one or more third parties, which shall exclude Affiliates of the Non-Defaulting Party, including quotations (either firm or indicative) of relevant rates, prices, yields, yield curves, volatilities, spreads or other relevant market data in the relevant markets, comparable transactions, forward price curves based on economic analysis of the relevant markets, settlement prices for comparable transactions at liquid trading hubs (e.g., NP-15), all of which should be calculated for the remaining Contract Term and must include the value of Green Attributes, Capacity Attributes, and Renewable Energy Incentives. In circumstances where Seller is a Non-Defaulting Party, the value of lost PTCs (if any) shall be included as “Losses” and such value shall be considered direct compensable damages, and not indirect or consequential damages.
“Lost Output” means the amount of Generating Facility Energy that Seller could reasonably have delivered to Buyer but was prevented from delivering to Buyer by reason of any Force Majeure Events or Curtailment Period.

“Major Subcontractors” means any first-tier subcontractor of Seller with which Seller has an agreement having an aggregate value in excess of Ten Million Dollars ($10,000,000) for performance of any part of the work at the Site.

“Maximum Charging Capacity” has the meaning set forth in Exhibit A.

“Maximum Discharging Capacity” has the meaning set forth in Exhibit A.

“Maximum Stored Energy Level” has the meaning set forth in Exhibit O.

“Meter Service Agreement” has the meaning set forth in the CAISO Tariff.

“Microgrid” means a section of the distribution system that can be electrically separated and isolated from the CAISO Grid.

“Milestones” means the development activities for significant permitting, interconnection, financing and construction milestones set forth on the Cover Sheet.

“Minimum Efficiency Rate” means the percentage specified on the Cover Sheet.

“Monthly Delivery Forecast” has the meaning set forth in Section 4.3(b).

“Monthly Storage Availability” has the meaning set forth in Exhibit P.

“Moody’s” means Moody’s Investors Service, Inc.

“MW” means megawatts in alternating current, unless expressly stated in terms of direct current.

“MWh” means megawatt-hour measured in alternating current, unless expressly stated in terms of direct current.

“Negative LMP” means, in any Settlement Period or Settlement Interval, the Real-Time Market LMP at the Facility’s PNode is less than Zero Dollars ($0).

“Negative LMP Costs” has the meaning set forth in Exhibit C.

“NERC” means the North American Electric Reliability Corporation or any successor entity performing similar functions.

“Net Qualifying Capacity” has the meaning set forth in the CAISO Tariff.

“Network Upgrades” has the meaning set forth in the CAISO Tariff.

“Non-Defaulting Party” has the meaning set forth in Section 11.2.
“Notice” shall, unless otherwise specified in the Agreement, mean written communications by a Party to be delivered by email.

“Notice of Claim” has the meaning set forth in Section 16.2(a).

“Notification Deadline” means fifteen (15) Business Days before the Compliance Showing deadline.

“NP-15” means the Existing Zone Generation Trading Hub for Existing Zone region NP15 as set forth in the CAISO Tariff.

“Operating Procedures” or “Operating Restrictions” means those rules, requirements, and procedures set forth on Exhibit Q.

“Pacific Prevailing Time” means the prevailing standard time or daylight savings time, as applicable, in the Pacific time zone.

“Partial Cycle” means a quantity of Discharging Energy (in MWh) that is less than one hundred percent (100%) of the Storage Contract Output.

“Participating Generator Agreement” has the meaning set forth in the CAISO Tariff.

“Participating Transmission Owner” or “PTO” means an entity that owns, operates and maintains transmission or distribution lines and associated facilities or has entitlements to use certain transmission or distribution lines and associated facilities where the Facility is interconnected. For purposes of this Agreement, the Participating Transmission Owner is set forth in Exhibit A.

“Party” or “Parties” has the meaning set forth in the Preamble.

“Performance Measurement Period” means each period consisting of two (2) consecutive rolling Contract Years.

“Performance Security” means (a) cash or (b) a Letter of Credit or (c) a Guaranty in the amount set forth on the Cover Sheet.

“Permitted Transferee” means (i) any Affiliate of Seller or (ii) any entity that has, or is controlled by another Person that satisfies the following requirements:

(a) A tangible net worth of not less than [REDACTED] or a Credit Rating of at least BBB+ from S&P, BBB+ from Fitch, or Baa1 from Moody’s; and

(b) Either (i) has at least five (5) years of experience in the ownership and operations of power generation facilities, (ii) has at least two (2) years of experience in the ownership and operations of storage facilities similar to the Storage Facility, or renewable energy generating facilities and dedicated battery energy storage facilities similar to the Facility, or (iii) has retained a third-party with such experience to operate the Facility.
“Person” means any individual, sole proprietorship, corporation, limited liability company, limited or general partnership, joint venture, association, joint-stock company, trust, incorporated organization, institution, public benefit corporation, unincorporated organization, government entity or other entity.

“Planned Outage” has the meaning set forth in Section 4.6(a).

“PNode” has the meaning set forth in the CAISO Tariff.

“Portfolio Content Category 1” or “PCCI” means any Renewable Energy Credit associated with the generation of electricity from an Eligible Renewable Energy Resource consisting of the portfolio content set forth in California Public Utilities Code Section 399.16(b)(1) and other applicable statutes, regulations, and regulatory orders, as may be amended from time to time or as further defined or supplemented by Law.

“Product” has the meaning set forth on the Cover Sheet.

“Production Tax Credits” or “PTCs” means production tax credit under Section 45 of the Internal Revenue Code as in effect from time-to-time throughout the Delivery Term or any successor or other provision providing for a federal tax credit determined by reference to renewable electric energy produced from wind or other renewable energy resources for which Seller, as the owner of the Generating Facility, is eligible.

“Progress Report” means a progress report including the items set forth in Exhibit E.

“Prohibited Restriction” has the meaning set forth in Section 4.5(b).

“Prudent Operating Practice” means (a) the applicable practices, methods and acts required by or consistent with applicable Laws and reliability criteria, and otherwise engaged in or approved by a significant portion of the electric utility industry during the relevant time period with respect to grid-interconnected, utility-scale generating facilities with integrated energy storage in the Western United States, or (b) any of the practices, methods and acts which, in the exercise of reasonable judgment in light of the facts known at the time the decision was made, could have been expected to accomplish the desired result at a reasonable cost consistent with good business practices, reliability, safety and expedition. Prudent Operating Practice is not intended to be limited to the optimum practice, method or act to the exclusion of all others, but rather to acceptable practices, methods or acts generally accepted in the industry with respect to grid-interconnected, utility-scale generating facilities with integrated energy storage in the Western United States. Prudent Operating Practice includes compliance with applicable Laws, applicable reliability criteria, and the criteria, rules and standards promulgated in the National Electric Safety Code and the National Electrical Code, as they may be amended or superseded from time to time, including the criteria, rules and standards of any successor organizations.

“PTC Amount” means the amount, on a dollar per MWh basis, equal to the Production Tax Credits that Seller would have earned in respect of energy from the Facility at the time, grossed up on an after tax basis at the then-highest marginal combined federal and state corporate tax rate, but failed to earn as a result of Buyer Curtailment Period, which amount will be calculated by reference to the amount of Deemed Delivered Energy.
“Qualified Energy” has the meaning set forth in Part III.C of Exhibit O.

“Qualified Power Capacity” has the meaning set forth in Part III.B of Exhibit O.

“Qualifying Capacity” has the meaning set forth in the CAISO Tariff.

“RA Deficiency Amount” means the liquidated damages payment that Seller shall pay to Buyer for an applicable RA Shortfall Month as calculated in accordance with Section 3.8(b).

“RA Guarantee Date” means the date that is sixty (60) days after Commercial Operation Date.

“RA Shortfall Amount” means, for purposes of calculating an RA Deficiency Amount under Section 3.8(b), the extent, expressed in kW, to which during any Showing Month commencing with the Showing Month that includes the RA Guarantee Date, the Net Qualifying Capacity of the Facility for such month able to be shown on Buyer’s monthly or annual Resource Adequacy Plan to the CAISO and CPUC and counted as Resource Adequacy Capacity was less than the Guaranteed RA Amount of the Facility for such Showing Month.

“RA Shortfall Month” means, for purposes of calculating an RA Deficiency Amount under Section 3.8(b), any month commencing with the Showing Month that includes the RA Guarantee Date during which there is an RA Shortfall Amount.

“Real-Time Forecast” means any Notice of any change to the Available Generating Capacity, Storage Capacity, or hourly expected Energy delivered by or on behalf of Seller pursuant to Section 4.3(d).

“Real-Time Market” has the meaning set forth in the CAISO Tariff.

“Real-Time Price” means the Resource-Specific Settlement Interval LMP as defined in the CAISO Tariff. If there is more than one applicable Real-Time Price for the same period of time, Real-Time Price shall mean the price associated with the smallest time interval.

“Receiving Party” has the meaning set forth in Section 18.2.

“Reliability Network Upgrades” has the meaning set forth in the CAISO Tariff.

“Remedial Action Plan” has the meaning in Section 2.4.

“Renewable Energy Credit” has the meaning set forth in California Public Utilities Code Section 399.12(h), as may be amended from time to time or as further defined or supplemented by Law.

“Renewable Energy Incentives” means: (a) all federal, state, or local Tax credits or other Tax benefits associated with the construction, ownership, or production of electricity from the Facility (including credits under Sections 38, 45, 46 and 48 of the Internal Revenue Code of 1986, as amended); (b) any federal, state, or local grants, subsidies or other like benefits relating in any
way to the Facility; and (c) any other form of incentive relating in any way to the Facility that is not a Green Attribute or a Future Environmental Attribute.

"Renewable Rate" has the meaning set forth on the Cover Sheet, as it may be increased pursuant to Section 4.4(e) in connection with a Curtailment Cap Increase Election; provided, however, that for all Generating Facility Energy and Deemed Delivered Energy generated or deemed generated during the period on and after the Commercial Operation Date until the RA Guarantee Date, the Renewable Rate shall be equal to ........................................ provided further that if during such period the Facility has received a Full Capacity Deliverability Status Finding and the Net Qualifying Capacity of the Facility is able to be shown on the Buyer’s monthly Resource Adequacy Plan to the CAISO and CPUC and counted as Resource Adequacy Capacity, for any day occurring during a Showing Month during which the Net Qualifying Capacity of the Facility was able to be shown on Buyer’s monthly or annual Resource Adequacy Plan to the CAISO and CPUC and counted as Resource Adequacy Capacity, the full Renewable Rate set forth on the Cover Sheet shall apply.

"Replacement Green Attributes" means Renewable Energy Credits that are Portfolio Content Category 1 and were generated by a California RPS-eligible generating resource that does not produce emissions.

"Replacement RA" means Resource Adequacy Benefits, if any, equivalent to those that would have been provided by the Facility with respect to the applicable Showing Month in which a RA Deficiency Amount is due to Buyer, and, to the extent that Facility was eligible for Local RAR, located within NP 15 or Greater Bay Area Local Capacity Area Resource.

"Required TPD Allocation" means an allocation of TP Deliverability from the CAISO that is sufficient for the Facility to obtain Full Capacity Deliverability Status for at least the Guaranteed RA Amount.

"Resource Adequacy Benefits" means the rights and privileges attached to the Facility that satisfy any entity’s resource adequacy obligations, as those obligations are set forth in any Resource Adequacy Rulings and includes any local, zonal or otherwise locational attributes associated with the Facility, in addition to flex attributes.

"Resource Adequacy Capacity" has the meaning set forth in the CAISO Tariff.

"Resource Adequacy Plan" has the meaning set forth in the CAISO Tariff.

"Resource Adequacy Requirements" or "RAR" means the resource adequacy requirements established for Buyer pursuant to the Resource Adequacy Rulings, the CAISO pursuant to the CAISO Tariff, or by any other Governmental Authority having jurisdiction.

from time to time by the CPUC, and any other existing or subsequent ruling or decision, or any other resource adequacy Law, however described, as such decisions, rulings, Laws, rules or regulations may be amended or modified from time-to-time throughout the Delivery Term.

“Resource ID” has the meaning set forth in the CAISO Tariff.

“Round-Trip Efficiency Factor” means if during any month during the Delivery Term (a) the Efficiency Rate applicable to such month is greater than or equal to the Minimum Efficiency Rate, or (b) the Efficiency Rate applicable to such month is less than the Minimum Efficiency Rate, provided, that the Efficiency Rate applicable to any given month shall not be deemed to be less than the Minimum Efficiency Rate if Seller is using commercially reasonable efforts to cure such failure and less than days have elapsed since the occurrence of such failure.

“S&P” means the Standard & Poor’s Financial Services, LLC (a subsidiary of The McGraw-Hill Companies, Inc.).

“SCADA” means the standard supervisory control and data acquisition systems to be installed by Seller as part of the Facility, including those system components that enable Seller to receive ADS and AGC instructions from the CAISO or similar instructions from Buyer’s SC.

“San José Clean Energy” is the City of San José’s community choice aggregation program. The San José Community Energy Department administers and manages San José Clean Energy.

“Schedule” has the meaning set forth in the CAISO Tariff, and “Scheduled” and “Scheduling” have a corollary meaning.

“Scheduled Energy” means the Generating Facility Energy, Charging Energy or Discharging Energy that clears under the applicable CAISO market based on the final Day-Ahead Schedule, FMM Schedule (as defined in the CAISO Tariff), or any other financially binding Schedule, market instruction or dispatch for the Facility for a given period of time implemented in accordance with the CAISO Tariff.

“Scheduling Coordinator” or “SC” means an entity certified by the CAISO as qualifying as a Scheduling Coordinator pursuant to the CAISO Tariff for the purposes of undertaking the functions specified in “Responsibilities of a Scheduling Coordinator,” of the CAISO Tariff, as amended from time to time.

“Security Interest” has the meaning set forth in Section 8.9.

“Self-Schedule” has the meaning set forth in the CAISO Tariff.

“Seller” has the meaning set forth on the Cover Sheet.

“Seller’s WREGIS Account” has the meaning set forth in Section 4.11(a).
“**Settlement Amount**” means the Non-Defaulting Party’s Costs and Losses, on the one hand, netted against its Gains, on the other. If the Non-Defaulting Party’s Costs and Losses exceed its Gains, then the Settlement Amount shall be an amount owing to the Non-Defaulting Party. If the Non-Defaulting Party’s Gains exceed its Costs and Losses, then the Settlement Amount shall be Zero Dollars ($0). The Settlement Amount does not include consequential, incidental, punitive, exemplary, or indirect or business interruption damages.

“**Settlement Interval**” has the meaning set forth in the CAISO Tariff.

“**Settlement Period**” has the meaning set forth in the CAISO Tariff.

“**Settlement Point**” has the meaning set forth in Exhibit A.

“**Shared Facilities**” means the gen-tie lines, transformers, substations, or other equipment, permits, contract rights, and other assets and property (real or personal), in each case, as necessary to enable delivery of Energy from the Facility (which is excluded from Shared Facilities) to the point of interconnection, including the Interconnection Agreement itself, that are used in common with third parties.

“**Showing Month**” means the calendar month of the Delivery Term that is the subject of the Compliance Showing, as set forth in the Resource Adequacy Rulings and outlined in the CAISO Tariff. For illustrative purposes only, pursuant to the CAISO Tariff and Resource Adequacy Rulings in effect as of the Effective Date, the monthly Compliance Showing made in June is for the Showing Month of August.

“**Site**” means the real property on which the Facility (or, prior to the Delivery Term, excluding easements or other real property interests required solely for interconnection or utility service) is or will be located, as further described in Exhibit A, and as shall be updated by Seller at the time Seller provides an executed Construction Start Date certificate in the form of Exhibit J to Buyer; provided, any such update to the Site that includes real property that was not originally contained within the Site boundaries described in Exhibit A shall be subject to Buyer’s approval of such updates in its sole discretion; provided, further, that prior to the Delivery Term, Seller shall have the right to update Exhibit A to add easements or other real property interests required solely for interconnection or utility service.

“**Site Control**” means that, for the Contract Term, Seller (or, prior to the Delivery Term, its Affiliate): (a) owns or has the option to purchase the Site; (b) is the lessee or has the option to lease the Site; or (c) is the holder of an easement or an option for an easement, right-of-way grant, or similar instrument with respect to the Site.

“**Station Use**” means any and all Energy that is used within the Facility to power electrical loads that are necessary for operation of the Facility, including information technology, telecommunications, lights, motors, cooling and other thermal management equipment, control systems including battery management systems, and inverters.

“**Storage Capacity**” means (a) the maximum dependable operating capability of the Storage Facility to discharge Energy that can be sustained for five (5) consecutive hours and (b) any other products that may be developed or evolve from time to time during the Contract Term
that the Storage Facility is able to provide as the Facility is configured on the Commercial Operation Date and that relate to the maximum dependable operating capability of the Storage Facility to discharge Energy.

**“Storage Capacity Test” or “SCT”** means any test or retest of the capacity of the Storage Facility and/or Efficiency Rate conducted in accordance with the testing procedures, requirements and protocols set forth in Section 4.9 and Exhibit O.

**“Storage Contract Capacity”** means the total capacity (in MW) of the Storage Facility initially equal to the amount set forth on the Cover Sheet, as the same may be adjusted from time to time pursuant to Section 5(b) of Exhibit B or Section 4.9(c) and Exhibit O to reflect the results of the most recently performed Storage Capacity Test.

**“Storage Contract Output”** means the product of the Storage Contract Capacity multiplied by five (5) hours, represented in MWh, initially equal to the amount set forth on the Cover Sheet.

**“Storage Facility”** means the energy storage facility described on the Cover Sheet and in Exhibit A (including the operational requirements of the energy storage facility), located at the Site and including the Energy Management Software and mechanical equipment and associated facilities and equipment required to deliver Storage Product (but excluding any Shared Facilities), and as such storage facility may be expanded or otherwise modified from time to time in accordance with the terms of this Agreement.

**“Storage Facility Meter”** means the CAISO-approved bi-directional revenue quality meter or meters (with a 0.3 accuracy class), along with a compatible data processing gateway or remote intelligence gateway, telemetering equipment and data acquisition services sufficient for monitoring, recording and reporting, in real time, the amount of Charging Energy delivered to the Storage Facility Metering Point and the amount of Discharging Energy discharged from the Storage Facility at the Storage Facility Metering Points to the Delivery Point for the purpose of invoicing in accordance with Section 8.1. For clarity, the Facility will contain multiple measurement devices that will make up the Storage Facility Meter, and, unless otherwise indicated, references to the Storage Facility Meter shall mean all such measurement devices and the aggregated data of all such measurement devices, taken together.

**“Storage Facility Metering Point”** means the location or locations of the Storage Facility Meter shown on Exhibit R.

**“Storage Product”** means (a) Discharging Energy, (b) Capacity Attributes, if any, (c) Storage Capacity, and (d) Ancillary Services (as defined in the CAISO Tariff), if any, in each case arising from or relating to the Storage Facility.

**“Storage Rate”** has the meaning set forth on the Cover Sheet.

**“Stored Energy Level”** means, at a particular time, the amount of Energy in the Storage Facility available to be discharged to the Delivery Point as Discharging Energy, expressed in MWh.
“Supplementary Storage Capacity Test Protocol” has the meaning set forth in Part II.1 of Exhibit O.

“System Emergency” means any condition that requires, as determined and declared by CAISO or the PTO, automatic or immediate action to (i) prevent or limit harm to or loss of life or property, (ii) prevent loss of transmission facilities or generation supply in the immediate vicinity of the Facility, or (iii) to preserve Transmission System reliability.

“Tax” or “Taxes” means all U.S. federal, state and local and any foreign taxes, levies, assessments, surcharges, duties and other fees and charges of any nature imposed by a Governmental Authority, whether currently in effect or adopted during the Contract Term, including ad valorem, excise, franchise, gross receipts, import/export, license, property, sales and use, stamp, transfer, payroll, unemployment, income, and any and all items of withholding, deficiency, penalty, additions, interest or assessment related thereto.

“Tax Credits” means the PTC, ITC and any other state, local and/or federal production tax credit, depreciation benefit, tax deduction and/or investment tax credit specific to the production of renewable energy and/or investments in renewable energy facilities or battery storage facilities.

“Terminated Transaction” has the meaning set forth in Section 11.2(a).

“Termination Payment” has the meaning set forth in Section 11.3.

“Test Energy” means Facility Energy delivered (a) commencing on the later of (i) the first date that the CAISO informs Seller in writing that Seller may deliver Facility Energy to the CAISO and (ii) the first date that the PTO informs Seller in writing that Seller has conditional or temporary permission to parallel and (b) ending upon the occurrence of the Commercial Operation Date.

“Test Energy Rate” has the meaning set forth in Section 3.6.

“TP Deliverability” has the meaning set forth in the CAISO Tariff.

“Transmission Provider” means any entity or entities transmitting or transporting the Facility Energy on behalf of Seller or Buyer to or from the Delivery Point.

“Transmission System” means the transmission facilities operated by the CAISO, now or hereafter in existence, which provide energy transmission service downstream from the Delivery Point.

“Ultimate Parent” means both of Ameresco, Inc. and Bright Canyon Energy Corporation.

“Variable Energy Resource” or “VER” has the meaning set forth in the CAISO Tariff.

“WREGIS” means the Western Renewable Energy Generation Information System or any successor renewable energy tracking program.

“WREGIS Certificate Deficit” has the meaning set forth in Section 4.11(e).
“WREGIS Certificates” has the same meaning as “Certificate” as defined by WREGIS in the WREGIS Operating Rules and are designated as eligible for complying with the California Renewables Portfolio Standard.

“WREGIS Operating Rules” means those operating rules and requirements adopted by WREGIS as of October, 2022, as subsequently amended, supplemented or replaced (in whole or in part) from time to time.

1.2 Rules of Interpretation. In this Agreement, except as expressly stated otherwise or unless the context otherwise requires:

(a) headings and the rendering of text in bold and italics are for convenience and reference purposes only and do not affect the meaning or interpretation of this Agreement;

(b) words importing the singular include the plural and vice versa and the masculine, feminine and neuter genders include all genders;

(c) the words “hereof”, “herein”, and “hereunder” and words of similar import shall refer to this Agreement as a whole and not to any particular provision of this Agreement;

(d) a reference to an Article, Section, paragraph, clause, Party, or Exhibit is a reference to that Article, Section, paragraph, clause of, or that Party or Exhibit to, this Agreement unless otherwise specified;

(e) a reference to a document or agreement, including this Agreement means such document, agreement or this Agreement including any amendment or supplement to, or replacement, novation or modification of this Agreement, but disregarding any amendment, supplement, replacement, novation or modification made in breach of such document, agreement or this Agreement;

(f) a reference to a Person includes that Person’s successors and permitted assigns;

(g) the terms “include” and “including” or similar words shall be deemed to be followed by the words “including without limitation” and any list of examples following such term shall in no way restrict or limit the generality of the word or provision in respect of which such examples are provided;

(h) references to any statute, code or statutory provision are to be construed as a reference to the same as it may have been, or may from time to time be, amended, modified or reenacted, and include references to all bylaws, instruments, orders and regulations for the time being made thereunder or deriving validity therefrom unless the context otherwise requires;

(i) in the event of a conflict, a mathematical formula or other precise description of a concept or a term shall prevail over words providing a more general description of a concept or a term;
(j) references to any amount of money shall mean a reference to the amount in United States Dollars;

(k) words, phrases or expressions not otherwise defined herein that (i) have a generally accepted meaning in Prudent Operating Practice shall have such meaning in this Agreement or (ii) do not have well known and generally accepted meaning in Prudent Operating Practice but that have well known and generally accepted technical or trade meanings, shall have such recognized meanings;

(l) “or” is not necessarily exclusive;

(m) References to “[STC #]” throughout this Agreement have no legal effect and are solely intended to be for use by Buyer and Governmental Authorities in reviewing this Agreement; and

(n) each Party acknowledges that it was represented by counsel in connection with this Agreement and that it or its counsel reviewed this Agreement and that any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not be employed in the interpretation of this Agreement.

ARTICLE 2
TERM; CONDITIONS PRECEDENT

2.1 **Contract Term.**

(a) The term of this Agreement shall commence on the Effective Date and shall remain in full force and effect until the conclusion of the Delivery Term, subject to any early termination provisions set forth herein (“**Contract Term**”); **provided, however**, that subject to Buyer’s obligations in Section 3.6, Buyer’s obligations to pay for or accept any Product are subject to Seller’s completion of the conditions precedent pursuant to Section 2.2.

(b) Applicable provisions of this Agreement shall continue in effect after termination, including early termination, to the extent necessary to enforce or complete the duties, obligations or responsibilities of the Parties arising prior to termination. The confidentiality obligations of the Parties under Article 18 and all indemnity and audit rights shall remain in full force and effect for two (2) years following the termination of this Agreement.

(c) Buyer acknowledges that, as of the Effective Date, the Facility has not yet been assigned TP Deliverability by the CAISO. Seller will timely request an allocation of TP Deliverability that is greater than or equal to the Required TPD Allocation. Seller shall provide written Notice to Buyer by no later than [Date], stating whether Seller has received at least the Required TPD Allocation for the Facility from the CAISO, and providing documentation from the CAISO supporting such determination. If Seller’s Notice states that Seller has not obtained at least the Required TPD Allocation for the Facility, then either [Date], unless the Parties mutually agree in writing to extend such date. The termination right in this Section 2.1(c) must be exercised no later than [Date] (or by such extended date that is mutually agreed by the Parties in writing), or such termination right shall
expire and may thereafter no longer be exercised by either Party. If either Party terminates the Agreement pursuant to this Section 2.1(c), neither Party shall have any further liability under this Agreement arising after the date of such termination, and upon such termination, Buyer shall promptly return the Development Security to Seller, less any amounts drawn in accordance with this Agreement. If Seller’s Notice states that Seller has not obtained at least the Required TPD Allocation for the Facility but neither Party timely terminates this Agreement pursuant to this Section 2.1(c), then the Storage Rate shall be adjusted for all purposes under this Agreement to an amount equal to

(d) Within [redacted] after the Effective Date, the Parties shall agree upon the capacity testing protocol to be included in this Agreement as Exhibit O (Storage Capacity Tests). The Parties shall exchange written confirmation acknowledging and accepting the updated Exhibit O, and upon receipt of each Party’s written confirmation the updated Exhibit O shall be deemed to be incorporated into this Agreement and this Agreement shall be automatically amended to include the updated Exhibit O.

(e) Buyer recognizes that Seller may not be able to obtain non-recourse project financing for the Facility if prospective Lenders are not satisfied with the credit worthiness of Buyer. By [redacted], Seller shall provide written Notice to Buyer along with an attestation from an officer of Seller stating whether Seller has closed financing required for the construction of the Facility. If Seller’s Notice and supporting attestation claim that Seller has not closed financing required for the construction of the Facility, then Seller shall have the right, but not the obligation, to terminate this Agreement by providing written notice to Buyer; provided, the termination right in this Section 2.1(e) must be exercised no later than [redacted], or such later date as is mutually agreed by the Parties in writing, or such termination right shall expire and thereafter may no longer be exercised by Seller. If Seller terminates the Agreement pursuant to this Section 2.1(e), Seller shall owe Buyer early termination liquidated damages in the amount of one [redacted] which Seller shall pay to Buyer within ten (10) Business Days of receipt of such notice of early termination. Following Buyer’s receipt of such early termination liquidated damages, Buyer shall promptly return the Development Security to Seller, less any amounts drawn in accordance with this Agreement.

2.2 **Conditions Precedent.** The Delivery Term shall not commence until Seller completes each of the following conditions:

(a) Seller has delivered to Buyer (i) a certificate from a Licensed Professional Engineer substantially in the form of Exhibit H and (ii) a certificate from a Licensed Professional Engineer substantially in the form of Exhibit I setting forth the Installed Generating Capacity and the Installed Battery Capacity on the Commercial Operation Date;

(b) A Participating Generator Agreement and a Meter Service Agreement between Seller and CAISO shall have been executed and delivered and be in full force and effect, and a copy of each such agreement delivered to Buyer;

(c) An Interconnection Agreement between Seller and the PTO shall have been executed and delivered and be in full force and effect and a copy of the Interconnection Agreement delivered to Buyer;
(d) Copies of executed agreements (or a copy of the notice or memorandum thereof filed in the public records) demonstrating Site Control shall have been delivered to Buyer;

(e) All applicable regulatory authorizations, approvals and permits for operation of the Facility have been obtained (or if not obtained, applied for and reasonably expected to be received within ninety (90) days) and all conditions thereof that are capable of being satisfied on the Commercial Operation Date have been satisfied and shall be in full force and effect, and Seller has delivered to Buyer an attestation certificate from an officer of Seller certifying to the satisfaction of this condition;

(f) Seller has received CEC Precertification of the Facility (and reasonably expects to receive final CEC Certification and Verification for the Facility in no more than one hundred eighty (180) days from the Commercial Operation Date);

(g) The Storage Facility has received CAISO Certification, and a copy of the same has been provided to Buyer;

(h) Seller (with the reasonable participation of Buyer) shall have completed all applicable WREGIS registration requirements, including the completion and submittal of all applicable registration forms and supporting documentation, which may include applicable interconnection agreements, informational surveys related to the Facility, QRE service agreements, and other appropriate documentation required to effect Facility registration with WREGIS and to enable Renewable Energy Credit transfers related to the Facility within the WREGIS system;

(i) Seller has delivered the Performance Security to Buyer in accordance with Section 8.8; and

(j) Seller has paid Buyer for all amounts owing under this Agreement, if any, including Construction Delay Damages and COD Delay Damages.

2.3 Development; Construction; Progress Reports. Within fifteen (15) days after the close of (a) each calendar quarter from the first calendar quarter following the Effective Date until the Construction Start Date, and (b) each calendar month from the first calendar month following the Construction Start Date until the Commercial Operation Date, Seller shall provide to Buyer a Progress Report and agree to regularly scheduled meetings between representatives of Buyer and Seller to review such reports and discuss Seller’s construction progress. Details regarding the form and content of the Progress Report are set forth in Exhibit E. Seller shall also provide Buyer with any reasonably requested documentation (subject to confidentiality restrictions) directly related to the achievement of Milestones within ten (10) Business Days of receipt of such request by Seller. For the avoidance of doubt, Seller is solely responsible for the design and construction of the Facility, including the location of the Site, obtaining all permits and approvals to build the Facility, the Facility layout, and the selection and procurement of the equipment comprising the Facility.

2.4 Remedial Action Plan. If Seller misses any Milestone, except as the result of Force Majeure Event, Seller shall submit to Buyer, within ten (10) Business Days of such missed Milestone completion date, a remedial action plan ("Remedial Action Plan"), which will describe in detail any delays (actual or anticipated) beyond the scheduled Milestone dates, including the
cause of the delay (e.g., governmental approvals, financing, property acquisition, design activities, equipment procurement, project construction, interconnection, or any other factor), Seller’s detailed description of its proposed course of action to achieve the missed Milestones and all subsequent Milestones by the Guaranteed Commercial Operation Date; provided, delivery of any Remedial Action Plan shall not relieve Seller of its obligation to provide Remedial Action Plans with respect to any subsequent Milestones and to achieve the Guaranteed Commercial Operation Date in accordance with the terms of this Agreement. Subject to the provisions of Exhibit B, so long as Seller complies with its obligations under this Section 2.4, Seller shall not be considered in default of its obligations under this Agreement solely as a result of missing any Milestone; provided, in the event Seller misses any Milestone and cannot reasonably demonstrate a plan to achieve Commercial Operation on or before the Guaranteed Commercial Operation Date, as may be extended or compliance therewith delayed pursuant to Exhibit B, Buyer shall have the right to terminate this Agreement and retain the Development Security as liquidated damages and as its exclusive remedy, and neither Party shall have any further liability under this Agreement arising after the date of termination.

2.5 Purchase Option; Future Phases; Additional Projects.

(a) For a period of [redacted] after the Effective Date, Seller grants Buyer the right of first offer to evaluate and negotiate the purchase of the output of any additional phases of the Facility, as well as any separate renewable energy or energy storage projects that are currently under development by, or will be developed by, Seller or affiliates of Seller, and that will use or share infrastructure, land, equipment, or other facilities as the Facility; provided, if Buyer declines to purchase the output from any such additional project or projects, Seller shall covenant that it will not subsequently offer more favorable monetary terms to another buyer for the same output without providing Buyer with a subsequent right to purchase the output at the more favorable price. For the avoidance of doubt, the right of first offer provided in this Section 2.5(a) shall expire on the [redacted] anniversary of the Effective Date and any attempt to exercise it thereafter shall be null and void and of no force or effect.

(b) Upon written request of Buyer, Seller shall provide a proposal to add new storage capacity or technologies to the Facility, at a price not to exceed Seller’s documented direct cost to add such capacity, plus [redacted]

ARTICLE 3
PURCHASE AND SALE

3.1 Purchase and Sale of Product.

(a) Subject to the terms and conditions of this Agreement, during the Delivery Term, Buyer will purchase all the Product produced by or associated with the Facility at the Contract Price and in accordance with Exhibit C, and Seller shall supply and deliver to Buyer all the Product produced by or associated with the Facility. At its sole discretion, Buyer may during the Delivery Term re-sell or use for another purpose all or a portion of the Product; provided, no such re-sale or use shall relieve Buyer of any obligations hereunder. During the Delivery Term, Buyer will have exclusive rights to offer, bid, or otherwise submit the Product, or any Capacity Attributes thereof, from the Facility after the Delivery Point for resale in the market, and retain
and receive any and all related revenues. Subject to Buyer’s obligation to purchase Capacity Attributes and Storage Product in accordance with this Section 3.1 and Exhibit C, Buyer has no obligation to purchase from Seller any Product for which the associated Facility Energy is not or cannot be delivered to the Delivery Point as a result of an outage of the Facility, a Force Majeure Event, a Curtailment Order, or, if applicable, the curtailment of any transmission required to deliver the Product to the Delivery Point.

(b) **Microgrid Operations.** The Parties agree and acknowledge that the Facility is not located within a Microgrid, but the Facility is located within proximity to a Microgrid. As such, the Facility will not be subject to any restrictions on its ability to deliver Energy to the CAISO Grid due to its proximity to a Microgrid. Seller agrees that during the Contract Term, it shall not allow the Facility to be located within a Microgrid or to be subject to limitations that apply to a Microgrid, unless Buyer mutually agrees to such location or restriction in writing and the Parties mutually agree on necessary amendments to this Agreement.

3.2 **Sale of Green Attributes.** During the Delivery Term, Seller shall sell and deliver to Buyer, and Buyer shall purchase from Seller, all Green Attributes attributable to the Generating Facility Energy.

3.3 **Imbalance Energy.** Buyer and Seller recognize that in any given Settlement Period the amount of Facility Energy may deviate from the amount of Energy scheduled with the CAISO. Following the Commercial Operation Date, to the extent there are such deviations, any costs or revenues from such imbalances shall be allocated to the Buyer.

3.4 **Ownership of Renewable Energy Incentives.** Seller shall have all right, title and interest in and to all Renewable Energy Incentives. Buyer acknowledges that any Renewable Energy Incentives belong to Seller. If any Renewable Energy Incentives, or values representing the same, are initially credited or paid to Buyer, Buyer shall cause such Renewable Energy Incentives or values relating to same to be assigned or transferred to Seller without delay. Buyer shall reasonably cooperate with Seller, at Seller’s sole expense, in Seller’s efforts to meet the requirements for any certification, registration, or reporting program relating to Renewable Energy Incentives.

3.5 **Future Environmental Attributes.**

(a) The Parties acknowledge and agree that as of the Effective Date, environmental attributes sold under this Agreement are restricted to Green Attributes; however, Future Environmental Attributes may be created by a Governmental Authority through Laws enacted after the Effective Date. Subject to the final sentence of this Section 3.5(a) and Section 3.5(b), in such event, Buyer shall bear all costs associated with the transfer, qualification, verification, registration and ongoing compliance for such Future Environmental Attributes, but there shall be no increase in the Contract Price. Upon Seller’s receipt of Notice from Buyer of Buyer’s intent to claim such Future Environmental Attributes, the Parties shall determine the necessary actions and additional costs associated with the transfer, qualification, verification, registration and ongoing compliance of such Future Environmental Attributes. Seller shall have no obligation to alter the Facility or operation of the Facility unless the Parties have agreed on all necessary terms and conditions relating to such alteration or change in operation and Buyer has
agreed to reimburse Seller for all costs, losses, and liabilities associated with such alteration or change in operation.

(b) If Buyer elects to receive Future Environmental Attributes pursuant to Section 3.5(a), the Parties agree to negotiate in good faith with respect to the development of further agreements and documentation necessary to effectuate the transfer of such Future Environmental Attributes, including agreement with respect to (i) appropriate transfer, delivery and risk of loss mechanisms, and (ii) appropriate allocation of any additional costs to Buyer, as set forth above; provided, the Parties acknowledge and agree that such terms are not intended to alter the other material terms of this Agreement.

3.6 **Test Energy.** No less than fourteen (14) days prior to the first day on which Test Energy is expected to be available from the Facility, Seller shall notify Buyer of the availability of the Test Energy. If and to the extent the Facility generates Test Energy, Seller shall sell and Buyer shall purchase from Seller all Test Energy and any associated Products on an as-available basis. As compensation for such Test Energy and any associated Products, Buyer shall pay Seller an amount equal to [obscured] of all net CAISO revenues received by Buyer for the Facility Energy and any associated Products (the “**Test Energy Rate**”). For the avoidance of doubt, the conditions precedent in Section 2.2 are not applicable to the Parties’ obligations under this Section 3.6.

3.7 **Capacity Attributes.**

(a) Prior to the Delivery Term, Seller shall obtain Full Capacity Deliverability Status for the Facility with the CAISO pursuant to the CAISO’s New Resource Implementation process (as defined in the CAISO Tariff). Seller shall be responsible for all costs associated with satisfying the requirements of this Section 3.7(a), including the cost and installation of any Network Upgrades associated with obtaining Full Capacity Deliverability Status.

(b) Seller shall maintain Full Capacity Deliverability Status for the Facility throughout the Delivery Term.

(c) Throughout the Delivery Term, Seller grants, pledges, assigns and otherwise commits to Buyer all the Capacity Attributes from the Facility.

(d) Subject to Section 3.12, throughout the Delivery Term, Seller shall perform all actions necessary to ensure that the Facility qualifies to provide all Resource Adequacy Benefits, including Flexible Capacity, to Buyer. Throughout the Delivery Term, and subject to Section 3.12, Seller hereby covenants and agrees to transfer all Resource Adequacy Benefits to Buyer.

(e) Throughout the Delivery Term, and subject to Section 3.12, Seller shall take all commercially reasonable actions, including complying with all applicable registration and reporting requirements, and execute all documents or instruments necessary to enable Buyer to use all of the Capacity Attributes and Resource Adequacy Benefits committed by Seller to Buyer pursuant to this Agreement.
(f) During the Delivery Term, Seller shall not sell or attempt to sell to any other Person the Capacity Attributes, if any, and Seller shall not report to any person or entity that the Capacity Attributes, if any, belong to anyone other than Buyer.

(g) Without limiting Seller’s obligations above, at Buyer’s request Seller shall: (i) execute such documents and instruments as may be reasonably required to effect recognition and transfer of the Capacity Attributes, if any, to Buyer and (ii) cooperate reasonably with Buyer in order that Buyer may satisfy the Resource Adequacy requirements. Seller shall deliver such documents, instruments, submissions and information as may be requested by Buyer in connection with the Capacity Attributes and Resource Adequacy Benefits; provided, in responding to any such requests, Seller shall have no obligation to provide any consent, certification, representation, information or other document, or enter into any agreement, that adversely affects, or could reasonably be expected to have or result in an adverse effect on, any of Seller’s rights, benefits, risks and/or obligations under this Agreement.

(h) Subject to Section 3.12, at all times during the Delivery Term, Seller shall install such meters and power electronics as are necessary so that Ancillary Services and Capacity Attributes may be provided from the Facility by Buyer.

3.8 **Resource Adequacy Failure.**

(a) **RA Deficiency Determination.** For each RA Shortfall Month, Seller shall pay to Buyer the RA Deficiency Amount as liquidated damages or provide Replacement RA, in each case, as the sole remedy for the Capacity Attributes Seller failed to convey to Buyer.

(b) **RA Deficiency Amount Calculation.** Subject to Section 3.12, commencing with the Showing Month that contains the RA Guarantee Date, for each RA Shortfall Month, Seller shall pay to Buyer an amount (the “**RA Deficiency Amount**”) equal to the product of (i) the RA Shortfall Amount, and (ii) the sum of (A) the CPUC System RA Penalty and (B) the CPM Soft Offer Cap; provided, Seller may, as an alternative to paying some or all of the RA Deficiency Amounts, provide Replacement RA in the amount of the RA Shortfall Amount, provided that any Replacement RA capacity is communicated by Seller to Buyer with Replacement RA product information in a Notice substantially in the form of Exhibit M at least seventy-five (75) days before the applicable CPUC operating month for the purpose of monthly RA reporting.

3.9 **CEC Certification and Verification.** Subject to Section 3.12, Seller shall take all necessary steps including, but not limited to, making or supporting timely filings with the CEC to obtain and maintain CEC Certification and Verification for the Facility throughout the Delivery Term, including compliance with all applicable requirements for certified facilities set forth in the current version of the **RPS Eligibility Guidebook** (or its successor). Seller shall obtain CEC Precertification by the Commercial Operation Date. Within thirty (30) days after the Commercial Operation Date, Seller shall apply with the CEC for final CEC Certification and Verification. Within one hundred eighty (180) days after the Commercial Operation Date (which date shall be automatically extended for the period of any delays that are not within the reasonable control of Seller), Seller shall obtain and maintain throughout the remainder of the Delivery Term the final CEC Certification and Verification. Seller must promptly notify Buyer and the CEC of any
changes to the information included in Seller’s application for CEC Certification and Verification for the Facility.

3.10 **Reserved.**

3.11 **California Renewables Portfolio Standard.** The term “commercially reasonable efforts” as used in this Section 3.11 means efforts consistent with and subject to Section 3.12.

(a) **Eligibility.** Seller, and, if applicable, its successors, represents and warrants that throughout the Delivery Term of this Agreement that: (i) the Project qualifies and is certified by the CEC as an Eligible Renewable Energy Resource as such term is defined in Public Utilities Code Section 399.12 or Section 399.16; and (ii) the Project’s electrical energy output delivered to Buyer qualifies under the requirements of the California Renewables Portfolio Standard. To the extent a change in law occurs after execution of this Agreement that causes this representation and warranty to be materially false or misleading, it shall not be an Event of Default if Seller has used commercially reasonable efforts to comply with such change in law. [STC 6]

(b) **Transfer of Renewable Energy Credits.** Seller and, if applicable, its successors, represents and warrants that throughout the Delivery Term of this Agreement the Renewable Energy Credits transferred to Buyer conform to the definition and attributes required for compliance with the California Renewables Portfolio Standard, as set forth in California Public Utilities Commission Decision 08-08-028, and as may be modified by subsequent decision of the California Public Utilities Commission or by subsequent legislation. To the extent a change in law occurs after execution of this Agreement that causes this representation and warranty to be materially false or misleading, it shall not be an Event of Default if Seller has used commercially reasonable efforts to comply with such change in law. [STC REC-1].

(c) **Tracking of REC in WREGIS.** Seller warrants that all necessary steps to allow the Renewable Energy Credits transferred to Buyer to be tracked in the Western Renewable Energy Generation Information System will be taken prior to the first delivery under the Contract. [STC REC-2].

3.12 **Compliance Expenditure Cap.**

(a) The Parties acknowledge that an essential purpose of this Agreement is to provide renewable generation that meets the requirements of the California Renewables Portfolio Standard and that Governmental Authorities, including the CEC, CPUC, CAISO and WREGIS, may undertake actions to implement changes in Law. Seller agree to use commercially reasonable efforts to cooperate with respect to any future changes to this Agreement needed to satisfy requirements of Governmental Authorities associated with changes in Law to maximize benefits to Buyer, including: (i) modification of the description of Green Attributes, Capacity Attributes as may be required, including updating the Agreement to reflect any mandatory contractual language required by Governmental Authorities; (ii) submission of any reports, data, or other information required by Governmental Authorities; or (iii) all other actions that may be required to assure that this Agreement or the Facility is eligible as an Eligible Renewable Energy Resource and other benefits under the California Renewables Portfolio Standard; provided, Seller shall have no obligation to modify this Agreement, or take other actions not required under this Agreement, if
such modifications or actions would materially adversely affect, or could reasonably be expected to have or result in a material adverse effect on, any of Seller’s rights, benefits, risks and/or obligations under this Agreement (subject to the Compliance Expenditure Cap set forth in this Section 3.12).

(b) If a change in Law occurring after the Effective Date has increased Seller’s known or reasonably expected costs to comply with Seller’s obligations under this Agreement with respect to obtaining, maintaining, conveying or effectuating Buyer’s use of (as applicable) Green Attributes and Capacity Attributes pursuant to Sections 3.7(d), 3.7(e), 3.7(h), 3.8, 3.9, 3.11, 4.3(g), and 4.11 (any action required to be taken by Seller to comply with such change in Law, a “Compliance Action”), then the Parties agree that the maximum aggregate amount of costs and expenses Seller shall be required to bear during the Delivery Term to comply with all of such obligations shall be capped at [REDACTED] of Contract Capacity in aggregate over the Contract Term (the “Compliance Expenditure Cap”).

(c) If Seller reasonably anticipates the need to incur out-of-pocket expenses in excess of the Compliance Expenditure Cap in order to take any Compliance Action, Seller shall provide Notice to Buyer of such anticipated out-of-pocket expenses.

(d) Buyer will have sixty (60) Days to evaluate such Notice (during which time period Seller is not obligated to take any Compliance Actions described in the Notice) and shall, within such time, either (1) agree to reimburse Seller for all of the costs that exceed the Compliance Expenditure Cap (such Buyer-agreed upon costs (including lost production, if any), the “Accepted Compliance Costs”), or (2) waive Seller’s obligation to take such Compliance Actions. If Buyer does not respond to a Notice given by Seller under this Section 3.12 within sixty (60) days after Buyer’s receipt of same, Buyer shall be deemed to have waived its rights to require Seller to take the Compliance Actions for the Compliance Action(s) described in the Notice. Any waiver hereunder shall release Seller from any obligation, liability or reduction in payments under this Agreement that may arise from Seller’s failure to take the applicable Compliance Action(s) or any resulting non-compliance.

(e) If Buyer agrees to reimburse Seller for the Accepted Compliance Costs, then Seller shall take such Compliance Actions covered by the Accepted Compliance Costs as agreed upon by the Parties and Buyer shall reimburse Seller for Seller’s actual costs to effect the Compliance Actions after receipt of any invoice therefor from Seller within the time periods set forth in Section 8.2 for the payment of invoices. Under no circumstances shall Seller be obligated to expend more than the Accepted Compliance Costs. When the Compliance Actions are completed, if the Seller’s actual costs are less than the sum of the Compliance Expenditure Cap and the Accepted Compliance Costs reimbursed by Buyer, Seller shall refund the excess to Buyer. Any change in the value of any attributes provided by Seller to Buyer resulting from any change in Law shall not affect the Contract Price or Buyer’s obligation to pay Seller for any attributes delivered.

ARTICLE 4
OBLIGATIONS AND DELIVERIES

4.1 Delivery.
(a) **Energy.** Subject to the provisions of this Agreement, commencing on the Commercial Operation Date through the end of the Contract Term, Seller shall supply and deliver the Product to Buyer at the Delivery Point, and Buyer shall take delivery of the Product at the Delivery Point in accordance with the terms of this Agreement. Seller will be responsible for paying or satisfying when due any costs or charges imposed in connection with the delivery of Facility Energy to the Delivery Point, including without limitation, Station Use and Electrical Losses, and any operation and maintenance charges imposed by the Transmission Provider directly relating to the Facility’s operations. Buyer shall be responsible for all costs, charges and penalties, if any, imposed in connection with the delivery of Facility Energy at and after the Delivery Point, including without limitation transmission costs and transmission line losses and imbalance charges. The Generating Facility Energy, Charging Energy, and Discharging Energy will be scheduled with the CAISO by Buyer (or Buyer’s designated Scheduling Coordinator) in accordance with Exhibit D.

(b) **Green Attributes.** All Green Attributes associated with Test Energy and the Generating Facility Energy during the Delivery Term are exclusively dedicated to and vested in Buyer. Seller represents and warrants that Seller holds the rights to all Green Attributes from the Facility, and Seller agrees to convey and hereby conveys all such Green Attributes to Buyer as included in the delivery of the Product from the Facility.

4.2 **Title and Risk of Loss.**

(a) **Energy.** Title to and risk of loss related to the Facility Energy, shall pass and transfer from Seller to Buyer at the Delivery Point. Seller warrants that all Product delivered to Buyer is free and clear of all liens, security interests, claims and encumbrances of any kind.

(b) **Green Attributes.** Title to and risk of loss related to the Green Attributes shall pass and transfer from Seller to Buyer upon the transfer of such Green Attributes in accordance with WREGIS. Seller shall cooperate reasonably with Buyer, at Buyer’s expense, in order for Buyer to register, hold, and manage such Green Attributes in Buyer’s own name and to Buyer’s accounts.

4.3 **Forecasting.** Seller shall provide the forecasts described below at its sole expense and in a format reasonably acceptable to Buyer (or Buyer’s designee). Seller shall use reasonable efforts to provide forecasts that are accurate and, to the extent not inconsistent with the requirements of this Agreement, shall prepare such forecasts, or cause such forecasts to be prepared, in accordance with Prudent Operating Practices.

(a) **Annual Forecast of Energy.** No less than forty-five (45) days before (i) the first day of the first Contract Year of the Delivery Term and (ii) at the beginning of each calendar year for every subsequent Contract Year during the Delivery Term, Seller shall provide to Buyer and the SC (if applicable) a non-binding forecast of each month’s average-day expected Energy, by hour, for the following calendar year in a form substantially similar to the table found in Exhibit F-1, or as reasonably requested by Buyer.

(b) **Monthly Forecast of Energy and Available Generating Capacity.** No less than thirty (30) days before the beginning of Commercial Operation, and thereafter ten (10)
Business Days before the beginning of each month during the Delivery Term, Seller shall provide to Buyer and the SC (if applicable) a non-binding forecast of the hourly expected Energy, Available Generating Capacity and Storage Capacity for each day of the following month in a form substantially similar to the table found in Exhibit F-2 ("Monthly Delivery Forecast").

(c) **Day-Ahead Forecast.** By 5:30 AM Pacific Prevailing Time on the Business Day immediately preceding the date of delivery, or as otherwise specified by Buyer consistent with Prudent Operating Practice, Seller shall provide Buyer with a non-binding forecast of (i) Available Generating Capacity and (ii) Storage Capacity and (iii) hourly expected Energy, in each case, for each hour of the immediately succeeding day ("Day-Ahead Forecast"). A Day-Ahead Forecast provided in a day prior to any non-Business Day(s) shall include non-binding forecasts for the immediate day, each succeeding non-Business Day and the next Business Day. Each Day-Ahead Forecast shall clearly identify, for each hour, Seller’s best estimate of (i) the Available Generating Capacity and (ii) the Storage Capacity and (iii) the hourly expected Energy. These Day-Ahead Forecasts shall be sent to Buyer’s on-duty Scheduling Coordinator. If Seller fails to provide Buyer with a Day-Ahead Forecast as required herein for any period, then for such unscheduled delivery period only Buyer shall rely on any Real-Time Forecast provided in accordance with Section 4.3(d) or the Monthly Delivery Forecast or Buyer’s best estimate based on information reasonably available to Buyer.

(d) **Real-Time Forecasts.** During the Delivery Term, Seller shall notify Buyer of any changes from the Day-Ahead Forecast of one (1) MW or more in (i) Available Generating Capacity or (ii) Storage Capacity or (iii) hourly expected Energy, in each case, whether due to Forced Facility Outage, Force Majeure Event or other cause, as soon as reasonably possible, but no later than one (1) hour prior to the deadline for submitting Schedules to the CAISO in accordance with the rules for participation in the Real-Time Market. If the Available Generating Capacity, Storage Capacity, or hourly expected Energy changes by at least one (1) MW as of a time that is less than one (1) hour prior to the Real-Time Market deadline, but before such deadline, then Seller must notify Buyer as soon as reasonably possible. Such Real-Time Forecasts of Energy shall be provided by an Approved Forecast Vendor and shall contain information regarding the beginning date and time of the event resulting in the change in Available Generating Capacity, Storage Capacity, or hourly expected Energy, as applicable, the expected end date and time of such event, and any other information required by the CAISO or reasonably requested by Buyer. With respect to any Forced Facility Outage, Seller shall use best efforts to notify Buyer of such outage within ten (10) minutes of the commencement of the Forced Facility Outage. Seller shall inform Buyer of any developments that will affect either the duration of such outage or the availability of the Facility during or after the end of such outage. These Real-Time Forecasts shall be communicated in a method reasonably acceptable to Buyer provided that Buyer specifies the method no later than five (5) Business Days prior to the effective date of such requirement. In the event Buyer fails to provide Notice of an acceptable method for communications under this Section 4.3(d), then Seller shall send such communications by telephone and email to Buyer.

(e) **Forced Facility Outages.** Notwithstanding anything to the contrary herein, Seller shall promptly notify Buyer’s on-duty Scheduling Coordinator of Forced Facility Outages and Seller shall keep Buyer informed of any developments that will affect either the duration of the outage or the availability of the Facility during or after the end of the outage.
(f) **Forecasting Penalties.** Subject to a Force Majeure Event, in the event Seller does not in a given hour provide the forecast required in Section 4.3(d) and Buyer incurs a loss or penalty resulting from its scheduling activities with respect to Facility Energy during such hour as a result of the failure of Seller to provide the forecast required in Section 4.3(d), then Seller shall be responsible for a Forecasting Penalty for each such hour. Settlement of Forecasting Penalties shall occur as set forth in Article 8 of this Agreement.

(g) **CAISO Tariff Requirements.** Subject to the limitations expressly set forth in Section 3.12, to the extent such obligations are applicable to the Facility, Seller will comply with all applicable obligations for Variable Energy Resources under the CAISO Tariff and the Eligible Intermittent Resource Protocol, including providing appropriate operational data and meteorological data, and will fully cooperate with Buyer, Buyer’s SC, and CAISO, in providing all data, information, and authorizations required thereunder.

4.4 **Dispatch Down/Curtailment.**

(a) **General.** Seller agrees to reduce the amount of Facility Energy produced by the Facility, by the amount and for the period set forth in any Curtailment Order, Buyer Curtailment Order, or notice received from CAISO in respect of a Buyer Bid Curtailment; *provided,* Seller is not required to reduce such amount to the extent it is inconsistent with the limitations of the Facility set out in the Operating Restrictions.

(b) **Buyer Curtailment.** Buyer shall have the right to order Seller to curtail deliveries of Generating Facility Energy through Buyer Curtailment Orders; *provided,* Buyer shall pay Seller for all Deemed Delivered Energy associated with a Buyer Curtailment Period in excess of the Curtailment Cap at the Renewable Rate in accordance with Exhibit C. If Seller has elected to receive PTCs for the Generation Facility, during the period (not to exceed a total of one hundred twenty (120) consecutive months) in which Seller is receiving PTCs, Buyer shall also pay the PTC Amount for Deemed Delivered Energy until the sum of Facility Energy plus the amount of Deemed Delivered Energy exceeds [redacted] of the Expected Energy for such Contract Year.

(c) **Failure to Comply.** If Seller fails to comply with a Buyer Curtailment Order, Buyer Bid Curtailment or Curtailment Order, then, for each MWh of Facility Energy that is delivered by the Facility to the Delivery Point in contradiction to the Buyer Curtailment Order, Buyer Bid Curtailment or Curtailment Order, Seller shall pay Buyer for each such MWh at an amount equal to the sum of (A) + (B) + (C), where: (A) is the amount, if any, paid to Seller by Buyer for delivery of such excess MWh and, (B) is the sum, for all Settlement Intervals with a Negative LMP during the Buyer Curtailment Period or Curtailment Period, of the absolute value of the product of such excess MWh in each Settlement Interval and the Negative LMP for such Settlement Interval, and (C) is any penalties assessed by the CAISO or other charges assessed by the CAISO resulting from Seller’s failure to comply with the Buyer Curtailment Order, Buyer Bid Curtailment or Curtailment Order.

(d) **Seller Equipment Required for Curtailment Instruction Communications.** Seller shall acquire, install, and maintain such facilities, communications links and other equipment, and implement such protocols and practices, as necessary to respond and follow
instructions from the CAISO and Buyer’s SC, including an electronic signal conveying real time and intra-day instructions, to operate the Facility as directed by the Buyer in accordance with this Agreement or a Governmental Authority, including to implement a Buyer Curtailment Order, Buyer Bid Curtailment or Curtailment Order in accordance with the then-current methodology used to transmit such instructions as it may change from time to time. If at any time during the Delivery Term Seller’s facilities, communications links or other equipment, protocols or practices are not in compliance with then-current methodologies, Seller shall take the steps necessary to become compliant as soon as reasonably possible. Seller shall be liable pursuant to Section 4.4(c) for failure to comply with a Buyer Curtailment Order, Buyer Bid Curtailment or Curtailment Order, during the time that Seller’s facilities, communications links or other equipment, protocols or practices are not in compliance with then-current methodologies. For the avoidance of doubt, a Buyer Curtailment Order, Buyer Bid Curtailment or Curtailment Order communication via such systems and facilities shall have the same force and effect on Seller as any other form of communication.

(e) **Curtailment Cap.** The Curtailment Cap shall initially equal [REDACTED]. If no later than the Curtailment Cap Increase Election Deadline, Buyer provides written notice to Seller that Buyer desires to increase the Curtailment Cap (the “**Curtailment Cap Increase Election**”), then (i) on and after the date of such notice, the Curtailment Cap shall be increased to the product of (x) [REDACTED] hours multiplied by (y) the Guaranteed Capacity and (ii) the Renewable Rate shall be increased from [REDACTED]. The Curtailment Cap Increase Election shall be irrevocable once made. If Buyer does not make the Curtailment Cap Increase Election on or prior to the Curtailment Cap Increase Election Deadline, then Buyer shall be deemed to have waived its right to increase the Curtailment Cap, and the Curtailment Cap shall be zero (0) MWh for the entirety of the Delivery Term.

4.5 **Energy Management.**

(a) **Charging Generally.** Upon receipt of a valid Charging Notice, Seller shall take any and all action necessary to deliver the Charging Energy to the Storage Facility in order to deliver the Storage Product in accordance with the terms of this Agreement, including maintenance, repair or replacement of equipment in Seller’s possession or control used to deliver the Charging Energy to the Storage Facility. Except as expressly set forth in this Agreement, including Section 4.5(b), Section 4.5(d) and Section 4.9(b), Buyer shall be responsible for paying all CAISO costs and charges associated with Charging Energy; provided, however, Seller shall be responsible for any distribution-related charges imposed by Southern California Edison to charge the Storage Facility, and Seller shall reimburse Buyer for any such charges imposed on Buyer.

(b) **Charging Limitations.** Seller warrants to Buyer that Buyer will not be restricted by Southern California Edison or the CAISO, pursuant to any rate schedule, tariff, rule or other authority, from charging the Storage Facility with Charging Energy supplied by the Generating Facility during the Delivery Term, other than in connection with an Exceptional Dispatch instruction or System Emergency (a “Prohibited Restriction”). Seller shall pay Buyer Charging Limitation Liquidated Damages associated with any Prohibited Restriction that may arise during the Contract Term. Should any Prohibited Restriction arise during the Contract Term, Seller shall promptly notify Buyer of such restrictions, and Buyer shall have a right, but not an obligation, to terminate this Agreement if such restrictions would have a material adverse effect
on Buyer and are not removed within after Notice is provided by either Party to the other Party of any such restrictions. Upon any such termination neither Party shall have any liability to the other except for liability for payment for Product delivered prior to such termination, and Buyer shall promptly return to Seller the Performance Security, less any amounts drawn in accordance with this Agreement.

(c) **Charging Notices.** Buyer will have the right to charge the Storage Facility seven (7) days per week and twenty-four (24) hours per day (including holidays), by providing Charging Notices to Seller electronically; provided, Buyer’s right to issue Charging Notices is subject to the requirements and limitations set forth in this Agreement, including the Operating Restrictions and the provisions of Section 4.5(a). Seller shall comply with all Charging Notices, subject to the requirements and limitations set forth in this Agreement. Each Charging Notice issued in accordance with this Agreement will be effective unless and until such Charging Notice is modified with an updated Charging Notice (including as automatically updated in accordance with the definition of Charging Notice).

(d) **No Unauthorized Charging.** Seller shall not charge the Storage Facility during the Delivery Term other than pursuant to a valid Charging Notice or the Operating Restrictions (it being understood that Seller may adjust a Charging Notice in order to maintain compliance with the Operating Restrictions), or in connection with a Storage Capacity Test, or pursuant to a notice from CAISO, the PTO, Transmission Provider, or any other Governmental Authority. If, during the Delivery Term, Seller (i) charges the Storage Facility to a Stored Energy Level greater than the Stored Energy Level provided for in the Charging Notice or (ii) charges the Storage Facility in violation of the first sentence of this Section 4.5(d), then (x) Seller shall be responsible for all Energy costs associated with such charging of the Storage Facility, (y) Buyer shall not be required to pay for the charging of such Energy (i.e., Charging Energy), and (z) Buyer shall be entitled to discharge such Energy and entitled to all of the CAISO revenues and benefits (including Storage Product) associated with such discharge. During any Curtailment Period, Buyer shall use commercially reasonable efforts to cause curtailed Generating Facility Energy to be used as Charging Energy to the extent practicable.

(e) **Discharging Notices.** Buyer will have the right to discharge the Storage Facility seven (7) days per week and twenty-four (24) hours per day (including holidays), by providing Discharging Notices to Seller electronically, and subject to the requirements and limitations set forth in this Agreement, including the Operating Procedures. Seller shall comply with all Discharging Notices, subject to the requirements and limitations set forth in this Agreement. Each Discharging Notice issued in accordance with this Agreement will be effective unless and until Buyer modifies such Discharging Notice by providing Seller with an updated Discharging Notice.

(f) **No Unauthorized Discharging.** Seller shall not discharge the Facility during the Delivery Term other than pursuant to a valid Discharging Notice, or in connection with a Storage Capacity Test, or pursuant to a notice from CAISO, the PTO, Transmission Provider, or any other Governmental Authority. If, during the Delivery Term, Seller (i) discharges the Storage Facility other than as provided for in the Discharging Notice or (ii) discharges the Storage Facility in violation of the first sentence of this Section 4.5(f), then (x) Seller shall be responsible for any costs, charges or penalties associated with such discharging of the Storage Facility, and (y) Buyer
shall be entitled to all of the benefits and CAISO revenues associated with such discharge.

(g) Curtailments. Notwithstanding anything in this Agreement to the contrary, during any Settlement Interval, Curtailment Orders, Buyer Curtailment Orders, and Buyer Bid Curtailments applicable to such Settlement Interval shall have priority over any Charging Notices and Discharging Notices applicable to such Settlement Interval, and Seller shall have no liability for violation of this Section 4.5 or any Charging Notice or Discharging Notice if and to the extent such violation is caused by Seller’s compliance with any Curtailment Order, Buyer Curtailment Order, Buyer Bid Curtailment or other instruction or direction from a Governmental Authority, or the PTO, or the Transmission Provider. Buyer’s SC shall have the right, but not the obligation, to provide Seller with updated Charging Notices and Discharging Notices during any Buyer Curtailment Order, Buyer Bid Curtailment or Curtailment Order consistent with the Operating Procedures.

(h) Pre-Commercial Operation Date Period, etc. Prior to the Commercial Operation Date, Buyer shall have no rights to issue or cause to be issued Charging Notices or Discharging Notices, and Seller shall have exclusive rights to test, charge and discharge the Storage Facility. Seller is responsible to procure, at its own cost, any energy required for commissioning purposes and to arrange to discharge such energy into the grid (which may, for the avoidance of doubt, be provided by the Generating Facility). Buyer and Buyer’s SC shall reasonably coordinate and cooperate with Seller with respect to Facility testing (including for Test Energy) prior to (and after) the Commercial Operation Date, and Seller shall be entitled to all CAISO revenues and other amounts paid by CAISO in respect of the Storage Facility testing for periods prior to the Commercial Operation Date and as otherwise expressly set forth herein.

4.6 Reduction in Delivery Obligation. For the avoidance of doubt, and in no way limiting Section 3.1 or Exhibit G:

(a) Facility Maintenance. Subject to providing Buyer one-hundred twenty (120) days prior Notice, Seller shall be permitted to reduce deliveries of Product during any period of scheduled maintenance on the Facility, provided that, between June 1st and September 30th of any calendar year, Seller shall not schedule non-emergency maintenance that reduces the generating capacity or storage capability of the Facility by more than ten percent (10%), unless (i) such outage is required to avoid damage to the Facility, (ii) such maintenance is necessary to maintain equipment warranties and cannot be scheduled outside the months of June through September, (iii) such outage is required in accordance with Prudent Operating Practice, or (iv) the Parties agree otherwise in writing (a “Planned Outage”). Seller shall not make any material modifications to the Facility in a manner that could reasonably be expected to adversely affect its ability to perform its obligations hereunder.

(b) Forced Facility Outage. Seller shall be permitted to reduce deliveries of Product during any Forced Facility Outage. Seller shall provide Buyer with Notice and expected duration (if known) of any Forced Facility Outage.

(c) System Emergencies and other Interconnection Events. Seller shall be permitted to reduce deliveries of Product during any period of System Emergency, Buyer
Curtailment Period or upon Notice of a Curtailment Order pursuant to the terms of this Agreement, the Interconnection Agreement or applicable tariff.

(d) **Force Majeure Event.** Subject to Article 10, Seller shall be permitted to reduce deliveries of Product during any Force Majeure Event to the extent such Force Majeure Event prevents Seller from delivering any such Product.

(e) **Health and Safety.** Seller shall be permitted to reduce deliveries of Product as necessary to maintain health and safety pursuant to Section 6.2.

4.7 **Guaranteed Energy Production.** Seller shall be required to deliver to Buyer no less than the Guaranteed Energy Production in each Performance Measurement Period. For purposes of determining whether Seller has achieved the Guaranteed Energy Production, Seller shall be deemed to have delivered to Buyer all (a) Deemed Delivered Energy and (b) Lost Output from the Performance Measurement Period. If Seller fails to achieve the Guaranteed Energy Production amount in any Performance Measurement Period, Seller shall pay Buyer damages calculated in accordance with Exhibit G. Except as set forth in Section 11.1(b)(vi) and Section 11.1(b)(vii), the damages calculated in accordance with Exhibit G shall be Buyer’s sole and exclusive remedy for any failure by Seller to deliver the Guaranteed Energy Production in each Performance Measurement Period.

4.8 **Storage Availability and Efficiency.**

(a) During the Delivery Term, the Storage Facility shall maintain a Monthly Storage Availability during each month of no less than [ ]% (the “**Guaranteed Storage Availability**”), which Monthly Storage Availability shall be calculated in accordance with Exhibit P.

(b) If, the Monthly Storage Availability during any month is less than the Guaranteed Storage Availability, then Buyer’s payment for the Storage Product shall be calculated by reference to the Availability Adjustment (as determined in accordance with Exhibit P). Except as set forth in Section 11.1(b)(v), the Availability Adjustment calculated in accordance with Exhibit P and the application of the Availability Adjustment pursuant to Section (e) of Exhibit C shall be Buyer’s sole and exclusive remedy for any failure by Seller to maintain the Monthly Average Storage Availability.

(c) During the Delivery Term, the Storage Facility shall maintain an Efficiency Rate of no less than the Guaranteed Efficiency Rate; provided, the payment of the liquidated damages set forth in Section (f) of Exhibit C and application of the Round-Trip Efficiency Factor pursuant to Section (e) of Exhibit C shall be Buyer’s sole and exclusive remedies for any failure by Seller to maintain the Guaranteed Efficiency Rate.

4.9 **Storage Capacity Tests.**

(a) Prior to the Commercial Operation Date, Seller shall schedule and complete a Storage Capacity Test in accordance with Exhibit O. Thereafter, Seller and Buyer shall have the right to run retests of the Storage Capacity Test in accordance with Exhibit O.
(b) Buyer shall have the right to send one or more representative(s) to witness all Storage Capacity Tests. Alternatively, to the extent that any Storage Capacity Tests are done remotely, and no representatives are needed on Site, Seller shall arrange for both Parties to have access to all data and other information arising out of such tests. Buyer shall be responsible for all costs, expenses and fees payable or reimbursable to its representative(s) witnessing any Storage Capacity Test. For any Storage Capacity Tests initiated by Seller, Seller shall (i) be liable for all CAISO costs and charges for associated Charging Energy, and (ii) be entitled to any CAISO revenues associated with Discharging Energy. For any Storage Capacity Tests required pursuant to Exhibit O or otherwise initiated by Buyer, Buyer shall (x) be liable for all CAISO costs and charges for associated Charging Energy, and (y) be entitled to any CAISO revenues associated with associated Discharging Energy. No Charging Notices or Discharging Notices shall be issued during any Storage Capacity Test except as reasonably requested by Seller or Buyer to implement the applicable test.

(c) Following each Storage Capacity Test, Seller shall submit a testing report in accordance with Exhibit O. If the actual capacity or efficiency rate determined pursuant to a Storage Capacity Test varies from the then current Storage Contract Capacity and/or Efficiency Rate, as applicable, then the actual capacity and/or efficiency rate, as applicable, determined pursuant to a Storage Capacity Test (not to exceed the original Storage Contract Capacity set forth on the Cover Sheet, as such original Storage Contract Capacity on the Cover Sheet may have been adjusted (if at all) pursuant to Exhibit B) shall become the new Storage Contract Capacity and/or Efficiency Rate at the beginning of the day following the completion of the test for all purposes under this Agreement, including compensation under Exhibit C.

4.10 Station Use. Notwithstanding anything to the contrary in this Agreement, the Parties acknowledge (a) Seller is responsible for providing all Energy to serve Station Use (including paying the cost of any Energy used to serve Station Use during periods in which the Storage Facility is not charging or discharging pursuant to a Charging Notice or Discharging Notice), (b) Energy supplied from Charging Energy or Discharging Energy to serve Storage Facility Auxiliary Load shall not be considered Station Use, and (c) Seller shall indemnify and hold harmless Buyer from any and all costs, penalties, charges or other adverse consequences that result from Energy supplied for Station Use by any means other than retail service from the applicable utility, and shall take any additional measures to ensure Station Use (other than that supplied from Charging Energy or Discharging Energy as provided in clause (b)) is supplied by the applicable utility’s retail service if necessary to avoid any such costs, penalties, charges or other adverse consequences.

4.11 WREGIS. Seller shall, at its sole expense, but subject to Section 3.12, take all actions and execute all documents or instruments necessary to ensure that all WREGIS Certificates associated with all Renewable Energy Credits corresponding to all Generating Facility Energy are issued and tracked for purposes of satisfying the requirements of the California Renewables Portfolio Standard and transferred in a timely manner to Buyer for Buyer’s sole benefit. Seller shall transfer the Renewable Energy Credits to Buyer. Seller shall comply with all Laws, including the WREGIS Operating Rules, regarding the certification and transfer of such WREGIS Certificates to Buyer and Buyer shall be given sole title to all such WREGIS Certificates. Seller shall be deemed to have satisfied the warranty in Section 3.11(c), provided that Seller fulfills its obligations under Sections 4.11(a) through (f) below. In addition:
(a) Prior to the Commercial Operation Date, Seller shall register the Facility with WREGIS and establish an account with WREGIS ("Seller’s WREGIS Account"), which Seller shall maintain until the end of the Delivery Term. Seller shall transfer the WREGIS Certificates using "Forward Certificate Transfers" (as described in the WREGIS Operating Rules) from Seller’s WREGIS Account to the WREGIS account(s) of Buyer or the account(s) of a designee that Buyer identifies by Notice to Seller ("Buyer’s WREGIS Account"). Seller shall be responsible for all expenses associated with registering the Facility with WREGIS, establishing and maintaining Seller’s WREGIS Account, paying WREGIS Certificate issuance and transfer fees, and transferring WREGIS Certificates from Seller’s WREGIS Account to Buyer’s WREGIS Account.

(b) Seller shall cause Forward Certificate Transfers to occur on a monthly basis in accordance with the certification procedure established by the WREGIS Operating Rules. Since WREGIS Certificates will only be created for whole MWh amounts of Generating Facility Energy generated, any fractional MWh amounts (i.e., kWh) will be carried forward until sufficient generation is accumulated for the creation of a WREGIS Certificate.

(c) Seller shall, at its sole expense, ensure that the WREGIS Certificates for a given calendar month correspond with the Generating Facility Energy for such calendar month.

(d) Due to the ninety (90) day delay in the creation of WREGIS Certificates relative to the timing of invoice payment under Section 8.2, Buyer shall make an invoice payment for a given month in accordance with Section 8.2 before the WREGIS Certificates for such month are formally transferred to Buyer in accordance with the WREGIS Operating Rules and this Section 4.11. Notwithstanding this delay, Buyer shall have all right and title to all such WREGIS Certificates upon payment to Seller in accordance with Section 8.2.

(e) A "WREGIS Certificate Deficit" means any deficit or shortfall in WREGIS Certificates delivered to Buyer for a calendar month as compared to the Generating Facility Energy for the same calendar month ("Deficient Month") caused by an error or omission of Seller. If any WREGIS Certificate Deficit is caused, or the result of any action or inaction, by Seller, then the amount of Generating Facility Energy in the Deficient Month shall be reduced by the amount of the WREGIS Certificate Deficit for purposes of calculating Buyer’s payment to Seller under Article 8 and damages, if any, under Exhibit G for the applicable Contract Year; provided, however, that such adjustment shall not apply to the extent that Seller resolves the WREGIS Certificate Deficit within ninety (90) days after the Deficient Month. Without limiting Seller’s obligations under this Section 4.11, if a WREGIS Certificate Deficit is caused solely by an error or omission of WREGIS, the Parties shall cooperate in good faith to cause WREGIS to correct its error or omission.

(f) If WREGIS changes the WREGIS Operating Rules after the Effective Date or applies the WREGIS Operating Rules in a manner inconsistent with this Section 4.11 after the Effective Date, the Parties promptly shall modify this Section 4.11 as reasonably required to cause and enable Seller to transfer to Buyer’s WREGIS Account a quantity of WREGIS Certificates for each given calendar month that corresponds to the Generating Facility Energy in the same calendar month.
4.12 **Interconnection Capacity.** Seller shall have and maintain interconnection capacity under the Interconnection Agreement available or allocable to the Facility in a quantity that is no less than the Guaranteed Capacity that enables the Facility to interconnect with the CAISO Grid and fulfill its obligations under this Agreement during the Test Energy period and throughout the Delivery Term (the “**Dedicated Interconnection Capacity**”). Seller shall be responsible for all costs of interconnecting the Facility to the Transmission System.

4.13 **Green-e Certification.** Upon request of Buyer, Seller shall submit a Green-e® Energy Tracking Attestation Form (“**Attestation**”) for Product delivered under this Agreement to the Center for Resource Solutions (“**CRS**”) at https://www.tfaforms.com/4652008 or its successor. The Attestation shall be submitted in accordance with the requirements of CRS and shall be submitted within thirty (30) days of Buyer’s request or the last day of the month in which the applicable Facility Energy was generated, whichever is later.

**ARTICLE 5**

**TAXES**

5.1 **Allocation of Taxes and Charges.** Seller shall pay or cause to be paid all Taxes on or with respect to the Facility or on or with respect to the sale and making available of Product to Buyer, that are imposed on Product prior to its delivery to Buyer at the time and place contemplated under this Agreement. Buyer shall pay or cause to be paid all Taxes on or with respect to the delivery to and purchase by Buyer of Product that are imposed on Product at and after its delivery to Buyer at the time and place contemplated under this Agreement (other than withholding or other Taxes imposed on Seller’s income, revenue, receipts or employees), if any. If a Party is required to remit or pay Taxes that are the other Party’s responsibility hereunder, such Party shall promptly pay the Taxes due and then seek and receive reimbursement from the other for such Taxes. In the event any sale of Product hereunder is exempt from or not subject to any particular Tax, Buyer shall provide Seller with all necessary documentation within thirty (30) days after the Effective Date to evidence such exemption or exclusion. If Buyer does not provide such documentation, then Buyer shall indemnify, defend, and hold Seller harmless from any liability with respect to Taxes from which Buyer claims it is exempt.

5.2 **Cooperation.** Each Party shall use reasonable efforts to implement the provisions of and administer this Agreement in accordance with the intent of the Parties to minimize all Taxes, so long as no Party is materially adversely affected by such efforts. The Parties shall cooperate to minimize Tax exposure; provided, however, that neither Party shall be obligated to incur any financial or operational burden to reduce Taxes for which the other Party is responsible hereunder without receiving due compensation therefor from the other Party. All Product delivered by Seller to Buyer hereunder shall be a sale made at wholesale, with Buyer reselling such Product.

5.3 **Ownership.** Seller shall be the owner of the Facility for federal income tax purposes and, as such, Seller (or its Affiliates or Lenders) shall be entitled to all depreciation deductions associated with the Facility and to any and all Tax Credits or other tax benefits associated with the Facility, including any such tax credits or tax benefits under the Code and all Renewable Energy Incentives. The Parties intend this Agreement to be a “service contract” within the meaning of Section 7701(e)(3) of the Code. The Parties will not take the position on any tax return or in any other filings suggesting that it is anything other than a purchase of the Product
from the Seller or that this agreement is anything other than a “service contract” within the meaning of Section 7701(e)(3) of the Code.

ARTICLE 6
MAINTENANCE OF THE FACILITY

6.1 Maintenance of the Facility. Seller shall comply with Law and Prudent Operating Practice relating to the operation and maintenance of the Facility, the generation and sale of Product, and the disposal and recycling of any equipment associated with the Facility, including without limitation batteries, and solar panels. Subject to providing Buyer thirty (30) days’ prior Notice to the extent reasonably practicable, Seller has the right to replace or augment existing batteries and other equipment for purposes associated with maintaining the Storage Contract Capacity and Storage Contract Output; provided, any discretionary replacement or augmentation shall not occur during the summer months (June through September).

6.2 Maintenance of Health and Safety. Seller shall take reasonable safety precautions with respect to the operation, maintenance, repair and replacement of the Facility. If Seller becomes aware of any circumstances relating to the Facility that create an imminent risk of damage or injury to any Person or any Person’s property, Seller shall take prompt action to prevent such damage or injury and shall give Notice to Buyer’s emergency contact identified on Exhibit N of such condition. Such action may include, to the extent reasonably necessary, disconnecting and removing all or a portion of the Facility, or suspending the supply of Energy or Discharging Energy to Buyer.

6.3 Shared Facilities. The Parties acknowledge and agree that certain of the Interconnection Facilities, Seller’s rights and obligations under the Interconnection Agreement and Seller’s rights and obligations under transmission service agreements with a Transmission Provider, may be subject to certain shared facilities and/or co-tenancy agreements (“Shared Facilities Agreements”) to be entered into among two or more of Seller, the Participating Transmission Owner, Seller’s Affiliates, and/or third parties pursuant to which certain Interconnection Facilities, interconnection service and/or transmission service may be subject to joint ownership and/or shared maintenance and operation arrangements; provided, such Shared Facilities Agreements (a) shall permit Seller to perform or satisfy, and shall not purport to limit, its obligations hereunder, including providing the Dedicated Interconnection Capacity, (b) continue to provide for separate metering and a separate Resource ID for each of the Generating Facility and the Storage Facility, and (c) shall not allow any Affiliate of Seller or third party to use the Dedicated Interconnection Capacity if such use would have an adverse impact on Buyer’s dispatch rights of the Facility. Seller shall hold Buyer harmless from any penalties, imbalance energy charges, or other costs or losses from CAISO or under the Agreement resulting from a third party’s use of the Dedicated Interconnection Capacity.

6.4 Storage Operations and Maintenance.

(a) Buyer shall at all times during the Delivery Term retain operational control of the Storage Facility and be responsible for dispatching and coordinating charging of the Storage Facility.
(b) Seller shall at all times retain all other aspects of operation and maintenance of the Storage Facility in accordance with Prudent Operating Practices and applicable Law and adhering to all operational data, interconnection and telemetry requirements applicable to the Storage Facility.

ARTICLE 7
METERING

7.1 Metering.

(a) Subject to Section 7.1(b) (with respect to the entirety of the following Section 7.1(a)), the Facility shall have a separate Resource ID for each of the Generating Facility and the Storage Facility, Seller shall measure the amount of Generating Facility Energy using the Generating Facility Meter. Seller shall measure the Charging Energy and the Discharging Energy using the Storage Facility Meter. All meters shall be operated pursuant to applicable CAISO-approved calculation methodologies and maintained at Seller’s cost. Subject to meeting any applicable CAISO requirements, the Generating Facility Meter and Storage Facility Meter shall be programmed to adjust for Electrical Losses and Station Use from such meters to the Delivery Point in a manner subject to Buyer’s prior written approval, not to be unreasonably withheld, conditioned or delayed. Metering will be consistent with the metering diagram set forth as Exhibit R, a final version of which shall be provided to Buyer at least thirty (30) days before the Commercial Operation Date. Each Generating Facility Meter and Storage Facility Meter shall be kept under seal, such seals to be broken only when the meters are to be tested, adjusted, modified or relocated. In the event Seller breaks a seal, Seller shall notify Buyer as soon as practicable. In addition, Seller hereby agrees to provide all meter data to Buyer in a form reasonably acceptable to Buyer, and consents to Buyer obtaining from CAISO the CAISO meter data directly relating to the Facility and all inspection, testing and calibration data and reports. Seller and Buyer, or Buyer’s Scheduling Coordinator, shall cooperate to allow both Parties to retrieve the meter reads from the CAISO Market Results Interface – Settlements (MRI-S) (or its successor) or directly from the CAISO meter(s) at the Facility.

(b) Section 7.1(a) is based on the Parties’ mutual understanding as of the Effective Date that (i) the CAISO requires the configuration of the Facility to include, as the sole meters for the Facility, the Generating Facility Meter and the Storage Facility Meter, and (ii) the CAISO requires the Generating Facility Meter and the Storage Facility Meter to be programmed for Electrical Losses as set forth in the definition of Electrical Losses in this Agreement. If any of the foregoing mutual understandings in (i) and (ii) between the Parties is or becomes incorrect during the Delivery Term, the Parties shall cooperate in good faith to make any amendments and modifications to the Facility and this Agreement as are reasonably necessary to conform this Agreement to the CAISO Tariff and avoid, to the maximum extent practicable, any CAISO charges, costs or penalties that may be imposed on either Party due to non-conformance with the CAISO Tariff, such agreement not to be unreasonably delayed, conditioned or withheld.

7.2 Meter Verification. Annually, or if Seller has reason to believe there may be a meter malfunction, or upon Buyer’s reasonable request, Seller shall test the meter. The tests shall be conducted by independent third parties qualified to conduct such tests. Buyer shall be notified seven (7) days in advance of such tests and have a right to be present during such tests. If a meter
is inaccurate it shall be promptly repaired or replaced. Seller shall be responsible for the costs of annual testing and any testing requested by Seller. If Buyer requests a meter test, and no meter malfunction is found, Buyer shall be responsible for the cost of such test. If Buyer requests a meter test, and a meter malfunction is found, Seller shall be responsible for the cost of such test.

ARTICLE 8
INVOICING AND PAYMENT; CREDIT

8.1 Invoicing. Seller shall make good faith efforts to deliver an invoice to Buyer within ten (10) days after the end of the prior monthly delivery period. Each invoice shall (a) include records of metered data, including CAISO metering and transaction data sufficient to document and verify the amount of Product delivered by the Facility for any Settlement Period during the preceding month, including the amount of Facility Energy, Generating Facility Energy, Charging Energy, Discharging Energy, and Replacement RA delivered to Buyer (if any), the calculation of Deemed Delivered Energy and Adjusted Energy Production, the LMP prices at the Settlement Point and Delivery Point for each Settlement Interval, and the Contract Price applicable to such Product in accordance with Exhibit C; (b) reflect any records, including invoices or settlement data from the CAISO, necessary to verify the accuracy of any amount; and (c) be in a format reasonably specified by Buyer, covering the Product provided in the preceding month determined in accordance with the applicable provisions of this Agreement. Buyer shall, and shall cause its Scheduling Coordinator to, provide Seller with all reasonable access (including, in real time, to the maximum extent reasonably possible) to any records, including invoices or settlement data from the CAISO, forecast data and other information, all as may be necessary from time to time for Seller to prepare and verify the accuracy of all invoices. The invoice shall be delivered by electronic mail in accordance with Exhibit N.

8.2 Payment. Buyer shall make payment to Seller for Product and any other amounts due hereunder by wire transfer or ACH payment to the bank account designated by Seller in Exhibit N, which may be updated by Seller by Notice hereunder. Buyer shall pay undisputed invoice amounts within thirty (30) days after receipt of the invoice, or the end of the prior monthly delivery period, whichever is later. If such due date falls on a weekend or legal holiday, such due date shall be the next Business Day. Payments made after the due date will be considered late and will bear interest on the unpaid balance. If the amount due is not paid on or before the due date or if any other payment that is due and owing from one Party to another is not paid on or before its applicable due date, a late payment charge shall be applied to the unpaid balance and shall be added to the next billing statement. Such late payment charge shall be calculated based on the 3-Month prime rate (or any equivalent successor rate accepted by a majority of major financial institutions) published on the date of the invoice in The Wall Street Journal (or, if The Wall Street Journal is not published on that day, the next succeeding date of publication), plus two percent (2%) (the "Interest Rate"). If the due date occurs on a day that is not a Business Day, the late payment charge shall begin to accrue on the next succeeding Business Day.

8.3 Books and Records. To facilitate payment and verification, each Party shall maintain all books and records necessary for billing and payments, including copies of all invoices under this Agreement, for a period of at least two (2) years or as otherwise required by Law. Upon ten (10) Business Days’ Notice to the other Party, either Party shall be granted access to the accounting books and records within the possession or control of the other Party pertaining to all
invoices generated pursuant to this Agreement. Seller acknowledges that in accordance with California Government Code Section 8546.7, Seller may be subject to audit by the California State Auditor with regard to Seller’s performance of this Agreement because the compensation under this Agreement exceeds Ten Thousand Dollars ($10,000).

8.4 Invoice Adjustments. Invoice adjustments shall be made if (a) there have been good faith inaccuracies in invoicing or payment that are not otherwise disputed under Section 8.5, (b) an adjustment to an amount previously invoiced or paid is required due to a correction of data by the CAISO, or pursuant to a Storage Capacity Test, or (c) there have been meter inaccuracies; provided, however, that there shall be no adjustments to prior invoices based upon meter inaccuracies except to the extent that such meter adjustments are accepted by CAISO for revenue purposes. If the required adjustment is in favor of Buyer, Buyer’s next monthly payment shall be credited in an amount equal to the adjustment. If the required adjustment is in favor of Seller, Seller shall add the adjustment amount to Buyer’s next monthly invoice. Adjustments in favor of either Buyer or Seller shall bear interest at the Interest Rate, accruing from the date on which the adjusted amount should have been due until settled in full. Unless otherwise agreed by the Parties, no adjustment of invoices shall be permitted after twelve (12) months from the date of the invoice.

8.5 Billing Disputes. A Party may, in good faith, dispute the correctness of any invoice or any adjustment to an invoice rendered under this Agreement or adjust any invoice for any arithmetic or computational error within twelve (12) months of the date the invoice, or adjustment to an invoice, was rendered. In the event an invoice or portion thereof, or any other claim or adjustment arising hereunder, is disputed, payment of the undisputed portion of the invoice shall be required to be made when due. Any invoice dispute or invoice adjustment shall be in writing and shall state the basis for the dispute or adjustment. Payment of the disputed amount shall not be required until the dispute is resolved. Upon resolution of the dispute, any required payment shall be made within five (5) Business Days of such resolution along with interest accrued at the Interest Rate from and including the original due date to but excluding the date paid. Inadvertent overpayments shall be returned via adjustments in accordance with Section 8.4. Any dispute with respect to an invoice is waived if the other Party is not notified in accordance with this Section 8.5 within twelve (12) months after the invoice is rendered or subsequently adjusted, except to the extent any misinformation was from a third party not affiliated with any Party and such third party corrects its information after the twelve-month period. If an invoice is not rendered within twelve (12) months after the close of the month during which performance occurred, the right to payment for such performance is waived.

8.6 Netting of Payments. The Parties hereby agree that they shall discharge mutual debts and payment obligations due and owing to each other on the same date through netting, in which case all amounts owed by each Party to the other Party for the purchase and sale of Product during the monthly billing period under this Agreement or otherwise arising out of this Agreement, including any related damages calculated pursuant to Exhibits B, G, and P, interest, and payments or credits, shall be netted so that only the excess amount remaining due shall be paid by the Party who owes it.

8.7 Seller’s Development Security. To secure its obligations under this Agreement, Seller shall deliver the Development Security to Buyer within thirty (30) days of the Effective Date. Seller shall maintain the Development Security in full force and effect; provided, Seller shall
have no obligation to replenish the Development Security in the event Buyer collects or draws down any portion of the Development Security for any reason permitted under this Agreement. Upon the earlier of (i) Seller’s delivery of the Performance Security required pursuant to Section 8.8 (provided, that at the written election of Seller, the Development Security may be applied towards Seller’s obligation to provide such Performance Security in lieu of being returned), or (ii) 30 days after termination of this Agreement, Buyer shall return the Development Security to Seller, less the amounts drawn in accordance with this Agreement. If the Development Security is a Letter of Credit and the issuer of such Letter of Credit (i) fails to maintain the minimum Credit Rating specified in the definition of Letter of Credit, (ii) indicates its intent not to renew such Letter of Credit and such Letter of Credit expires prior to the Commercial Operation Date, or (iii) fails to honor Buyer’s properly documented request to draw on such Letter of Credit by such issuer, Seller shall have ten (10) Business Days to either post cash or deliver a substitute Letter of Credit that meets the requirements set forth in the definition of Development Security.

8.8 **Seller’s Performance Security.** To secure its obligations under this Agreement, Seller shall deliver Performance Security to Buyer on or before the Commercial Operation Date. If the Performance Security is not in the form of cash or Letter of Credit, it shall be substantially in the form set forth in Exhibit L. Seller shall maintain the Performance Security in full force and effect, and Seller shall within ten (10) Business Days after any draw thereon replenish the Performance Security in the event Buyer collects or draws down any portion of the Performance Security for any reason permitted under this Agreement other than to satisfy a Termination Payment, until the following have occurred: (a) the Delivery Term has expired or terminated early; and (b) all payment obligations of the Seller then due and payable under this Agreement, including compensation for penalties, Termination Payment, indemnification payments or other damages are paid in full (whether directly or indirectly such as through set-off or netting, but excluding, for the avoidance of doubt, any contingent indemnification payments that have not yet become due and payable). Following the occurrence of both events, Buyer shall promptly return to Seller the unused portion of the Performance Security. If the Performance Security is a Letter of Credit and the issuer of such Letter of Credit (i) fails to maintain the minimum Credit Rating set forth in the definition of Letter of Credit, (ii) indicates its intent not to renew such Letter of Credit and such Letter of Credit expires prior to the Commercial Operation Date, or (iii) fails to honor Buyer’s properly documented request to draw on such Letter of Credit by such issuer, Seller shall have ten (10) Business Days to either post cash or deliver a substitute Letter of Credit that meets the requirements set forth in the definition of Performance Security.

8.9 **First Priority Security Interest in Cash or Cash Equivalent Collateral.** To secure its obligations under this Agreement, and until released as provided herein, Seller hereby grants to Buyer a present and continuing first-priority security interest ("Security Interest") in, and lien on (and right to net against), and assignment of the Development Security, Performance Security, any other cash collateral and cash equivalent collateral posted pursuant to Sections 8.7 and 8.8 and any and all interest thereon or proceeds resulting therefrom or from the liquidation thereof, whether now or hereafter held by, on behalf of, or for the benefit of Buyer, and Seller agrees to take all action as Buyer reasonably requires in order to perfect Buyer’s Security Interest in, and lien on (and right to net against), such collateral and any and all proceeds resulting therefrom or from the liquidation thereof.

Upon or any time after the occurrence of an Event of Default caused by Seller, an Early
Termination Date resulting from an Event of Default caused by Seller, or an occasion provided for in this Agreement where Buyer is authorized to retain all or a portion of the Development Security or Performance Security, Buyer may do any one or more of the following (in each case subject to the final sentence of this Section 8.9):

(a) Exercise any of its rights and remedies with respect to the Development Security and Performance Security, including any such rights and remedies under Law then in effect;

(b) Draw on any outstanding Letter of Credit issued for its benefit and retain any cash held by Buyer as Development Security or Performance Security; and

(c) Liquidate all Development Security or Performance Security (as applicable) then held by or for the benefit of Buyer free from any claim or right of any nature whatsoever of Seller, including any equity or right of purchase or redemption by Seller.

Buyer shall apply the proceeds of the collateral realized upon the exercise of any such rights or remedies to reduce Seller’s obligations under this Agreement (Seller remains liable for any amounts owing to Buyer after such application), subject to Buyer’s obligation to return any surplus proceeds remaining after these obligations are satisfied in full.

8.10 **Financial Statements.** In the event a Guaranty is provided as Performance Security in lieu of cash or a Letter of Credit, Seller shall provide to Buyer, or cause the Guarantor to provide to Buyer, unaudited quarterly and annual audited financial statements of the Guarantor (including a balance sheet and statements of income and cash flows), all prepared in accordance with generally accepted accounting principles in the United States, consistently applied.

**ARTICLE 9**

**NOTICES**

9.1 **Addresses for the Delivery of Notices.** Any Notice required, permitted, or contemplated hereunder shall be in writing, shall be addressed to the Party to be notified at the address set forth on Exhibit N or at such other address or addresses as a Party may designate for itself from time to time by Notice hereunder.

9.2 **Acceptable Means of Delivering Notice.** Except as expressly provided otherwise, each Notice required, permitted, or contemplated hereunder shall be deemed to have been validly served, given or delivered if sent by electronic mail at the time indicated by the time stamp upon delivery, except that if received after 5:00 PM Pacific Prevailing Time, it shall be deemed received on the next Business Day. Notwithstanding the foregoing, Notices of outages or other scheduling or dispatch information or requests, may be sent by electronic mail, or any other mutually-acceptable form of electronic communication, and shall be considered delivered upon successful completion of such transmission. Notices sent pursuant to Article 11 (Event of Default), Article 15 (Dispute Resolution), and Article 16 (Indemnification) must concurrently be sent by hand delivery or overnight carrier with delivery fees either prepaid or an arrangement with such carrier made for the payment of such fees.
ARTICLE 10
FORCE MAJEURE

10.1 Definition

(a) "Force Majeure Event" means any act or event that delays or prevents a Party from timely performing all or a portion of its obligations under this Agreement or from complying with all or a portion of the conditions under this Agreement if such act or event, despite the exercise of reasonable efforts, cannot be avoided by and is beyond the reasonable control (whether direct or indirect) of and without the fault or negligence of the Party relying thereon as justification for such delay, nonperformance, or noncompliance.

(b) Without limiting the generality of the foregoing, so long as the following events, despite the exercise of reasonable efforts, cannot be avoided by, and are beyond the reasonable control (whether direct or indirect) of and without the fault or negligence of the Party relying thereon as justification for such delay, nonperformance or noncompliance, a Force Majeure Event may include an act of God or the elements, such as flooding, lightning, hurricanes, tornadoes, or ice storms; explosion; fire; volcanic eruption; flood; epidemic; pandemic; landslide; mudslide; sabotage; terrorism; earthquake; or other cataclysmic events; an act of public enemy; war; blockade; civil insurrection; riot; civil disturbance; or strikes or other labor difficulties caused or suffered by a Party or any third party except as set forth below. For the avoidance of doubt, so long as the event, despite the use of reasonable efforts, cannot be avoided by, and is beyond the reasonable control of (whether direct or indirect) and without the fault or negligence of the Party relying thereon as justification for such delay, nonperformance, or noncompliance, Force Majeure Event may include an epidemic or pandemic, including in connection with the impacts of and efforts to combat or mitigate the epidemic disease designated COVID-19 and the related virus designated SARS-CoV-2 and any mutations thereof.

(c) Notwithstanding the foregoing, the term "Force Majeure Event" does not include (i) economic conditions that render a Party’s performance of this Agreement at the Contract Price unprofitable or otherwise uneconomic (including an increase in component costs for any reason, including foreign or domestic tariffs, Buyer’s ability to buy Product at a lower price, or Seller’s ability to sell the Product, or any component thereof, at a higher price, than under this Agreement); (ii) Seller’s inability to obtain permits or approvals of any type for the construction, operation, or maintenance of the Facility, except to the extent such inability is caused by a Force Majeure Event; (iii) the inability of a Party to make payments when due under this Agreement, unless the cause of such inability is an event that would otherwise constitute a Force Majeure Event as described above that disables physical or electronic facilities necessary to transfer funds to the payee Party; (iv) a Curtailment Order; (v) Seller’s inability to obtain sufficient labor, equipment, materials, or other resources to build or operate the Facility except to the extent such inability is caused by a Force Majeure Event; (vi) a strike, work stoppage or labor dispute limited only to any one or more of Seller, Seller’s Affiliates, Seller’s contractors, their subcontractors thereof or any other third party employed by Seller to work on the Facility; or (vii) any equipment failure except if such equipment failure is caused by a Force Majeure Event.

(d) Notwithstanding any provision to the contrary, a Force Majeure Event does not excuse Seller’s inability to achieve Construction Start of the Facility following the Guaranteed
Construction Start Date or achieve Commercial Operation following the Guaranteed Commercial Operation Date except to the extent such Force Majeure Event is allowed pursuant to a Development Cure Period.

10.2 No Liability and Termination Following Force Majeure Event. Subject to Section 10.1(d), neither Party shall be considered in breach or default of this Agreement if and to the extent that any failure or delay in the Party’s performance of one or more of its obligations hereunder is caused by a Force Majeure Event and neither Party shall be liable to the other Party in the event it is prevented from performing its obligations hereunder in whole or in part due to a Force Majeure Event. The Party rendered unable to fulfill any obligation by reason of a Force Majeure Event shall take reasonable actions necessary to promptly remove such inability. Nothing herein shall be construed as permitting that Party to continue to fail to perform after said cause has been removed. If a Force Majeure Event has occurred after the Commercial Operation Date that has caused either Party to be wholly or partially unable to perform its obligations hereunder, and the impacted Party has claimed and received relief from performance of its obligations for a consecutive twelve (12) month period, then the non-claiming Party may terminate this Agreement upon written Notice to the other Party. Upon any such termination, neither Party shall have any liability to the other Party, save and except for those obligations specified in Section 2.1(b), and Buyer shall promptly return to Seller any Performance Security then held by Buyer, less any amounts drawn in accordance with this Agreement. Notwithstanding the foregoing, the occurrence and continuation of a Force Majeure Event shall not (a) suspend or excuse the obligation of a Party to make any payments due hereunder, (b) suspend or excuse the obligation of Seller to achieve the Guaranteed Construction Start Date or the Guaranteed Commercial Operation Date beyond the extensions provided in Exhibit B, or (c) limit Buyer’s right to declare an Event of Default pursuant to Section 11.1(b)(ii) and receive a Damage Payment upon exercise of Buyer’s default right pursuant to Section 11.2.

10.3 Notice for Force Majeure. Within five (5) Business Days of a Party becoming aware of the commencement of Force Majeure Event, the claiming Party shall use commercially reasonable efforts to provide the other Party with oral notice of the Force Majeure Event, and within two (2) weeks of becoming aware of the commencement of a Force Majeure Event the claiming Party shall provide the other Party with notice in the form of a letter describing in detail the occurrence giving rise to the Force Majeure Event, including the nature, cause, estimated date of commencement thereof, and the anticipated extent of any delay or interruption in performance. Upon written request from Buyer, Seller shall provide documentation demonstrating to Buyer’s reasonable satisfaction that each day of the claimed delay was the result of a Force Majeure Event and did not result from Seller’s actions or failure to exercise due diligence or take reasonable actions. The claiming party shall promptly notify the other Party in writing of the cessation or termination of such Force Majeure Event, all as known or estimated in good faith by the affected Party. The suspension of performance due to a claim of a Force Majeure Event must be of no greater scope and of no longer duration than is required by the Force Majeure Event.

ARTICLE 11
DEFAULTS; REMEDIES; TERMINATION

11.1 Events of Default. An “Event of Default” shall mean,
(a) with respect to a Party (the “Defaulting Party”) that is subject to the Event of Default the occurrence of any of the following:

(i) the failure by such Party to make, when due, any payment required pursuant to this Agreement and such failure is not remedied within ten (10) Business Days after Notice thereof;

(ii) any representation or warranty made by such Party herein is false or misleading in any material respect when made or when deemed made or repeated, and such default is not remedied within thirty (30) days after Notice thereof (or such longer additional period, not to exceed an additional sixty (60) days, if the Defaulting Party is unable to remedy such default within such initial thirty (30)-day period despite exercising commercially reasonable efforts);

(iii) the failure by such Party to perform any material covenant or obligation set forth in this Agreement (except to the extent constituting a separate Event of Default set forth in this Section 11.1 or to the extent that the sole and exclusive remedy for such failure is liquidated, as expressly provided herein) and such failure is not remedied within thirty (30) days after Notice thereof (or such longer additional period, not to exceed an additional ninety (90) days, if the Defaulting Party is unable to remedy such default within such initial thirty (30)-day period despite diligently seeking a cure);

(iv) such Party becomes Bankrupt;

(v) such Party assigns this Agreement or any of its rights hereunder other than in compliance with Article 14; or

(vi) such Party consolidates or amalgamates with, or merges with or into, or transfers all or substantially all of its assets to, another entity and, at the time of such consolidation, amalgamation, merger or transfer, the resulting, surviving or transferee entity fails to assume all the obligations of such Party under this Agreement to which it or its predecessor was a party by operation of Law or pursuant to an agreement reasonably satisfactory to the other Party.

(b) with respect to Seller as the Defaulting Party, the occurrence of any of the following:

(i) if at any time, Seller delivers or attempts to deliver Energy to the Delivery Point for sale under this Agreement that was not generated or discharged by the Facility;

(ii) the failure by Seller to either (A) achieve Construction Start within [number] days following the Guaranteed Construction Start Date, or (B) achieve Commercial Operation within [number] days following the Guaranteed Commercial Operation Date, as each such date may be extended by the Development Cure Period;

(iii) if not remedied within ten (10) days after Notice thereof, the failure by Seller to deliver a Remedial Action Plan required under Section 2.4 that demonstrates a reasonable plan for completing the Facility by the Guaranteed Commercial Operation Date, as may be extended or compliance therewith delayed pursuant to Exhibit B;
(iv) Seller sells, assigns, or otherwise transfers, or commits to sell, assign, or otherwise transfer, the Product, or any portion thereof, during the Delivery Term to any party other than Buyer except as expressly permitted under this Agreement;

(v) if, in any two consecutive Contract Years, the average Monthly Storage Availability over the two-year period is less than [REDACTED];

(vi) if, beginning in the second Contract Year, the Adjusted Energy Production amount is not at least [REDACTED] of the Expected Energy amount in any Contract Year;

(vii) if, in any two (2) consecutive Contract Year period during the Delivery Term, the Adjusted Energy Production amount is not at least [REDACTED] of the Expected Energy amount in each Contract Year;

(viii) if, Seller fails to maintain a Storage Capacity equal to at least [REDACTED] of the Storage Contract Capacity for more than three hundred sixty five (365) consecutive days;

(ix) [REDACTED]

(x) [REDACTED]

(A) [REDACTED]

(B) [REDACTED]

(C) [REDACTED];

(D) [REDACTED];

(E) [REDACTED]
(xi) with respect to any outstanding Letter of Credit provided for the benefit of Buyer that is not then required under this Agreement to be canceled or returned, the failure by Seller to provide for the benefit of Buyer either (1) cash, or (2) a substitute Letter of Credit from a different issuer meeting the criteria set forth in the definition of Letter of Credit, in each case, in the amount required hereunder within ten (10) Business Days after Seller receives Notice of the occurrence of any of the following events:

(A) the issuer of the outstanding Letter of Credit shall fail to maintain a Credit Rating of at least A- by S&P or A3 by Moody’s;

(B) the issuer of such Letter of Credit becomes Bankrupt;

(C) the issuer of the outstanding Letter of Credit shall fail to comply with or perform its obligations under such Letter of Credit and such failure shall be continuing after the lapse of any applicable grace period permitted under such Letter of Credit;

(D) the issuer of the outstanding Letter of Credit shall fail to honor a properly documented request to draw on such Letter of Credit;

(E) the issuer of the outstanding Letter of Credit shall disaffirm, disclaim, repudiate or reject, in whole or in part, or challenge the validity of, such Letter of Credit;

(F) such Letter of Credit fails or ceases to be in full force and effect at any time; or

(G) Seller shall fail to renew or cause the renewal of each outstanding Letter of Credit on a timely basis as provided in the relevant Letter of Credit and as provided in accordance with this Agreement, and in no event less than thirty (30) days prior to the expiration of the outstanding Letter of Credit.

11.2 Remedies; Declaration of Early Termination Date. If an Event of Default with respect to a Defaulting Party shall have occurred and be continuing, the other Party (“Non-Defaulting Party”) shall have the following rights:

(a) to send Notice, designating a day, no earlier than the day such Notice is deemed to be received and no later than twenty (20) days after such Notice is deemed to be received, as an early termination date of this Agreement (“Early Termination Date”) that terminates this Agreement (the “Terminated Transaction”) and ends the Delivery Term effective as of the Early Termination Date;

(b) to accelerate all amounts owing between the Parties, and to collect as liquidated damages (i) the Damage Payment (in the case of an Event of Default by Seller occurring
before the Commercial Operation Date, including an Event of Default under Section 11.1(b)(ii)), or (ii) the Termination Payment calculated in accordance with Section 11.3 below (in the case of any other Event of Default by either Party);

(c) to withhold any payments due to the Defaulting Party under this Agreement;

(d) to suspend performance; or

(e) to exercise any other right or remedy available at law or in equity, including specific performance or injunctive relief, except to the extent such remedies are expressly limited under this Agreement; provided, payment by the Defaulting Party of the Damage Payment or Termination Payment, as applicable, shall constitute liquidated damages and the Non-Defaulting Party’s sole and exclusive monetary remedy for any Terminated Transaction and the Event of Default related thereto; provided further that if Buyer is the Defaulting Party, any remedy is a limited obligation payable solely from the Designated Fund.

11.3 Termination Payment. The Termination Payment (“Termination Payment”) for a Terminated Transaction shall be the aggregate of all Settlement Amounts plus any or all other amounts due to or from the Non-Defaulting Party (as of the Early Termination Date) netted into a single amount. The Non-Defaulting Party shall calculate, in a commercially reasonable manner, a Settlement Amount for the Terminated Transaction as of the Early Termination Date. Third parties supplying information for purposes of the calculation of Gains or Losses may include, without limitation, dealers in the relevant markets, end-users of the relevant product, information vendors and other sources of market information. The Settlement Amount shall not include consequential, incidental, punitive, exemplary, indirect or business interruption damages. Without prejudice to the Non-Defaulting Party’s duty to mitigate, the Non-Defaulting Party shall not have to enter into replacement transactions to establish a Settlement Amount. Each Party agrees and acknowledges that (a) the actual damages that the Non-Defaulting Party would incur in connection with a Terminated Transaction would be difficult or impossible to predict with certainty, (b) the Damage Payment or Termination Payment described in Section 11.2 or this Section 11.3 (as applicable) is a reasonable and appropriate approximation of such damages, and (c) the Damage Payment or Termination Payment described in Section 11.2 or this Section 11.3 (as applicable) is the exclusive remedy of the Non-Defaulting Party in connection with a Terminated Transaction but shall not otherwise act to limit any of the Non-Defaulting Party’s rights or remedies if the Non-Defaulting Party does not elect a Terminated Transaction as its remedy for an Event of Default by the Defaulting Party.

11.4 Notice of Payment of Termination Payment. As soon as practicable after a Terminated Transaction, Notice shall be given by the Non-Defaulting Party to the Defaulting Party of the amount of the Damage Payment or Termination Payment and whether the Termination Payment is due to or from the Non-Defaulting Party. The Notice shall include a written statement explaining in reasonable detail the calculation of such amount and the sources for such calculation. The Termination Payment shall be made to or from the Non-Defaulting Party, as applicable, within ten (10) Business Days after such Notice is effective.

11.5 Disputes With Respect to Termination Payment. If the Defaulting Party disputes the Non-Defaulting Party’s calculation of the Termination Payment, in whole or in part, the
Defaulting Party shall, within five (5) Business Days of receipt of the Non-Defaulting Party’s calculation of the Termination Payment, provide to the Non-Defaulting Party a detailed written explanation of the basis for such dispute. Disputes regarding the Termination Payment shall be determined in accordance with Article 15.

11.6 **Rights And Remedies Are Cumulative.** Except where an express and exclusive remedy or measure of damages is provided, the rights and remedies of a Party pursuant to this Article 11 shall be cumulative and in addition to the rights of the Parties otherwise provided in this Agreement.

11.7 **Seller Pre-Commercial Operation Liability Limitations.** Notwithstanding any other provision of this Agreement, Seller’s aggregate liability hereunder prior to the Commercial Operation Date, inclusive of any amounts paid as COD Delay Damages, Construction Delay Damages and any Damage Payment, as set forth in Article 4.4.5.

ARTICLE 12

LIMITATION OF LIABILITY AND EXCLUSION OF WARRANTIES.

12.1 **No Consequential Damages.** Except to the extent part of an express remedy or measure of damages herein, or part of an Article 16 indemnity claim, or included in a liquidated damages calculation, or arising from fraud or intentional misrepresentation, neither party shall be liable to the other or its indemnified persons for any special, punitive, exemplary, indirect, or consequential damages, or losses or damages for lost revenue or lost profits, whether foreseeable or not, arising out of, or in connection with this Agreement. If no remedy or measure of damages is expressly provided herein, the obligor’s liability shall be limited to direct damages only.

12.2 **Waiver and Exclusion of Other Damages.** Except as expressly set forth herein, there is no warranty of merchantability or fitness for a particular purpose, and any and all implied warranties are disclaimed. The parties confirm that the express remedies and measures of damages provided in this Agreement satisfy the essential purposes hereof. All limitations of liability contained in this Agreement, including, without limitation, those pertaining to seller’s limitation of liability and the parties’ waiver of consequential damages, shall apply even if the remedies for breach of warranty provided in this Agreement are deemed to “fail of their essential purpose” or are otherwise held to be invalid or unenforceable.

For breach of any provision for which an express and exclusive remedy or measure of damages is provided, such express remedy or measure of damages shall be the sole and exclusive remedy, the obligor’s liability shall be limited as set forth in such provision, and
ALL OTHER REMEDIES OR DAMAGES AT LAW OR IN EQUITY ARE WAIVED. THE VALUE OF ANY RENEWABLE ENERGY INCENTIVES, DETERMINED ON AN AFTER-TAX BASIS, LOST DUE TO BUYER’S DEFAULT (WHICH SELLER HAS NOT BEEN ABLE TO MITIGATE AFTER USE OF REASONABLE EFFORTS) AND AMOUNTS DUE IN CONNECTION WITH THE RECAPTURE OF ANY RENEWABLE ENERGY INCENTIVES, IF ANY, SHALL BE DEEMED TO BE DIRECT DAMAGES.

TO THE EXTENT ANY DAMAGES REQUIRED TO BE PAID HEREUNDER ARE LIQUIDATED, INCLUDING UNDER SECTIONS 3.8, 4.7, 4.8, 11.2 AND 11.3, AND AS PROVIDED IN EXHIBIT B, EXHIBIT C, EXHIBIT G, AND EXHIBIT P, THE PARTIES ACKNOWLEDGE THAT THE DAMAGES ARE DIFFICULT OR IMPOSSIBLE TO DETERMINE, THAT OTHERWISE OBTAINING AN ADEQUATE REMEDY IS INCONVENIENT, AND THAT THE LIQUIDATED DAMAGES CONSTITUTE A REASONABLE APPROXIMATION OF THE ANTICIPATED HARM OR LOSS. IT IS THE INTENT OF THE PARTIES THAT THE LIMITATIONS HEREIN IMPOSED ON REMEDIES AND THE MEASURE OF DAMAGES BE WITHOUT REGARD TO THE CAUSE OR CAUSES RELATED THERETO, INCLUDING THE NEGLIGENCE OF ANY PARTY, WHETHER SUCH NEGLIGENCE BE SOLE, JOINT OR CONCURRENT, OR ACTIVE OR PASSIVE. THE PARTIES HEREBY WAIVE ANY RIGHT TO CONTEST SUCH PAYMENTS AS AN UNREASONABLE PENALTY.

THE PARTIES ACKNOWLEDGE AND AGREE THAT MONEY DAMAGES AND THE EXPRESS REMEDIES PROVIDED FOR HEREIN ARE AN ADEQUATE REMEDY FOR THE BREACH BY THE OTHER OF THE TERMS OF THIS AGREEMENT, AND EACH PARTY WAIVES ANY RIGHT IT MAY HAVE TO SPECIFIC PERFORMANCE WITH RESPECT TO ANY OBLIGATION OF THE OTHER PARTY UNDER THIS AGREEMENT.

ARTICLE 13
REPRESENTATIONS AND WARRANTIES; AUTHORITY

13.1 Seller’s Representations, Warranties and Covenants. As of the Effective Date, Seller represents, warrants and covenants as follows:

(a) Seller is a limited liability company, duly organized, validly existing and in good standing under the laws of the jurisdiction of its formation, and is qualified to conduct business in the state of California and each jurisdiction where the failure to so qualify would have a material adverse effect on the business or financial condition of Seller.

(b) Seller has the power and authority to enter into and perform this Agreement and is not prohibited from entering into this Agreement or discharging and performing all covenants and obligations on its part to be performed under and pursuant to this Agreement. The execution, delivery and performance of this Agreement by Seller has been duly authorized by all necessary limited liability company action on the part of Seller and does not and will not require the consent of any trustee or holder of any indebtedness or other obligation of Seller or any other party to any other agreement with Seller.
(c) The execution and delivery of this Agreement, consummation of the transactions contemplated herein, and fulfillment of and compliance by Seller with the provisions of this Agreement will not conflict with or constitute a breach of or a default under any Law presently in effect having applicability to Seller, subject to any permits that have not yet been obtained by Seller, the documents of formation of Seller or any outstanding trust indenture, deed of trust, mortgage, loan agreement or other evidence of indebtedness or any other agreement or instrument to which Seller is a party or by which any of its property is bound.

(d) This Agreement has been duly executed and delivered by Seller. This Agreement is a legal, valid and binding obligation of Seller enforceable in accordance with its terms, except as limited by laws of general applicability limiting the enforcement of creditors’ rights or by the exercise of judicial discretion in accordance with general principles of equity.

(e) The Facility is located in the State of California.

(f) Neither Seller nor its Affiliates have received notice from or been advised by any existing or potential supplier or service provider that COVID-19 has caused, or is reasonably likely to cause, a delay in the construction of the Facility or the delivery of materials necessary to complete the Facility, in each case that would cause the Construction Start Date to be later than the Guaranteed Construction Start Date or the Commercial Operation Date to be later than the Guaranteed Commercial Operation Date.

(g) Seller shall obtain any and all permits and approvals, including without limitation, environmental clearance under CEQA or other environmental law, from the local jurisdiction or other authority having jurisdiction where the Facility is or will be constructed. Buyer is simply purchasing power and does not intend to be the lead agency for the Project.

(h) Seller shall maintain Site Control of the Facility throughout the Delivery Term.

(i) Seller shall comply with all federal, state and local laws, statutes, ordinances, rules and regulations, and the orders and decrees of any courts or administrative bodies or tribunals, including, without limitation those related to employment discrimination and prevailing wage, non-discrimination and non-preference; and conflict of interest.

13.2 **Buyer’s Representations and Warranties.** As of the Effective Date, Buyer represents and warrants as follows:

(a) Buyer is a California municipal corporation and a validly existing community choice aggregator, duly organized, validly existing and in good standing under the laws of the State of California and the rules, regulations and orders of the California Public Utilities Commission, and is qualified to conduct business in the State of California. All Persons making up the governing body of Buyer are the elected or appointed incumbents in their positions and hold their positions in good standing in accordance with applicable Law.

(b) Buyer has the power and authority to enter into and perform this Agreement and is not prohibited from entering into this Agreement or discharging and performing all covenants and obligations on its part to be performed under and pursuant to this Agreement, except
where such failure does not have a material adverse effect on Buyer’s performance under this Agreement. The execution, delivery and performance of this Agreement by Buyer has been duly authorized by all necessary action on the part of Buyer and does not and will not require the consent of any trustee or holder of any indebtedness or other obligation of Buyer or any other party to any other agreement with Buyer.

(c) The execution and delivery of this Agreement, consummation of the transactions contemplated herein, and fulfillment of and compliance by Buyer with the provisions of this Agreement will not conflict with or constitute a breach of or a default under any Law presently in effect having applicability to Buyer, the documents of formation of Buyer or any outstanding trust indenture, deed of trust, mortgage, loan agreement or other evidence of indebtedness or any other agreement or instrument to which Buyer is a party or by which any of its property is bound.

(d) This Agreement has been duly executed and delivered by Buyer. This Agreement is a legal, valid and binding obligation of Buyer enforceable in accordance with its terms, except as limited by laws of general applicability limiting the enforcement of creditors’ rights or by the exercise of judicial discretion in accordance with general principles of equity.

(e) Buyer warrants and covenants that with respect to its contractual obligations under this Agreement, it will not claim immunity on the grounds of sovereignty or similar grounds with respect to itself or its revenues or assets from (1) suit, (2) jurisdiction of court (provided that such court is located within a venue permitted in Law and under the Agreement), (3) relief by way of injunction, order for specific performance or recovery of property, (4) attachment of assets, or (5) execution or enforcement of any judgment; provided, however, nothing in this Agreement shall waive the obligations or rights set forth in the California Tort Claims Act (Government Code Section 810 et seq.)

(f) Buyer is a “local public entity” as defined in Section 900.4 of the Government Code of the State of California.

13.3 General Covenants. Each Party covenants that commencing on the Effective Date and continuing throughout the Contract Term:

(a) It shall continue to be duly organized, validly existing and in good standing under the Laws of the jurisdiction of its formation and to be qualified to conduct business in California and each jurisdiction where the failure to so qualify would have a material adverse effect on its business or financial condition;

(b) It shall maintain (or obtain from time to time as required) all regulatory authorizations necessary for it to legally perform its obligations under this Agreement; and

(c) It shall perform its obligations under this Agreement in compliance with all terms and conditions in its governing documents and in material compliance with any Law.

13.4 Additional Seller Covenants.

(a) Nondiscrimination/Non-Preference. Seller shall not, and shall not cause or
allow its subcontractors to, discriminate against or grant preferential treatment to any person on the basis of race, sex, color, age, religion, sexual orientation, actual or perceived gender identity, disability, ethnicity or national origin. This prohibition applies to recruiting, hiring, demotion, layoff, termination, compensation, fringe benefits, advancement, training, apprenticeship and other terms, conditions, or privileges of employment, subcontracting and purchasing. Seller will inform all subcontractors of these obligations. This prohibition is subject to the following conditions: (i) the prohibition is not intended to preclude Seller from providing a reasonable accommodation to a person with a disability; (ii) the City’s Compliance Officer may require Seller to file, and cause any Seller’s subcontractor to file, reports demonstrating compliance with this section. Any such reports shall be filed in the form and at such times as the City’s Compliance Officer designates. They shall contain such information, data and/or records as the City’s Compliance Officer determines is needed to show compliance with this provision.

(b) Conflict of Interest. Seller represents that it is familiar with the local and state conflict of interest laws, and agrees to comply with those laws in performing this Agreement. Seller certifies that, as of the Effective Date, it was unaware of any facts constituting a conflict of interest or creating an appearance of a conflict of interest. Seller shall avoid all conflicts of interest or appearances of conflicts of interest in performing this Agreement. Seller has the obligation of determining if the manner in which it performs any part of this Agreement results in a conflict of interest or an appearance of a conflict of interest, and shall immediately notify the Buyer in writing if it becomes aware of any facts giving rise to a conflict of interest or the appearance of a conflict of interest. Seller’s violation of this Section 13.6(b) is a material breach.

(c) Environmentally Preferable Procurement Policy. Seller shall perform its obligations under this Agreement in conformance with San José City Council Policy 1-19, entitled “Prohibition of City Funding for Purchase of Single serving Bottled Water,” and San José City Council Policy 4-6, entitled “Environmentally Preferable Procurement Policy,” as those policies may be amended from time to time. The Parties acknowledge and agree that in no event shall a breach of this Section 13.6(c) be a material breach of this Agreement or otherwise give rise to an Event of Default or entitle Buyer to terminate this Agreement.

(d) Gifts Prohibited. Seller represents that it is familiar with Chapter 12.08 of the San José Municipal Code, which generally prohibits a City of San José officer or designated employee from accepting any gift. Seller shall not offer any City of San José officer or designated employee any gift prohibited by Chapter 12.08 of the San José Municipal Code. Seller’s violation of this Section 13.6(d) is a material breach.

(e) Disqualification of Former Employees. Seller represents that it is familiar with Chapter 12.10 of the San José Municipal Code, which generally prohibits a former City of San José officer and former designated employee from providing services to the City of San José connected with his/her former duties or official responsibilities. Seller shall not use either directly or indirectly any officer, employee or agent to perform any services if doing so would violate Chapter 12.10 of the San José Municipal Code.

(f) City Business Tax Certificate. The Seller shall obtain a City business tax certificate or exemption, if qualified, and will maintain such certificate or exemption for the Delivery Term.
13.5 **Prevailing Wage.** Seller shall use commercially reasonable efforts to ensure that all employees hired by Seller, and its contractors and subcontractors, that will perform construction work or provide services at the Site related to construction of the Facility are paid wages at rates not less than those prevailing for workers performing similar work in the locality as provided by applicable California law, if any ("**Prevailing Wage Requirement**"). Nothing herein shall require Seller, its contractors and subcontractors to comply with, or assume liability created by other inapplicable provisions of any California labor laws. Buyer agrees that Seller's obligations under this Section 13.5 will be satisfied upon the execution of a project labor agreement related to construction of the Facility.

13.6 **Workforce Development.** Seller shall perform the obligations related to workforce development and community investment set forth in Exhibit S.

ARTICLE 14
ASSIGNMENT

14.1 **General Prohibition on Assignments.** Except as provided in this Article 14, neither Party may voluntarily assign this Agreement or its rights or obligations under this Agreement, without the prior written consent of the other Party, which consent shall not be unreasonably withheld; *provided*, that no such consent shall be required for an assignment by Seller to a Permitted Transferee. Except as provided in this Article 14, any Change of Control of Seller (whether voluntary or by operation of law) will be deemed an assignment and will require the prior written consent of the other Party, which consent shall not be unreasonably withheld, conditioned or delayed; *provided, however*, that a Change of Control of Seller shall not require Buyer's consent if the assignee or transferee is a Permitted Transferee. Any assignment made in violation of the conditions to assignment set out in this Article 14 shall be null and void. Buyer shall have no obligation to provide any consent, or enter into any agreement, that materially and adversely affects any of Buyer's rights, benefits, risks or obligations under this Agreement. Seller shall be responsible for Buyer's reasonable costs associated with the preparation, review, execution and delivery of documents in connection with any assignment of this Agreement by Seller, including without limitation reasonable attorneys' fees.

14.2 **Collateral Assignment.** Subject to the provisions of this Section 14.2, Seller has the right to assign this Agreement as collateral for any financing or refinancing of the Facility. In connection with any financing or refinancing of the Facility by Seller, Buyer shall in good faith work with Seller and Lenders to agree upon a consent to collateral assignment of this Agreement ("**Collateral Assignment Agreement**"), estoppel or other agreement reasonably requested by any Lender in connection with such financing. Each Collateral Assignment Agreement, estoppel, or other agreement must be in form and substance agreed to by Buyer, Seller and the applicable Lender, such agreement not to be unreasonably withheld. Buyer will have no obligation to provide any consent, or enter into any agreement, that materially and adversely affects any of Buyer's rights, benefits, risks or obligations under the Agreement. Buyer will not be subject to obligations under more than one Collateral Assignment Agreement at any time. Seller shall pay Buyer's reasonable out of pocket expenses, including attorneys' fees, incurred to provide consents, estoppels, or other required documentation in connection with Seller's financing for the Facility. Each Collateral Assignment Agreement must include, among others, the following provisions unless otherwise agreed to by Buyer, Seller and the applicable Lender:
(a) Buyer shall give notice of an Event of Default by Seller to the Person(s) to be specified by Lender in the Collateral Assignment Agreement before exercising its right to terminate this Agreement as a result of such Event of Default; *provided*, such notice shall be provided to Lender at the time such notice is provided to Seller and any additional cure period of Lender agreed to in the Collateral Assignment Agreement shall not commence until Lender has received notice of such Event of Default;

(b) Lender will have the right to cure an Event of Default on behalf of Seller if Lender sends a written notice to Buyer before the later of (i) the expiration of any cure period, and (ii) five (5) Business Days after Lender’s receipt of notice of such Event of Default from Buyer, indicating Lender’s intention to cure. Lender must remedy or cure such Event of Default within the cure period under this Agreement and any additional cure periods agreed in the Collateral Assignment Agreement up to a maximum of ninety (90) days (or, in the event of a bankruptcy of Seller or any foreclosure or similar proceeding if required by Lender to cure any Event of Default, an additional reasonable period of time to complete such proceedings and effect such cure not to exceed one hundred eighty (180) days without the written consent of Buyer, which consent shall not be unreasonably withheld); *provided*, if Lender is prohibited by any court order or bankruptcy or insolvency proceedings from curing the Event of Default or from commencing or prosecuting foreclosure proceedings, the foregoing time periods shall be extended by the period of such prohibition;

(c) Following an Event of Default by Seller under this Agreement, Buyer may require Seller (or Lender, if Lender has provided the notice set forth in subsection (b) above) to provide to Buyer a report concerning:

(i) The status of efforts by Seller or Lender to develop a plan to cure the Event of Default;

(ii) Impediments to the cure plan or its development;

(iii) If a cure plan has been adopted, the status of the cure plan’s implementation (including any modifications to the plan as well as the expected timeframe within which any cure is expected to be implemented); and

(iv) Any other information which Buyer may reasonably require related to the development, implementation and timetable of the cure plan.

Seller or Lender must provide the report to Buyer within ten (10) Business Days after Notice from Buyer requesting the report. Buyer will have no further right to require the report with respect to a particular Event of Default after that Event of Default has been cured;

(d) Lender will have the right to consent before any termination of this Agreement which does not arise out of an Event of Default;

(e) Lender will receive prior written notice of and the right to approve material amendments to this Agreement, which approval will not be unreasonably withheld, delayed or conditioned;
(f) If this Agreement is transferred to Lender pursuant to subsection (b) above, Lender must assume all of Seller’s obligations arising under this Agreement on and after the date of such assumption; provided, before such assumption, if Buyer advises Lender that Buyer will require that Lender cure (or cause to be cured) any Event of Default existing as of the transfer date in order to avoid the exercise by Buyer (in its sole discretion) of Buyer’s right to terminate this Agreement with respect to such Event of Default, then Lender at its option, and in its sole discretion, may elect to either:

(i) Cause such Event of Default to be cured (other than any Events of Default which relate to Seller’s bankruptcy or similar insolvency proceedings, to representations and warranties made by Seller or to Seller’s failure to perform obligations under other agreements, or which are otherwise personal to Seller), or

(ii) Not assume this Agreement.

(g) If Lender elects to transfer this Agreement, then Lender must cause the transferee to assume all of Seller’s obligations arising under this Agreement arising after the date of such assumption as a condition of the sale or transfer. Such sale or transfer may be made only to an entity that meets the definition of Permitted Transferee; and

(h) Subject to Lender’s cure of any Events of Defaults under the Agreement in accordance with Section 14.2(f), if (i) this Agreement is rejected in Seller’s Bankruptcy or otherwise terminated in connection therewith Lender or its designee shall have the right to elect within ninety (90) days after such rejection or termination, to enter into a replacement agreement with Buyer having substantially the same terms as this Agreement for the remaining term thereof, and, promptly after Lender’s written request, Buyer must enter into such replacement agreement with Lender or Lender’s designee, or (ii) if Lender or its designee, directly or indirectly, takes possession of, or title to, the Facility (including possession by a receiver or title by foreclosure or deed in lieu of foreclosure) after any such rejection or termination of this Agreement, promptly after Buyer’s written request, Lender must itself or must cause its designee to promptly enter into a new agreement with Buyer having substantially the same terms as this Agreement for the remaining term thereof; provided, in the event a designee of Lender, directly or indirectly, takes possession of, or title to, the Facility (including possession by a receiver or title by foreclosure or deed in lieu of foreclosure), if such designee is not an entity that meets the definition of Permitted Transferee then such designee shall be subject to the prior written approval of Buyer, such approval not to be unreasonably withheld, conditioned or delayed.

14.3 Permitted Assignment by Buyer. Buyer may make a limited assignment in connection with a municipal prepayment transaction to an entity that has creditworthiness that is equal to or better than the creditworthiness of Buyer (“Limited Assignee”) of Buyer’s right to receive Product and Buyer’s obligation to make payments to the Seller; provided, that unless Buyer has an Investment Grade Credit Rating, Seller and any Lenders providing Financing for the Facility shall have consented to any such assignment, which consent shall not be unreasonably withheld, delayed or conditioned. The limited assignment shall be expressly subject to the Limited Assignee’s timely payment of amounts due under the PPA. Buyer may make such assignment upon not less than thirty (30) days’ notice by delivering a written request for such assignment, and Buyer and Seller shall mutually agree on the form of such assignment, such agreement not to be
unreasonably withheld, delayed or conditioned. Subject to the foregoing, Seller agrees to (a) comply with Limited Assignee’s reasonable requests for know-your-customer and similar account opening information and documentation with respect to Seller, including but not limited to information related to forecasted generation, credit rating, and compliance with anti-money laundering rules, the Dodd-Frank Act, the Commodity Exchange Act, the Patriot Act and similar rules, regulations, requirements and corresponding policies; and (b) promptly negotiate such assignment agreement and implement such assignment as contemplated thereby.

ARTICLE 15
DISPUTE RESOLUTION

15.1 Governing Law. This Agreement and the rights and duties of the Parties hereunder shall be governed by and construed, enforced and performed in accordance with the laws of the state of California, without regard to principles of conflicts of Law. To the extent enforceable at such time, each Party waives its respective right to any jury trial with respect to any litigation arising under or in connection with this Agreement. [STC 17]. The Parties agree that any suit, action or other legal proceeding by or against any Party (or its affiliates or designees) with respect to or arising out of this Agreement shall be brought in the federal courts of the United States or the courts of the State of California sitting in the County of Santa Clara, California.

15.2 Dispute Resolution. In the event of any dispute arising under this Agreement, within ten (10) days following the receipt of a written Notice from either Party identifying such dispute, the Parties shall meet, negotiate and attempt, in good faith, to resolve the dispute quickly, informally and inexpensively.

ARTICLE 16
INDEMNIFICATION

16.1 Mutual Indemnity. To the maximum extent permitted by applicable law, each Party (the “Indemnifying Party”) agrees to defend, indemnify, and hold harmless, at its own expense, the other Party, and its respective directors, officers, agents, attorneys, consultants, employees, and representatives (“Indemnified Party”) from and against all third-party claims, demands, losses, liabilities, penalties, and expenses for personal injury or death to persons and damage to each other’s physical property or facilities or the property of any other person to the extent arising out of, resulting from, or caused by the negligent or intentional and wrongful acts, or errors or omissions of the Indemnifying Party or its affiliates, directors, officers, agents, attorneys, consultants, employees or representatives (individually, “Indemnifiable Loss” or collectively, “Indemnifiable Losses”). This indemnification obligation shall apply notwithstanding any negligent or intentional acts, errors, or omissions of an Indemnified Party, but the Indemnifying Party’s liability to pay losses to the Indemnified Party shall be reduced in proportion to the negligence or fault of the Indemnified Party. Neither Party shall be indemnified for its losses resulting from its sole negligence or willful misconduct. These indemnity provisions shall not be construed to relieve any insurer of its obligation to pay claims consistent with the provisions of a valid insurance policy.

16.2 Notice of Claim.
(a) **Notice of Claim.** Subject to the terms of this Agreement and upon obtaining knowledge of an Indemnifiable Loss for which it is entitled to indemnity under this Article 16, the Indemnified Party will promptly notify the Indemnifying Party in writing of any damage, claim, loss, liability or expense which the Indemnified Party has determined has given or could give rise to an Indemnifiable Loss under Section 16.1 ("Claim"). The Notice is referred to as a **Notice of Claim.** A Notice of Claim will specify, in reasonable detail, the facts known to the Indemnified Party regarding the Indemnifiable Loss.

(b) **Failure to Provide Notice.** A failure to give timely Notice of Claim or to include any specified information in any Notice of Claim as provided in this Section 16.2 will not affect the rights or obligations of any Party hereunder except and only to the extent that, as a result of such failure, any Party which was entitled to receive such Notice of Claim was deprived of its right to recover any payment under its applicable insurance coverage or was otherwise materially damaged as a direct result of such failure and, provided further, the Indemnifying Party is not obligated to indemnify the Indemnified Party for the increased amount of any Indemnifiable Losses which would otherwise have been payable to the extent that the increase resulted from the failure to deliver timely a Notice of Claim.

16.3 **Defense of Claims.** If, within thirty (30) days after giving a Notice of Claim regarding a Claim to the Indemnifying Party pursuant to Section 16.2, the Indemnified Party receives Notice of Claim from such Indemnifying Party that the Indemnifying Party has elected to assume the defense of such Claim, the Indemnifying Party will not be liable for any legal expenses subsequently incurred by the Indemnified Party in connection with the defense thereof; provided, however, that if the Indemnifying Party fails to take reasonable steps necessary to defend diligently such Claim within thirty (30) days after receiving Notice of Claim from the Indemnified Party that the Indemnified Party believes the Indemnifying Party has failed to take such steps, or if the Indemnifying Party has not undertaken fully to indemnify the Indemnified Party in respect of all Indemnifiable Losses relating to the matter, the Indemnified Party may assume its own defense, and the Indemnifying Party will be liable for all reasonable costs or expenses paid or incurred in connection therewith. Without the prior written consent of the Indemnified Party, the Indemnifying Party will not enter into any settlement of any Claim which would lead to liability or create any financial or other obligation on the part of the Indemnified Party for which the Indemnified Party is not entitled to indemnification hereunder; provided, however, the Indemnifying Party may accept any settlement without the consent of the Indemnified Party if such settlement provides a full release to the Indemnified Party and no requirement that the Indemnified Party acknowledge fault or culpability. If a firm offer is made to settle a Claim without leading to liability or the creation of a financial or other obligation on the part of the Indemnified Party for which the Indemnified Party is not entitled to indemnification hereunder and the Indemnifying Party desires to accept and agrees to such offer, the Indemnifying Party will give Notice to the Indemnified Party to that effect. If the Indemnified Party fails to consent to such firm offer within thirty (30) days after its receipt of such Notice, the Indemnified Party may continue to contest or defend such Claim and, in such event, the maximum liability of the Indemnifying Party to such Claim will be the amount of such settlement offer, plus reasonable costs and expenses paid or incurred by the Indemnified Party up to the date of such Notice.

16.4 **Subrogation of Rights.** Upon making any indemnity payment, the Indemnifying Party will, to the extent of such indemnity payment, be subrogated to all rights of the Indemnified
Party against any third party in respect of the Indemnifiable Loss to which the indemnity payment relates; *provided* that (a) the Indemnifying Party is in compliance with its obligations under this Agreement in respect of such Indemnifiable Losses, and (b) until the Indemnified Party recovers full payment of its Indemnifiable Loss, any and all claims of the Indemnifying Party against any such third party on account of said indemnity payment are hereby made expressly subordinated and subjected in right of payment to the Indemnified Party’s rights against such third party. Without limiting the generality or effect of any other provision hereof, the Indemnified Party and the Indemnifying Party shall execute upon request all instruments reasonably necessary to evidence and perfect the above-described subrogation and subordination rights.

16.5 **Rights and Remedies are Cumulative.** Except for express remedies already provided in this Agreement, the rights and remedies of a Party pursuant to this Article 16 are cumulative and in addition to the rights of the Parties otherwise provided in this Agreement.

**ARTICLE 17**

**INSURANCE**

17.1 **Insurance.**

(a) **General Liability.** Seller shall maintain, or cause to be maintained at its sole expense, (i) commercial general liability insurance, including products and completed operations and personal injury insurance, in a minimum amount of One Million Dollars ($1,000,000) per occurrence, and an annual aggregate of not less than Two Million Dollars ($2,000,000), endorsed to provide contractual liability in said amount, specifically covering Seller’s obligations under this Agreement and including Buyer as an additional insured; and (ii) an umbrella insurance policy in a minimum limit of liability of Six Million Dollars ($6,000,000). Defense costs shall be provided as an additional benefit and not included within the limits of liability. Such insurance shall contain standard cross-liability and severability of interest provisions. Notwithstanding the foregoing, Seller shall, by no later than the Construction Start of the Facility, maintain, or cause to be maintained at its sole expense, commercial general liability insurance, including products and completed operations and personal injury insurance, in a minimum amount of Two Million Dollars ($2,000,000) per occurrence and Seller shall be permitted to reduce its umbrella insurance policy so long as it maintains such policy with a minimum limit of liability of Five Million Dollars ($5,000,000).

(b) **Employer’s Liability Insurance.** Employers’ liability insurance shall not be less than One Million Dollars ($1,000,000) for injury or death occurring as a result of each accident. With regard to bodily injury by disease, the One Million Dollar ($1,000,000) policy limit will apply to each employee.

(c) **Workers Compensation Insurance.** Seller, if it has employees, shall also maintain at all times during the Contract Term workers’ compensation and employers’ liability insurance coverage in accordance with applicable requirements of California Law.

(d) **Business Auto Insurance.** Seller shall maintain at all times during the Contract Term business auto insurance for bodily injury and property damage with limits of One Million Dollars ($1,000,000) per occurrence. Such insurance shall cover liability arising out of
Seller’s use of all owned (if any), non-owned and hired vehicles, including trailers or semi-trailers in the performance of the Agreement.

(e) **Construction All-Risk Insurance.** Seller shall maintain or cause to be maintained during the construction of the Facility prior to the Commercial Operation Date, construction all-risk form property insurance covering the Facility during such construction periods, and naming the Seller (and Lender if any) as the loss payee.

(f) **Contractor’s Pollution Liability.** Seller shall maintain or cause to be maintained during the construction of the Facility prior to the Commercial Operation Date, Pollution Legal Liability Insurance in the amount of Two Million Dollars ($2,000,000) per occurrence and in the aggregate, naming the Seller (and Lender if any) as additional named insured.

(g) **Subcontractor Insurance.** Seller shall require all of its Major Subcontractors to carry at least the same levels of insurance as Seller; provided, Major Subcontractors shall not be required to carry construction all-risk form property insurance. All Major Subcontractors shall include Seller as an additional insured to (i) comprehensive general liability insurance; (ii) workers’ compensation insurance and employers’ liability coverage; and (iii) business auto insurance for bodily injury and property damage. All Major Subcontractors shall provide a primary endorsement and a waiver of subrogation to Seller for the required coverage pursuant to this Section 17.1(g)

(h) **Evidence of Insurance.** Prior to execution of this Agreement and upon annual renewal thereafter, Seller shall deliver to Buyer certificates of insurance evidencing such coverage. These certificates shall specify that Buyer shall be given at least thirty (30) days prior Notice by Seller in the event of any material modification, cancellation or termination of coverage. Such insurance shall be primary coverage without right of contribution from any insurance of Buyer. Any other insurance maintained by Seller is for the exclusive benefit of Seller and shall not in any manner inure to the benefit of Buyer.

**ARTICLE 18**

**CONFIDENTIAL INFORMATION**

18.1 **Definition of Confidential Information.** The following constitutes “Confidential Information,” whether oral or written which is delivered by Seller to Buyer or by Buyer to Seller that either Seller or Buyer stamps or otherwise identifies as “confidential” or “proprietary” before disclosing it to the other. Confidential Information does not include (a) information that was publicly available at the time of the disclosure, other than as a result of a disclosure in breach of this Agreement; (b) information that becomes publicly available through no fault of the recipient after the time of the delivery; (c) information that was rightfully in the possession of the recipient (without confidential or proprietary restriction) at the time of delivery or that becomes available to the recipient from a source not subject to any restriction against disclosing such information to the recipient; and (d) information that the recipient independently developed without a violation of this Agreement.
18.2 Duty to Maintain Confidentiality. Confidential Information will retain its character as Confidential Information but may be disclosed by the recipient (the “Receiving Party”) if and to the extent such disclosure is required (a) to be made by any requirements of Law, (b) pursuant to an order of a court or (c) in order to enforce this Agreement. If the Receiving Party becomes legally compelled (by interrogatories, requests for information or documents, subpoenas, summons, civil investigative demands, or similar processes or otherwise in connection with any litigation or to comply with any Law, order, regulation, ruling, regulatory request, accounting disclosure rule or standard or any exchange, control area or independent system operator rule) to disclose any Confidential Information of the disclosing Party (the “Disclosing Party”), Receiving Party shall provide Disclosing Party with prompt notice so that Disclosing Party, at its sole expense, may seek an appropriate protective order or other appropriate remedy. The Receiving Party is not required to defend against such request and shall be permitted to disclose such Confidential Information of the Disclosing Party, with no liability for any damages that arise from such disclosure. Each Party hereto acknowledges and agrees that information and documentation provided in connection with this Agreement may be subject to the California Public Records Act (Government Code Section 7920 et seq.). The Parties acknowledge and agree that this Agreement, and information and documentation provided in connection with this Agreement, including Confidential Information, may be subject to the requirements of the California Public Records Act, and Buyer shall incur no liability arising out of any disclosure of such information or documentation provided in connection with this Agreement, including Confidential Information, that is subject to public disclosure under the California Public Records Act. The provisions of this Article 18 shall survive and shall continue to be binding upon the Parties for period of two (2) years following the date of termination of this Agreement.

18.3 Irreparable Injury; Remedies. Receiving Party acknowledges that its obligations hereunder are necessary and reasonable in order to protect Disclosing Party and the business of Disclosing Party, and expressly acknowledges that monetary damages would be inadequate to compensate Disclosing Party for any breach or threatened breach by Receiving Party of any covenants and agreements set forth herein. Accordingly, Receiving Party acknowledges that any such breach or threatened breach will cause irreparable injury to Disclosing Party and that, in addition to any other remedies that may be available, in law, in equity or otherwise, Disclosing Party will be entitled to obtain injunctive relief against the threatened breach of this Agreement or the continuation of any such breach, without the necessity of proving actual damages.

18.4 Disclosure to Lenders, Etc. Notwithstanding anything to the contrary in this Article 18, Confidential Information may be disclosed by Seller to any actual or potential Lender or any of its Affiliates, and Seller’s actual or potential agents, advisors, actual or potential investors, consultants, contractors, or trustees, so long as the Person (other than a Person that has an ethical duty to Seller) to whom Confidential Information is disclosed agrees in writing to be bound by confidentiality provisions no less stringent than those in this Article 18 (subject to customary survival terms).

18.5 Press Releases. Neither Party shall issue (or cause its Affiliates to issue) a press release regarding the transactions contemplated by this Agreement unless both Parties have agreed upon the contents of any such press release. A Party’s consent shall not be unreasonably withheld, conditioned or delayed. For the purposes of this section and to the extent the information is not prohibited by law from disclosure, press release does not include records released by
Buyer, including annual comprehensive financial reports; memorandums or reports to Buyer's city council; documentations submitted to regulatory agencies; disclosures related to public financings; and production of records required by subpoena, court order, or under the California Public Records Act (Government Code Section 7920 et seq.).

ARTICLE 19
MISCELLANEOUS

19.1 **Entire Agreement; Integration; Exhibits.** This Agreement, together with the Cover Sheet and Exhibits attached hereto constitutes the entire agreement and understanding between Seller and Buyer with respect to the subject matter hereof and supersedes all prior agreements relating to the subject matter hereof, which are of no further force or effect. The Exhibits attached hereto are integral parts hereof and are made a part of this Agreement by reference. The headings used herein are for convenience and reference purposes only. In the event of a conflict between the provisions of this Agreement and those of the Cover Sheet or any Exhibit, the provisions of first the Cover Sheet, and then this Agreement shall prevail, and such Exhibit shall be corrected accordingly. Without limiting the operation of Section 1.2(m), this Agreement shall be considered for all purposes as prepared through the joint efforts of the Parties and shall not be construed against one Party or the other as a result of the preparation, substitution, submission or other event of negotiation, drafting or execution hereof.

19.2 **Amendments.** This Agreement may only be amended, modified or supplemented by an instrument in writing executed by duly authorized representatives of Seller and Buyer; provided, for the avoidance of doubt, this Agreement may not be amended by electronic mail communications.

19.3 **No Waiver.** Waiver by a Party of any default by the other Party shall not be construed as a waiver of any other default.

19.4 **No Agency, Partnership, Joint Venture or Lease.** Seller and the agents and employees of Seller shall, in the performance of this Agreement, act in an independent capacity and not as officers or employees or agents of Buyer. Under this Agreement, Seller and Buyer intend to act as energy seller and energy purchaser, respectively, and do not intend to be treated as, and shall not act as, partners in, co-venturers in or lessor/lessee with respect to the Facility or any business related to the Facility. This Agreement shall not impart any rights enforceable by any third party (other than a permitted successor or assignee bound to this Agreement or, to the extent set forth herein, any Lender or indemnified party pursuant to Article 16).

19.5 **Severability.** In the event that any provision of this Agreement is unenforceable or held to be unenforceable, the Parties agree that all other provisions of this Agreement have force and effect and shall not be affected thereby. The Parties shall, however, use their best endeavors to agree on the replacement of the void, illegal or unenforceable provision(s) with legally acceptable clauses which correspond as closely as possible to the sense and purpose of the affected provision and this Agreement as a whole.
19.6 **Mobile-Sierra.** Notwithstanding any other provision of this Agreement, neither Party shall seek, nor shall they support any third party seeking, to prospectively or retroactively revise the rates, terms or conditions of service of this Agreement through application or complaint to FERC pursuant to the provisions of Section 205, 206 or 306 of the Federal Power Act, or any other provisions of the Federal Power Act, absent prior written agreement of the Parties. Further, absent the prior written agreement in writing by both Parties, the standard of review for changes to the rates, terms or conditions of service of this Agreement proposed by a Party shall be the “public interest” standard of review set forth in United Gas Pipe Line Co. v. Mobile Gas Service Corp., 350 U.S. 332 (1956) and Federal Power Commission v. Sierra Pacific Power Co., 350 U.S. 348 (1956). Changes proposed by a non-Party or FERC acting *sua sponte* shall be subject to the most stringent standard permissible under Law.

19.7 **Counterparts.** This Agreement may be executed in one or more counterparts, all of which taken together shall constitute one and the same instrument and each of which shall be deemed an original.

19.8 **Electronic Delivery.** This Agreement may be duly executed and delivered by a Party by execution and electronic format (including portable document format (.pdf)) delivery of the signature page of a counterpart to the other Party, and, if delivery is made by electronic format, the executing Party shall promptly deliver, via overnight delivery, a complete original counterpart that it has executed to the other Party, but this Agreement shall be binding on and enforceable against the executing Party whether or not it delivers such original counterpart.

19.9 **Binding Effect.** This Agreement shall inure to the benefit of and be binding upon the Parties and their respective successors and permitted assigns.

19.10 **Designated Fund; Limited Obligations.**

(a) **Designated Fund.** Buyer is a municipal corporation and is precluded under the California State Constitution and applicable law from entering into obligations that financially bind future governing bodies without an appropriation for such obligation, and, therefore, nothing in this Agreement shall constitute an obligation of future legislative bodies of the City to appropriate funds for purposes of the Agreement; *provided, however,* that (i) Buyer has created and set aside a designated operating fund for San José Clean Energy as further described in Section 4.80.4050 of the City of San José Municipal Code (the “Designated Fund”) for payment of its obligations under this Agreement, (ii) as set forth in Section 4.80.4060 of the City of San José Municipal Code, all monies derived from operation of San José Clean Energy, including revenues from sale of electricity, payments from other entities, and any financing proceeds associated with San José Clean Energy will be deposited in the Designated Fund, and (iii) subject to the requirements and limitations of applicable law and taking into account other available money specifically authorized by the San José City Council and allocated and appropriated to the San José Clean Energy’s obligations, Buyer agrees to establish San José Clean Energy rates and charges that are sufficient to maintain revenues in the Designated Fund necessary to pay its obligations under this Agreement and all of Buyer’s payment obligations under its other contracts for the purchase of energy for San José Clean Energy. Buyer shall provide Seller with reasonable access to account balance information with respect to the San José Clean Energy Designated Fund during the Term.
(b) **Limited Obligations.** Buyer’s payment obligations under this Agreement are special limited obligations of the Buyer payable solely from the Designated Fund and are not a charge upon the revenues or general fund of the City of San José or upon any non-San José Clean Energy moneys or other property of the City of San José.

19.11 **Forward Contract.** The Parties acknowledge and agree that this Agreement constitutes a “forward contract” within the meaning of the U.S. Bankruptcy Code, and Buyer and Seller are “forward contract merchants” within the meaning of the U.S. Bankruptcy Code. Each Party further agrees that, for all purposes of this Agreement, each Party waives and agrees not to assert the applicability of the provisions of 11 U.S.C. § 366 in any bankruptcy proceeding wherein such Party is a debtor. In any such proceeding, each Party further waives the right to assert that the other Party is a provider of last resort to the extent such term relates to 11 U.S.C. §366 or another provision of 11 U.S.C. § 101-1532.

19.12 **Further Assurances.** Each of the Parties hereto agree to provide such information, execute and deliver any instruments and documents and to take such other actions as may be necessary or reasonably requested by the other Party which are not inconsistent with the provisions of this Agreement and which do not involve the assumptions of obligations other than those provided for in this Agreement, to give full effect to this Agreement and to carry out the intent of this Agreement.

*Signatures on following page*
IN WITNESS WHEREOF, the Parties have caused this Agreement to be duly executed as of the Effective Date.

EXHIBIT A

FACILITY DESCRIPTION

Site Name: Seal Beach

Site includes all or some of the following APNs: (To be filled in prior to execution)

Count: Orange

CEQA Lead Agency: N/A

Type of Generating Facility: Solar photovoltaic electricity generating facility

Operating Characteristics of Generating Facility: Solar photovoltaic electricity generating facility

Type of Storage Facility: A lithium-ion battery energy storage system which is capable of receiving Charging Energy from the Generating Facility and in the form of grid energy.

SCADA and Energy Management Software: Remotely operable, historian, SCADA/AGC communication and operability with the Generating Facility controller and Buyer’s SC, and provides the following Applications/Modes: Dynamic Voltage Support— for both Generating Facility and Storage Facility; Shifting; Regulation; Flexible Ramp; Spinning Reserve; and ITC Compliance (if applicable).

Operating Characteristics of Storage Facility: at Installed Battery Capacity at Delivery Point; set point control.

Operating Restrictions of Storage Facility: See Exhibit Q.

Maximum Charging Capacity:

Maximum Discharging Capacity:

Interconnection Point: The Facility shall interconnect to Ketch 12 kV Circuit out of the Bolsa Substation (the “Interconnection Point”).

Settlement Point: The “Settlement Point” shall be.

Delivery Point: Barre 220/66 kV System

Generating Facility Meter: See Exhibit R.
Storage Facility Meter Location: See Exhibit R.

PNode: [redacted]

Participating Transmission Owner: Southern California Edison
EXHIBIT B

MAJOR PROJECT DEVELOPMENT MILESTONES AND COMMERCIAL OPERATION

1. Major Project Development Milestones.

a. “Construction Start” will occur upon Seller’s acquisition of all applicable regulatory authorizations, approvals and permits for the construction of the Facility, has engaged all major contractors and ordered all major equipment and supplies as, in each case, can reasonably be considered necessary so that physical construction of the Facility may begin and proceed to completion without foreseeable interruption of material duration, and has executed an engineering, procurement, and construction contract or an equipment supply agreement and a balance of plant contract and issued thereunder a notice to proceed that authorizes the contractor to mobilize to Site and begin physical construction at the Site. The date of Construction Start will be evidenced by and subject to Seller’s delivery to Buyer of a certificate substantially in the form attached as Exhibit I hereto, and the date certified therein shall be the “Construction Start Date.” Seller shall cause Construction Start to occur no later than the Guaranteed Construction Start Date.

b. “Major Project Development Milestone” means either the Guaranteed Construction Start Date or the Executed Interconnection Agreement Milestone. If Construction Start is not achieved by the Guaranteed Construction Start Date, or the Interconnection Agreement is not signed by Seller and the PTO on or before the Executed Interconnection Agreement Milestone, Seller shall pay Construction Delay Damages to Buyer for each day for which a Major Project Development Milestone has not been completed; provided, that Seller not be obligated to pay any further Construction Delay Damages once the amount of the Construction Delay Damages paid by Seller equals the amount of the Development Security required hereunder. Construction Delay Damages will be calculated separately and accrue independently for each Major Project Development Milestone. Construction Delay Damages shall be payable to Buyer by Seller until Seller completes both Major Project Development Milestone. On or before the tenth (10th) day of each month, Buyer shall invoice Seller for Construction Delay Damages, if any, accrued during the prior month and, within ten (10) Business Days following Seller’s receipt of such invoice, Seller shall pay Buyer the amount of the Construction Delay Damages set forth in such invoice. Construction Delay Damages shall be refundable to Seller pursuant to Section 2(b) of this Exhibit B. The Parties agree that Buyer’s receipt of Construction Delay Damages shall be Buyer’s sole and exclusive remedy for Seller’s unexcused delay in achieving the Major Project Development Milestones, but shall (x) not be construed as Buyer’s declaration that an Event of Default has occurred under any provision of Section 11.1 and (y) not limit Buyer’s right to declare an Event of Default pursuant to Section 11.1(b)(ii) and, subject to Section 11.7, receive a Damage Payment upon exercise of Buyer’s default right pursuant to Section 11.2.
2. **Commercial Operation of the Facility.** "Commercial Operation" means the condition existing when (i) Seller has fulfilled all of the conditions precedent in Section 2.2 of the Agreement and provided Notice to Buyer substantially in the form of Exhibit H (the "COD Certificate") and (ii) Seller has notified Buyer in writing that it has provided the required documentation to Buyer and met the conditions for achieving Commercial Operation. The "Commercial Operation Date" shall be the later of (x) the Expected Commercial Operation Date, or (y) the date on which Commercial Operation is achieved.

a. Seller shall cause Commercial Operation for the Facility to occur by the Expected Commercial Operation Date (as such date may be extended by the Development Cure Period (defined below), the "Guaranteed Commercial Operation Date"). Seller shall notify Buyer that it intends to achieve Commercial Operation at least sixty (60) days before the anticipated Commercial Operation Date.

b. If Seller achieves Commercial Operation for the Facility by the Guaranteed Commercial Operation Date, all Construction Delay Damages paid by Seller shall be refunded to Seller. Seller shall include a request for refund of the Construction Delay Damages with the first invoice to Buyer after Commercial Operation.

c. If Seller does not achieve Commercial Operation by the Guaranteed Commercial Operation Date, as it may be extended as provided herein, Seller shall pay COD Delay Damages to Buyer for each day after the Guaranteed Commercial Operation Date until the Commercial Operation Date, which COD Delay Damages shall be paid to Buyer in advance on a monthly basis provided, that, notwithstanding anything herein to the contrary, once the aggregate amount of the Construction Delay Damages plus the COD Delay Damages for which Seller has made payment to Buyer totals an amount equal to the posted Development Security, Seller shall issue notice to Buyer to draw on the Development Security for any additional COD Delay Damages equal to the number of additional days for which Seller wishes to extend the Guaranteed Commercial Operation Date and Seller shall have no obligation to replenish the Development Security for any amounts so drawn. A prorated amount will be returned to Seller if COD is achieved during the month for which COD Delay Damages were paid in advance. The Parties agree that Buyer’s receipt of COD Delay Damages shall be Buyer’s sole and exclusive remedy for Seller’s failure to achieve the Commercial Operation Date on or before the Guaranteed Commercial Operation Date, but shall (x) not be construed as Buyer’s declaration that an Event of Default has occurred under any provision of Section 11.1 and (y) subject to Section 11.7, not limit Buyer’s right to receive a Damage Payment upon exercise of Buyer’s default right pursuant to Section 11.2.

3. **Termination for Failure to Achieve Commercial Operation.** If the Facility has not achieved Construction Start within [ ] days following the Guaranteed Construction Start Date, or achieved Commercial Operation within [ ] days following the Guaranteed Commercial Operation Date, Buyer may elect to terminate this Agreement in accordance with Sections 11.1(b)(ii) and 11.2.
4. **Extension of the Guaranteed Dates.** The Guaranteed Construction Start Date and the Guaranteed Commercial Operation Date may both, subject to notice and documentation requirements set forth below, be extended on a day-for-day basis (the “**Development Cure Period**”) due to (a) a Force Majeure Event, (b) Buyer Default, or (c) the Interconnection Facilities or Reliability Network Upgrades are not complete and ready for the Facility to connect and sell Product at the Delivery Point by the Guaranteed Commercial Operation Date, despite the exercise of diligent and commercially reasonable efforts by Seller. Notwithstanding anything to the contrary, the cumulative extensions under the Development Cure Period shall not exceed [redacted] days for any reason. In addition, no extension shall be given under the Development Cure Period (i) if the delay was due to Seller’s failure to take commercially reasonable actions to meet its requirements and deadlines, (ii) if Seller is asserting a claim of Force Majeure Event, and Seller does not satisfy the requirements of a Force Majeure Event, including the notice and documentation requirements under Section 10.3, or (iii) if Seller is asserting a claim for any other delay provided for above and Seller fails to provide written notice to Buyer within [redacted] days after Seller became aware of an actual delay affecting the Facility, except that in the case of a delay occurring within [redacted] of the Expected Commercial Operation Date, or after such date, Seller must provide written notice within ten (10) Business Days of Seller becoming aware of such delay. As used in the preceding sentence, “actual delay” does not include Seller’s receipt of generic notices of potential delays. Upon request from Buyer, Seller shall promptly provide documentation demonstrating to Buyer’s reasonable satisfaction that the delays described above did not result from Seller’s actions or failure to take reasonable actions.

5. **Failure to Reach Guaranteed Capacity or Storage Contract Capacity.**

   a. **Guaranteed Capacity.** If, at Commercial Operation, the Installed Generating Capacity is less than [redacted] of the Guaranteed Capacity, Seller shall have [redacted] after the Commercial Operation Date to install additional capacity or Network Upgrades such that the Installed Generating Capacity is equal to (but not greater than) the Guaranteed Capacity, and Seller shall provide to Buyer a new certificate substantially in the form attached as Exhibit I hereto specifying the new Installed Generating Capacity. If Seller fails to construct the Guaranteed Capacity by such date, Seller shall pay “**Capacity Damages**” to Buyer, in an amount equal [redacted] for each MW that the Guaranteed Capacity exceeds the Installed Generating Capacity, and the Guaranteed Capacity and other applicable portions of the Agreement shall be adjusted accordingly, including the amount of the Expected Energy as set forth on the Cover Sheet.

   b. **Storage Contract Capacity.** If, at Commercial Operation, the Installed Battery Capacity is less than [redacted] of the Storage Contract Capacity, Seller shall have [redacted] days after the Commercial Operation Date to install additional capacity or Network Upgrades such that the Installed Battery Capacity is equal to (but not greater than) [redacted] of the Storage Contract Capacity, and Seller shall provide to Buyer a new certificate substantially in the form attached as Exhibit I hereto specifying the new Installed Battery Capacity.
Battery Capacity. If Seller fails to construct the Storage Contract Capacity by such date, Seller shall pay Capacity Damages to Buyer, in an amount equal to $ for each MW that the Storage Contract Capacity exceeds the Installed Battery Capacity, and the Storage Contract Capacity and other applicable portions of the Agreement shall be adjusted accordingly.
EXHIBIT C

COMPENSATION

Buyer shall compensate Seller for the Product in accordance with this Exhibit C.

(a) **Renewable Rate.** Buyer shall pay Seller the Renewable Rate for each MWh of Generating Facility Energy, plus Deemed Delivered Energy above the Curtailment Cap, if any, up to [REPLACE] of the Expected Energy for each Contract Year.

(b) **Excess Contract Year Deliveries Over [REPLACE].** If, at any point in any Contract Year, the amount of Generating Facility Energy plus the amount of Deemed Delivered Energy above the Curtailment Cap exceeds [REPLACE] of the Expected Energy for such Contract Year, the price to be paid for additional Generating Facility Energy or Deemed Delivered Energy shall be equal to the lesser of (a) the Delivery Point LMP for the Real-Time Market for the applicable Settlement Interval but not less than [REPLACE] or (b) [REPLACE] of the Renewable Rate. If, at any point in any Contract Year, the amount of Generating Facility Energy plus the amount of Deemed Delivered Energy above the Curtailment Cap exceeds [REPLACE] of the Expected Energy for such Contract Year, no payment shall be owed by Buyer for any additional Generating Facility Energy or Deemed Delivered Energy.

(c) **Excess Settlement Interval Deliveries.** If during any Settlement Interval, Seller delivers Generating Facility Energy to the Delivery Point in excess of the product of the Guaranteed Capacity and the duration of the Settlement Interval, expressed in hours ("Excess MWh"), then the price applicable to all such Excess MWh in such Settlement Interval shall be [REPLACE] and if there is a Negative LMP during such Settlement Interval, Seller shall pay to Buyer an amount equal to the [REPLACE].

(d) **Curtailment Payments.** Seller shall receive no compensation from Buyer for (i) Generating Facility Energy or Deemed Delivered Energy during any Curtailment Period and (ii) Deemed Delivered Energy in amounts below the Curtailment Cap. Buyer shall pay for Deemed Delivered Energy above the Curtailment Cap at the Renewable Rate.

(e) **Storage Rate.** All Storage Product shall be paid on a monthly basis at the Storage Rate multiplied by the Storage Contract Capacity, as adjusted for the Storage Capacity Test, for such month multiplied by the Availability Adjustment for such month (as determined under Exhibit P) multiplied by the Round-Trip Efficiency Factor for such month. Such payment constitutes the entirety of the amount due to Seller from Buyer for the Storage Product.

(f) **Liquidated Damages for Failure to Achieve Guaranteed Efficiency Rate.** If during any month during the Delivery Term, the Efficiency Rate applicable to such month is less than the Guaranteed Efficiency Rate, Seller shall owe liquidated damages to Buyer, which damages shall be calculated by multiplying (i) the total Charging Energy for such month, by (ii) the percentage amount by which such applicable Efficiency Rate is less than the Guaranteed Efficiency Rate, by (iii) the Renewable Rate, which amount Seller shall set off against amounts payable by Buyer in the applicable monthly invoice.

Exhibit C - 1
(g) **Test Energy.** Test Energy is compensated in accordance with Section 3.6.

(h) **Tax Credits.** The Parties agree that neither the Renewable Rate, the Storage Rate nor the Test Energy Rate are subject to adjustment or amendment if Seller fails to receive any ITC or PTC or any equivalent federal or state Tax Credits, or if any Tax Credits expire, are repealed or otherwise cease to apply to Seller or the Facility in whole or in part, or Seller or its investors are unable to benefit from any Tax Credits. Seller shall bear all risks, financial and otherwise, throughout the Contract Term, associated with Seller’s or the Facility’s eligibility to receive Tax Credits or to qualify for accelerated depreciation for Seller’s accounting, reporting or Tax purposes. The obligations of the Parties hereunder, including those obligations set forth herein regarding the purchase and price for and Seller’s obligation to deliver Facility Energy and Product, shall be effective regardless of whether the sale of Facility Energy is eligible for, or receives Tax Credits during the Contract Term. The Parties acknowledge that if, at any time after the Effective Date, Tax Credits or incentives applicable to the Facility or its output become available that are not available on the Effective Date due to a change in law (excluding Tax Credits or incentives which result from the Inflation Reduction Act of 2022 (“IRA”) as enacted as of the Effective Date or any future interpretation thereof or any regulations issued thereunder), then Buyer shall be entitled to receive [redacted] of the net economic benefit of such tax credits or incentives realized by Seller (or any of its Affiliates), after taking into consideration Seller’s reasonable costs to procure such credits or incentives and to obtain the net economic benefit thereof (including any costs related to tax equity financing), promptly upon receipt by Seller of the same. Parties shall mutually agree as to whether the [redacted] to which Buyer is entitled shall be passed through the billing process as credits to Buyer’s account or as an adjustment to the Contract Price.
EXHIBIT D

SCHEDULING COORDINATOR RESPONSIBILITIES

(a) Buyer as Scheduling Coordinator for the Facility. Upon Initial Synchronization of the Facility to the CAISO Grid, Buyer shall be the Scheduling Coordinator or designate a qualified third party to provide Scheduling Coordinator services with the CAISO for the Facility for both the delivery and the receipt of Test Energy and the Product at the Delivery Point. At least thirty (30) days prior to the Initial Synchronization of the Facility to the CAISO Grid, (i) Seller shall take all actions and execute and deliver to Buyer and the CAISO all documents necessary to authorize or designate Buyer (or Buyer’s designee) as the Scheduling Coordinator for the Facility effective as of the Initial Synchronization of the Facility to the CAISO Grid, and (ii) Buyer shall, and shall cause its designee, to take all actions and execute and deliver to Seller and the CAISO all documents necessary to authorize or designate Buyer or its designee as the Scheduling Coordinator for the Facility effective as of the Initial Synchronization of the Facility to the CAISO Grid. On and after Initial Synchronization of the Facility to the CAISO Grid, Seller shall not authorize or designate any other party to act as the Facility’s Scheduling Coordinator, nor shall Seller perform for its own benefit the duties of Scheduling Coordinator, and Seller shall not revoke Buyer’s authorization to act as the Facility’s Scheduling Coordinator unless agreed to by Buyer. Buyer (as the Facility’s SC) shall submit Schedules to the CAISO in accordance with this Agreement and the applicable CAISO Tariff, protocols and Scheduling practices for Product on a day-ahead, hour-ahead, fifteen-minute market or real time basis, as determined by Buyer. Buyer shall cause its Scheduling Coordinator to reasonably cooperate with Seller during the testing and commissioning of the Facility prior to the Commercial Operation Date.

(b) Notices. Buyer (as the Facility’s SC) shall provide Seller with access to a web-based system through which Seller shall submit to Buyer and the CAISO all notices and updates required under the CAISO Tariff regarding the Facility’s status, including, but not limited to, all outage requests, forced outages, forced outage reports, clearance requests, or must offer waiver forms. Seller will cooperate with Buyer to provide such notices and updates. If the web-based system is not available, Seller shall promptly submit such information to Buyer and the CAISO (in order of preference) telephonically, by electronic mail, transmission to the personnel designated to receive such information.

(c) CAISO Costs and Revenues. Except as otherwise set forth below, Buyer (as Scheduling Coordinator for the Facility) shall be responsible for CAISO costs (including penalties, Imbalance Energy costs, and other charges) and shall be entitled to all CAISO revenues (including credits, Imbalance Energy revenues, and other payments), including revenues associated with CAISO dispatches, bid cost recovery, Inter-SC Trade credits, or other credits in respect of the Product Scheduled or delivered from the Facility. Seller shall assume all liability and reimburse Buyer for any and all costs, charges or sanctions associated with delivery of Resource Adequacy Benefits from the Facility (including Non-Availability Charges (as defined in the CAISO Tariff)); provided, any Availability Incentive Payments (as defined in the CAISO Tariff) are for the benefit of Seller and for Seller’s account and that any Non-Availability Charges (as defined in the CAISO Tariff) are the responsibility of the Seller and for Seller’s account, except to the extent any such Non-Availability Charges are incurred due to Buyer or Buyer’s SC’s failure to perform its duties as Scheduling Coordinator for the Facility, including a failure to perform its

Exhibit D - 1
must offer requirements under Section 40.6 of the CAISO Tariff, in which case, such Non-Availability Charges shall be the responsibility of Buyer and for Buyer’s account. In addition, if during the Delivery Term, the CAISO implements or has implemented any sanction or penalty related to scheduling, outage reporting, or generator operation, and any such sanctions or penalties are imposed upon the Facility or to Buyer as Scheduling Coordinator due to failure by Seller to abide by the CAISO Tariff or any CAISO directive, or to perform in accordance with this Agreement, including with respect to the outage notification requirements set forth in this Agreement, the cost of the sanctions or penalties shall be Seller’s responsibility.

(d) **CAISO Settlements.** Buyer (as the Facility’s SC) shall be responsible for all settlement functions with the CAISO related to the Facility. Buyer shall render a separate invoice to Seller for any CAISO payments, charges or penalties (“**CAISO Charges Invoice**”) for which Seller is responsible under this Agreement. CAISO Charges Invoices shall be rendered after settlement information becomes available from the CAISO that identifies any CAISO charges. Notwithstanding the foregoing, Seller acknowledges that the CAISO will issue additional invoices reflecting CAISO adjustments to such CAISO charges. Buyer will review, validate, and if requested by Seller under paragraph (e) below, dispute any charges that are the responsibility of Seller in a timely manner and consistent with Buyer’s existing settlement processes for charges that are Buyer’s responsibilities. Subject to Seller’s right to dispute and to have Buyer pursue the dispute of any such invoices, Seller shall pay the amount of CAISO Charges Invoices within ten (10) Business Days of Seller’s receipt of the CAISO Charges Invoice. If Seller fails to pay such CAISO Charges Invoice within that period, Buyer may net or offset any amounts owing to it for these CAISO Charges Invoices against any future amounts it may owe to Seller under this Agreement. The obligations under this Section with respect to payment of CAISO Charges Invoices shall survive the expiration or termination of this Agreement.

(e) **Dispute Costs.** Buyer (as the Facility’s SC) may be required by Seller to dispute CAISO settlements in respect of the Facility. Seller agrees to pay Buyer’s costs and expenses (including reasonable attorneys’ fees) associated with its involvement with such CAISO disputes to the extent they relate to CAISO charges payable by Seller with respect to the Facility that Seller has directed Buyer to dispute.

(f) **Terminating Buyer’s Designation as Scheduling Coordinator.** At least thirty (30) days prior to expiration of this Agreement or as soon as reasonably practicable upon an earlier termination of this Agreement, the Parties will take all actions necessary to terminate the designation of Buyer as Scheduling Coordinator for the Facility as of 11:59 p.m. on such expiration date.

(g) **Master Data File and Resource Data Template.** Seller shall provide the data to the CAISO (and to Buyer) that is required for the CAISO’s Master Data File and Resource Data Template (or successor data systems) for the Facility consistent with this Agreement. Neither Party shall change such data without the other Party’s prior written consent. At least once per Contract Year, Seller shall review and confirm that the data provided for the CAISO’s Master Data File and Resource Data Template (or successor data systems) for this Facility remains consistent with the actual operating characteristics of the Facility and update such data as appropriate.

(h) **NERC Reliability Standards.** Buyer (as Scheduling Coordinator) shall
cooperate reasonably with Seller to the extent necessary to enable Seller to comply, and for Seller to demonstrate Seller’s compliance with, NERC reliability standards. This cooperation shall include the provision of information in Buyer’s possession that Buyer (as Scheduling Coordinator) has provided to the CAISO related to the Facility or actions taken by Buyer (as Scheduling Coordinator) related to Seller’s compliance with NERC reliability standards.
EXHIBIT E

PROGRESS REPORTING FORM

Each Progress Report must include the following items:

1. Executive Summary.
2. Facility description.
3. Site plan of the Facility.
4. Description of any material planned changes to the Facility or the Site.
5. Gantt chart schedule showing progress on achieving each of the Milestones.
6. Summary of activities during the previous calendar quarter or month, as applicable, including any OSHA labor hour reports.
7. Forecast of activities scheduled for the current calendar quarter.
8. Written description about the progress relative to Seller’s Milestones, including whether Seller has met or is on target to meet the Milestones.
9. List of issues that are likely to potentially affect Seller’s Milestones.
10. A status report of start-up activities including a forecast of activities ongoing and after start-up, a report on Facility performance including performance projections for the next twelve (12) months.
11. Prevailing wage reports as required by Law.
12. Progress and schedule of all major agreements, contracts, permits, approvals, technical studies, financing agreements and major equipment purchase orders showing the start dates, completion dates, and completion percentages.
13. Pictures, in sufficient quantity and of appropriate detail, in order to document construction and startup progress of the Facility, the interconnection into the Transmission System and all other interconnection utility services.
14. Supplier Diversity Reporting (if applicable). Format to be provided by Buyer.
15. Any other documentation reasonably requested by Buyer.

The foregoing table is provided for informational purposes only, and it shall not constitute, or be deemed to constitute, an obligation of any of the Parties to this Agreement.
EXHIBIT G

GUARANTEED ENERGY PRODUCTION DAMAGES CALCULATION

In accordance with Section 4.7, if Seller fails to achieve the Guaranteed Energy Production during any Performance Measurement Period, a liquidated damages payment shall be due from Seller to Buyer, calculated as follows:

\[ [(A - B) \times (C - D)] \]

where:

\( A = \) the Guaranteed Energy Production amount for the Performance Measurement Period, in MWh

\( B = \) the Adjusted Energy Production amount for the Performance Measurement Period, in MWh

\( C = \) Replacement price for the Performance Measurement Period, in $/MWh, which is the sum of (a) the simple average of the Integrated Forward Market hourly price for all the hours in the Performance Measurement Period, as published by the CAISO, for the Existing Zone Generation Trading Hub (as defined in the CAISO Tariff) for the Delivery Point, plus (b) the lesser of (i) [redacted] or (ii) the market value of Replacement Green Attributes, as determined by Buyer in a commercially reasonable manner.

\( D = \) the Renewable Rate, in $/MWh

"Adjusted Energy Production" shall mean the sum of the following: Generating Facility Energy + Deemed Delivered Energy + Lost Output.

No payment shall be due if the calculation of \((A - B)\) or \((C - D)\) yields a negative number.

Within sixty (60) days after a Contract Year, Buyer will send Seller Notice of the amount of damages owing, if any, which shall be payable to Buyer within thirty (30) days of such Notice.
EXHIBIT H

FORM OF COMMERCIAL OPERATION DATE CERTIFICATE

This certification ("Certification") of Commercial Operation is delivered by [Licensed Professional Engineer] ("Engineer") to City of San José, a California municipal corporation ("Buyer") in accordance with the terms of that certain Renewable Power Purchase Agreement dated [date] ("Agreement") by and between [Name of Seller], and Buyer. All capitalized terms used in this Certification but not otherwise defined herein shall have the respective meanings assigned to such terms in the Agreement.

As of [DATE], Engineer hereby certifies and represents to Buyer the following:

1. The Generating Facility and the Storage Facility are fully operational, reliable and interconnected, fully integrated and synchronized with the Transmission System.

2. Seller has installed equipment for the Generating Facility with a nameplate capacity of no less than [Redacted] of the Guaranteed Capacity.

3. Seller has installed equipment for the Storage Facility with a nameplate capacity of no less than [Redacted] of the Storage Contract Capacity.

4. Seller has commissioned all equipment in accordance with its respective manufacturer’s specifications.

5. Seller has demonstrated functionality of the Facility’s communication systems and automatic generation control (AGC) interface to operate the Facility as necessary to respond and follow instructions, including an electronic signal conveying real time and intra-day instructions, directed by the Buyer in accordance with the Agreement and the CAISO.

6. The Generating Facility’s testing included a performance test demonstrating peak electrical output of no less than [Redacted] of the Guaranteed Capacity for the Generating Facility at the Delivery Point, as adjusted for ambient conditions on the date of the Facility testing.

7. The Storage Facility is fully capable of charging, storing and discharging energy up to no less than [Redacted] of the Storage Contract Capacity and receiving instructions to charge, store and discharge Energy, all within the operational constraints and subject to the applicable Operating Restrictions.

8. Authorization to parallel the Facility was obtained from the Participating Transmission Owner.

9. The Transmission Provider has provided documentation supporting full unrestricted release for Commercial Operation.

10. The CAISO has provided notification supporting Commercial Operation, in accordance with...
with the CAISO Tariff.

11. Seller shall have caused the Generating Facility and the Storage Facility to be included in the Full Network Model and has the ability to offer Bids into the CAISO Day-Ahead Market and Real-Time Market in respect of each of the Generating Facility and Storage Facility.

FORM OF INSTALLED CAPACITY CERTIFICATE

This certification ("Certification") of Installed Capacity is delivered by [Licensed Professional Engineer] ("Engineer") to City of San José, a California municipal corporation ("Buyer") in accordance with the terms of that certain Renewable Power Purchase Agreement dated [date] ("Agreement") by and between [Name of Seller] and Buyer. All capitalized terms used in this Certification but not otherwise defined herein shall have the respective meanings assigned to such terms in the Agreement.

I hereby certify the following:

(a) The performance test for the Generating Facility demonstrated peak electrical output of ___ MW AC at the Delivery Point, as adjusted for ambient conditions on the date of the performance test (the "Installed Generating Capacity");

(b) The Storage Capacity Test demonstrated a maximum dependable operating capability that can be sustained for five (5) consecutive hours to discharge electric energy of ___ MW AC to the Delivery Point, in accordance with the testing procedures, requirements and protocols set forth in Section 4.9 and Exhibit O (the "Installed Battery Capacity"); and

(c) The sum of (a) and (b) is ___ MW AC and shall be the "Installed Capacity".

FORM OF LETTER OF CREDIT

[Issuing Bank Letterhead and Address]

IRREVOCABLE STANDBY LETTER OF CREDIT NO. [XXXXXXX]

Date:
Bank Ref.:
Amount: US$[XXXXXXX]
Expiry Date:

Beneficiary:
City of San José, a California municipal corporation

Ladies and Gentlemen:

By the order of __________ (“Applicant”), we, [insert bank name and address] (“Issuer”) hereby issue our Irrevocable Standby Letter of Credit No. [XXXXXXX] (the “Letter of Credit”) in favor of City of San José, a California municipal corporation (“Beneficiary”), for an amount not to exceed the aggregate sum of U.S. $[XXXXXXX] (United States Dollars [XXXXX] and 00/100), pursuant to that certain Renewable Power Purchase Agreement dated as of ______ and as amended (the “Agreement”) between Applicant and Beneficiary. This Letter of Credit shall become effective immediately and shall expire on [Insert Date] which is one year after the issue date of this Letter of Credit, or any expiration date extended in accordance with the terms hereof (the “Expiration Date”).

Funds under this Letter of Credit are available to Beneficiary by valid presentation on or before the Expiration Date of a dated statement purportedly signed by your duly authorized representative, in the form attached hereto as Exhibit A, containing one of the two alternative paragraphs set forth in paragraph 2 therein, referencing our Letter of Credit No. [XXXXXXX] (“Drawing Certificate”).

The Drawing Certificate may be presented by (a) physical delivery, (b) as a PDF attachment to an email to [bank email address] or (c) facsimile to [bank fax number [XXX-XXX-XXXX]] confirmed by [email to [bank email address]]. Transmittal by facsimile or email shall be deemed delivered when received.

The original of this Letter of Credit (and all amendments, if any) is not required to be presented in connection with any presentment of a Drawing Certificate by Beneficiary hereunder in order to receive payment.

We hereby agree with the Beneficiary that all documents presented under and in compliance with

Exhibit K - 1
the terms of this Letter of Credit, that such drafts will be duly honored upon presentation to the Issuer on or before the Expiration Date. All payments made under this Letter of Credit shall be made with Issuer’s own immediately available funds by means of wire transfer in immediately available United States dollars to Beneficiary’s account as indicated by Beneficiary in its Drawing Certificate or in a communication accompanying its Drawing Certificate.

Partial draws are permitted under this Letter of Credit, and this Letter of Credit shall remain in full force and effect with respect to any continuing balance.

It is a condition of this Letter of Credit that the Expiration Date shall be deemed automatically extended without an amendment for a one year period beginning on the present Expiration Date hereof and upon each anniversary for such date, unless at least one hundred twenty (120) days prior to any such Expiration Date we have sent to you written notice by overnight courier service that we elect not to extend this Letter of Credit, in which case it will expire on the date specified in such notice. No presentation made under this Letter of Credit after such Expiration Date will be honored.

Notwithstanding any reference in this Letter of Credit to any other documents, instruments or agreements, this Letter of Credit contains the entire agreement between Beneficiary and Issuer relating to the obligations of Issuer hereunder.

This Letter of Credit is issued subject to the rules of the ‘International Standby Practices 1998’, International Chamber of Commerce Publication No. 590 (“ISP98”) and, as to matters not addressed by ISP98, shall be governed and construed in accordance with the laws of state of California.

Please address all correspondence regarding this Letter of Credit to the attention of the Letter of Credit Department at [insert bank address information], referring specifically to Issuer’s Letter of Credit No. [XXXXXXX]. For telephone assistance, please contact Issuer’s Standby Letter of Credit Department at [XXX-XXX-XXXX] and have this Letter of Credit available.

All notices to Beneficiary shall be in writing and are required to be sent by certified letter, overnight courier, or delivered in person to: City of San José, [Address]. Only notices to Beneficiary meeting the requirements of this paragraph shall be considered valid. Any notice to Beneficiary which is not in accordance with this paragraph shall be void and of no force or effect.

[Bank Name]

(DRAW REQUEST SHOULD BE ON BENEFICIARY’S LETTERHEAD)

Drawing Certificate

[Insert Bank Name and Address]

Ladies and Gentlemen:

The undersigned, a duly authorized representative of City of San José, a California municipal corporation, as beneficiary (the “Beneficiary”) of the Irrevocable Letter of Credit No. [XXXXXXX] (the “Letter of Credit”) issued by [insert bank name] (the “Bank”) by order of _________ (the “Applicant”), hereby certifies to the Bank as follows:

1. Applicant and Beneficiary are party to that certain Renewable Power Purchase Agreement dated as of ____________, 20___ (the “Agreement”).

2. Beneficiary is making a drawing under this Letter of Credit in the amount of U.S. $__________, because a Seller Event of Default (as such term is defined in the Agreement) has occurred or other occasion provided for in the Agreement where Beneficiary is authorized to draw on the letter of credit has occurred.

OR

Beneficiary is making a drawing under this Letter of Credit in the amount of U.S. $__________, which equals the full available amount under the Letter of Credit, because Applicant is required to maintain the Letter of Credit in force and effect beyond the expiration date of the Letter of Credit but has failed to provide Beneficiary with a replacement Letter of Credit or other acceptable instrument within thirty (30) days prior to such expiration date.

3. The undersigned is a duly authorized representative of City of San José and is authorized to execute and deliver this Drawing Certificate on behalf of Beneficiary.

You are hereby directed to make payment of the requested amount to City of San José by wire transfer in immediately available funds to the following account:

Exhibit K - 3
EXHIBIT L

FORM OF GUARANTY

This Guaranty (this “Guaranty”) is entered into as of [_____] (the “Effective Date”) by and between [______], a [______] (“Guarantor”), and City of San José, a California municipal corporation (together with its successors and permitted assigns, “Buyer”).

Recitals

A. Buyer and [SELLER ENTITY], a Delaware limited liability company (“Seller”), entered into that certain Renewable Power Purchase Agreement (as amended, restated or otherwise modified from time to time, the “PPA”) dated as of [______], 2022.

B. Guarantor is entering into this Guaranty as Performance Security to secure Seller’s obligations under the PPA, as required by Section 8.8 of the PPA.

C. It is in the best interest of Guarantor to execute this Guaranty inasmuch as Guarantor will derive substantial direct and indirect benefits from the execution and delivery of the PPA.

D. Initially capitalized terms used but not defined herein have the meaning set forth in the PPA.

Agreement

1. Guaranty. For value received, Guarantor does hereby unconditionally, absolutely and irrevocably guarantee, as primary obligor and not as a surety, to Buyer the full, complete and prompt payment by Seller of any and all amounts and payment obligations now or hereafter owing from Seller to Buyer under the PPA, including, without limitation, compensation for penalties, the Termination Payment, indemnification payments or other damages, as and when required pursuant to the terms of the PPA (the “Guaranteed Amount”), provided, Guarantor’s aggregate liability under or arising out of this Guaranty shall not exceed [_____] Dollars ($______). The Parties understand and agree that any payment by Guarantor or Seller of any portion of the Guaranteed Amount shall thereafter reduce Guarantor’s maximum aggregate liability hereunder on a dollar-for-dollar basis. This Guaranty is an irrevocable, absolute, unconditional and continuing guarantee of the full and punctual payment and performance, and not of collection, of the Guaranteed Amount and, except as otherwise expressly addressed herein, is in no way conditioned upon any requirement that Buyer first attempt to collect the payment of the Guaranteed Amount from Seller, any other guarantor of the Guaranteed Amount or any other Person or entity or resort to any other means of obtaining payment of the Guaranteed Amount. In the event Seller shall fail to duly, completely or punctually pay any Guaranteed Amount as required pursuant to the PPA, Guarantor shall promptly pay such amount as required herein.

2. Demand Notice. For avoidance of doubt, a payment shall be due for purposes of this Guaranty only when and if a payment is due and payable by Seller to Buyer under the terms and conditions of the Agreement. If Seller fails to pay any Guaranteed Amount as required pursuant to the PPA for five (5) Business Days following Seller’s receipt of Buyer’s written notice of such failure (the “Demand Notice”), then Buyer may elect to exercise its rights under this Guaranty.

Exhibit L - 1
and may make a demand upon Guarantor (a “Payment Demand”) for such unpaid Guaranteed Amount. A Payment Demand shall be in writing and shall reasonably specify in what manner and what amount Seller has failed to pay and an explanation of why such payment is due and owing, with a specific statement that Buyer is requesting that Guarantor pay under this Guaranty. Guarantor shall, within five (5) Business Days following its receipt of the Payment Demand, pay the Guaranteed Amount to Buyer.

3. **Scope and Duration of Guaranty.** This Guaranty applies only to the Guaranteed Amount. This Guaranty shall continue in full force and effect from the Effective Date until the earlier of the following: (x) all Guaranteed Amounts have been paid in full (whether directly or indirectly through set-off or netting of amounts owed by Buyer to Seller), or (y) replacement Performance Security is provided in an amount and form required by the terms of the PPA. Further, this Guaranty (a) shall remain in full force and effect without regard to, and shall not be affected or impaired by any invalidity, irregularity or unenforceability in whole or in part of this Guaranty, and (b) subject to the preceding sentence, shall be discharged only by complete performance of the undertakings herein. Without limiting the generality of the foregoing, the obligations of the Guarantor hereunder shall not be released, discharged, or otherwise affected and this Guaranty shall not be invalidated or impaired or otherwise affected for the following reasons:

(i) the extension of time for the payment of any Guaranteed Amount, or

(ii) any amendment, modification or other alteration of the PPA, or

(iii) any indemnity agreement Seller may have from any party, or

(iv) any insurance that may be available to cover any loss, except to the extent insurance proceeds are used to satisfy the Guaranteed Amount, or

(v) any voluntary or involuntary liquidation, dissolution, receivership, insolvency, bankruptcy, assignment for the benefit of creditors, reorganization, arrangement, composition or readjustment of, or other similar proceeding affecting, Seller or any of its assets, including but not limited to any rejection or other discharge of Seller’s obligations under the PPA imposed by any court, trustee or custodian or any similar official or imposed by any law, statute or regulation, in each such event in any such proceeding, or

(vi) the release, modification, waiver or failure to pursue or seek relief with respect to any other guaranty, pledge or security device whatsoever, or

(vii) any payment to Buyer by Seller that Buyer subsequently returns to Seller pursuant to court order in any bankruptcy or other debtor-relief proceeding, or

(viii) those defenses based upon (A) the legal incapacity or lack of power or authority of any Person, including Seller and any representative of Seller to enter into the PPA or perform its obligations thereunder, (B) lack of due execution, delivery, validity or enforceability, including of the PPA, or (C) Seller’s inability to pay any Guaranteed Amount or perform its obligations under the PPA, or
(ix) any other event or circumstance that may now or hereafter constitute a defense to payment of the Guaranteed Amount, including, without limitation, statute of frauds and accord and satisfaction; provided, Guarantor reserves the right to assert for itself any defenses, setoffs or counterclaims that Seller is or may be entitled to assert against Buyer (except for such defenses, setoffs or counterclaims that may be asserted by Seller with respect to the PPA, but that are expressly waived under any provision of this Guaranty).

4. Waivers by Guarantor. Guarantor hereby unconditionally waives as a condition precedent to the performance of its obligations hereunder, with the exception of the requirements in Paragraph 2, (a) notice of acceptance, presentment or protest with respect to the Guaranteed Amounts and this Guaranty, (b) notice of any action taken or omitted to be taken by Buyer in reliance hereon, (c) any requirement that Buyer exhaust any right, power or remedy or proceed against Seller under the PPA, and (d) any event, occurrence or other circumstance which might otherwise constitute a legal or equitable discharge of a surety. Without limiting the generality of the foregoing waiver of surety defenses, it is agreed that the occurrence of any one or more of the following shall not affect the liability of Guarantor hereunder:

(i) at any time or from time to time, without notice to Guarantor, the time for payment of any Guaranteed Amount shall be extended, or such performance or compliance shall be waived;

(ii) the obligation to pay any Guaranteed Amount shall be modified, supplemented or amended in any respect in accordance with the terms of the PPA;

(iii) subject to Section 9, any (a) sale, transfer or consolidation of Seller into or with any other entity, (b) sale of substantial assets by, or restructuring of the corporate existence of, Seller or (c) change in ownership of any membership interests of, or other ownership interests in, Seller; or

(iv) the failure by Buyer or any other Person to create, preserve, validate, perfect or protect any security interest granted to, or in favor of, Buyer or any Person.

5. Subrogation. Notwithstanding any payments that may be made hereunder by the Guarantor, Guarantor hereby agrees that until the earlier of payment in full of all Guaranteed Amounts or expiration of the Guaranty in accordance with Section 3, it shall not be entitled to, nor shall it seek to, exercise any right or remedy arising by reason of its payment of any Guaranteed Amount under this Guaranty, whether by subrogation or otherwise, against Seller or seek contribution or reimbursement of such payments from Seller.

6. Representations and Warranties. Guarantor hereby represents and warrants that (a) it has all necessary and appropriate [limited liability company][corporate] powers and authority and the legal right to execute and deliver, and perform its obligations under, this Guaranty, (b) this Guaranty constitutes its legal, valid and binding obligations enforceable against it in accordance with its terms, except as enforceability may be limited by bankruptcy, insolvency, moratorium and other similar laws affecting enforcement of creditors’ rights or general principles of equity, (c) the execution, delivery and performance of this Guaranty does not and will not contravene Guarantor’s organizational documents, any applicable Law or any contractual provisions binding on or
affecting Guarantor, (d) there are no actions, suits or proceedings pending before any court, governmental agency or arbitrator, or, to the knowledge of the Guarantor, threatened, against or affecting Guarantor or any of its properties or revenues which may, in any one case or in the aggregate, adversely affect the ability of Guarantor to enter into or perform its obligations under this Guaranty, and (e) no consent or authorization of, filing with, or other act by or in respect of, any arbitrator or Governmental Authority, and no consent of any other Person (including, any stockholder or creditor of the Guarantor), that has not heretofore been obtained is required in connection with the execution, delivery, performance, validity or enforceability of this Guaranty by Guarantor.

7. Notices. Notices under this Guaranty shall be deemed received if sent to the address specified below: (i) on the day received if served by overnight express delivery, and (ii) four Business Days after mailing if sent by certified, first class mail, return receipt requested. If transmitted by facsimile, such notice shall be deemed received when the confirmation of transmission thereof is received by the party giving the notice. Any party may change its address or facsimile to which notice is given hereunder by providing notice of the same in accordance with this Paragraph 7.

If delivered to Buyer, to it at

Attn: [___]
Fax: [___]

If delivered to Guarantor, to it at

Attn: [___]
Fax: [___]

8. Governing Law and Forum Selection. This Guaranty shall be governed by, and interpreted and construed in accordance with, the laws of the United States and the State of California, excluding choice of law rules. The Parties agree that any suit, action or other legal proceeding by or against any party (or its affiliates or designees) with respect to or arising out of this Guaranty shall be brought in the federal courts of the United States or the courts of the State of California sitting in the Santa Clara, California.

9. Miscellaneous. This Guaranty shall be binding upon Guarantor and its successors and assigns and shall inure to the benefit of Buyer and its successors and permitted assigns pursuant to the PPA. No provision of this Guaranty may be amended or waived except by a written instrument executed by Guarantor and Buyer. This Guaranty is not assignable by Guarantor without the prior written consent of Buyer. No provision of this Guaranty confers, nor is any provision intended to confer, upon any third party (other than Buyer’s successors and permitted assigns) any benefit or right enforceable at the option of that third party. This Guaranty embodies the entire agreement and understanding of the parties hereto with respect to the subject matter hereof and supersedes all prior or contemporaneous agreements and understandings of the parties hereto, verbal or written, relating to the subject matter hereof. If any provision of this Guaranty is determined to be illegal or unenforceable (i) such provision shall be deemed restated in accordance with applicable Laws to
reflect, as nearly as possible, the original intention of the parties hereto and (ii) such determination shall not affect any other provision of this Guaranty and all other provisions shall remain in full force and effect. This Guaranty may be executed in any number of separate counterparts, each of which when so executed shall be deemed an original, and all of said counterparts taken together shall be deemed to constitute one and the same instrument. This Guaranty may be executed and delivered by electronic means with the same force and effect as if the same was a fully executed and delivered original manual counterpart.

[Signature on next page]
IN WITNESS WHEREOF, the undersigned has caused this Guaranty to be duly executed and delivered by its duly authorized representative on the date first above written.

EXHIBIT O

STORAGE CAPACITY TESTS

[To be added in accordance with Section 2.1(d)]
EXHIBIT P

STORAGE AVAILABILITY

Monthly Storage Availability

Seller shall calculate the “Monthly Storage Availability” as follows:

\[
\text{Monthly Storage Availability (\%)} = \frac{\text{AVAILHRS}_m + \text{EXCUSEDHRS}_m}{\text{MONTHRS}_m}
\]

Where:

\(m\) = relevant month “m” in which Monthly Storage Availability is calculated;

\(\text{MONTHRS}_m\) is the total number of hours for the month;

\(\text{AVAILHRS}_m\) is the total number of hours, or partial hours, in the month during which the Storage Facility was available to charge and discharge Energy between the Storage Facility and the Delivery Point and to provide Ancillary Services at the Delivery Point. If the Storage Facility is available pursuant to the preceding sentence during any applicable hour, or partial hour, but for less than the full amount of the Storage Contract Capacity, the \(\text{AVAILHRS}_m\) for such time period shall be calculated by multiplying such \(\text{AVAILHRS}_m\) by a percentage determined by dividing (a) by (b); where (a) is the lower of (i) such capacity amount reported as available by Seller’s real-time EMS data feed to Buyer for the Storage Facility for such hours, or partial hours, and (ii) Seller’s most recent Real-Time Forecast, and (b) is the Storage Contract Capacity; and

\(\text{EXCUSEDHRS}_m\) is the total number of hours, or partial hours, in the month that are not included as \(\text{AVAILHRS}_m\) due to Operating Restrictions in Exhibit Q, Buyer Default, or any circumstances at the high-voltage side of the Delivery Point or beyond that point that may limit Seller’s delivery of Storage Product (each, an “Excused Event”). If an Excused Event results in less than the full amount of the Storage Contract Capacity for the Storage Facility being unavailable during any applicable hour, or partial hour, the \(\text{EXCUSEDHRS}_m\) for such time period shall be calculated by multiplying such \(\text{EXCUSEDHRS}_m\) by a percentage determined by dividing (a) by (b); where (a) is the lower of such Storage Contract Capacity amount that is not reported as available by (i) Seller’s real-time EMS data feed to Buyer for the Storage Facility for such hours, or partial hours, and (ii) Seller’s most recent Real-Time Forecast, and (b) is the Storage Contract Capacity. For avoidance of doubt, the total of \(\text{AVAILHRS}_m\) plus \(\text{EXCUSEDHRS}_m\) for any hour, or partial hour, shall never exceed 1.

Availability Adjustment

The applicable “Availability Adjustment” or “AA” is calculated as follows:
(i) If the Monthly Storage Availability is greater than or equal to the Guaranteed Storage Availability, then:

\[ AA = \square \]

(ii) If the Monthly Storage Availability is less than the Guaranteed Storage Availability, but greater than or equal to \( \square \), then:

\[ AA = \square \]

(iii) If the Monthly Storage Availability is less than \( \square \), but greater than or equal to \( \square \), then:

\[ AA = \square - \square - \square \]

(iv) If the Monthly Storage Availability is less than \( \square \), then:

\[ AA = \square \]
EXHIBIT Q

OPERATING RESTRICTIONS

The Parties will develop and finalize the Operating Restrictions prior to the Commercial Operation Date; provided, the Operating Restrictions (i) may not be materially more restrictive of the operation of the Storage Facility than as set forth below, unless agreed to by Buyer in writing, (ii) will, at a minimum, include the rules, requirements and procedures set forth in this Exhibit Q, (iii) will include protocols and parameters for Seller’s operation of the Storage Facility in the absence of Charging Notices, Discharging Notices or other similar instructions from Buyer relating to the use of the Storage Facility, and (iv) may include Storage Facility Scheduling, Operating Restrictions and Communications Protocols.

EXHIBIT S

COMMUNITY INVESTMENT

Seller agrees to provide a one-time payment of [Redacted] ("Workforce Development and Community Investment Funds") for workforce development and community investment activities. These funds shall be transferred within sixty (60) days after the Commercial Operation Date. The Workforce Development and Community Investments funds will be utilized by Buyer for workforce development and community investment activities.

Seller will make commercially reasonable efforts to have its principal EPC contractor utilize union workforce for construction of the Facility.
