YOUR SAN JOSE CLEAN ENERGY NEM BILL EXPLAINED

San José Clean Energy (SJCE) and PG&E work together to make your electricity service and your Net Energy Metering (NEM) billing as simple and convenient as possible. As an SJCE customer, you will continue to receive one bill, sent by PG&E. Here are the main elements of your bill.

Net Energy Metering (NEM2)

Your Account Summary — Bill Page 1

Amount Due on Previous Statement	$4.67
Payment(s) Received Since Last Statement	-4.67
Previous Unpaid Balance	$0.00
Current PG&E Electric Monthly Charges (2)	$10.38
San Jose Clean Energy Electric Generation Charges (3)	0.00
Current Gas Charges	31.33
Total Amount Due (4)	**$41.71**

Your Net Energy Metering (NEM) Account Summary

Year-to-date (YTD) NEM charges are based on your YTD usage. Your NEM balance will be reconciled on your annual True-Up statement **(03/2020)** and other charges and taxes may apply. No credits will be carried over to your next True-Up period. Please see the "Summary of Your NEM YTD Charges" for more details.

Total NEM Charges Before Taxes	-$13.67
Total State Mandated Non-Bypassable Charges	45.67
Total Electric Minimum Delivery Charges	80.18
YTD Estimated NEM Charges At True-Up	**$0.00**

1 ACCOUNT NUMBER

This is your PG&E account number, which you will need to make changes to your service, including upgrading to TotalGreen for 100% renewable energy.

2 PG&E DELIVERY CHARGES

PG&E charges you to deliver electricity to you over their powerlines, maintain the lines, and respond to outages. These charges are unchanged with SJCE service. They include minimum charges for maintaining your grid interconnection.

3 SJCE GENERATION CHARGE

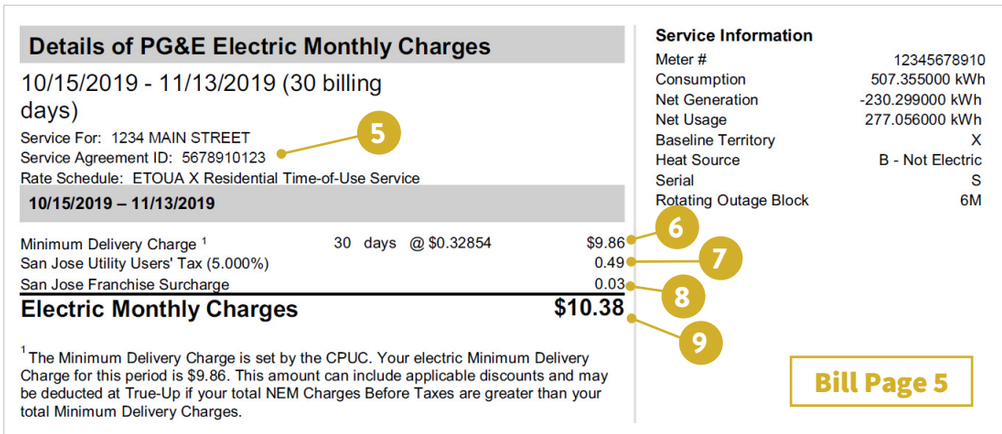
This charge replaces PG&E generation charges and covers the cost of buying clean electricity for you. If you are a TotalGreen customer, the extra premium applies when you are drawing power from the grid as well as when you are generating power and sending it back to the grid.

4 TOTAL AMOUNT DUE

Your monthly total includes the above, plus PG&E gas service, if applicable. You should pay the total amount due on your bill to PG&E, as indicated.

5 SERVICE AGREEMENT ID

A service agreement documents your specific arrangement with PG&E (including billing days, metering information, and other factors) to calculate your charges. If you have multiple meters under a single PG&E account, each meter will have a unique Service Agreement ID number.



Details of PG&E Electric Monthly Charges

10/15/2019 - 11/13/2019 (30 billing days)

Service For: 1234 MAIN STREET
Service Agreement ID: 5678910123 (5)
Rate Schedule: ETOUA X Residential Time-of-Use Service

10/15/2019 – 11/13/2019

Minimum Delivery Charge [1] (6)	30 days @ $0.32854	$9.86
San Jose Utility Users' Tax (5.000%) (7)		0.49
San Jose Franchise Surcharge (8)		0.03
Electric Monthly Charges (9)		**$10.38**

[1] The Minimum Delivery Charge is set by the CPUC. Your electric Minimum Delivery Charge for this period is $9.86. This amount can include applicable discounts and may be deducted at True-Up if your total NEM Charges Before Taxes are greater than your total Minimum Delivery Charges.

Service Information

Meter #	12345678910
Consumption	507.355000 kWh
Net Generation	-230.299000 kWh
Net Usage	277.056000 kWh
Baseline Territory	X
Heat Source	B - Not Electric
Serial	S
Rotating Outage Block	6M

Bill Page 5

6 MINIMUM DELIVERY CHARGE

This represents the minimum service charge per day to be connected to PG&E's electricity grid. It is usually around $10 per month.

7 UTILITY USERS' TAX

The City of San José charges varying utility users' taxes; this item is unaffected by SJCE service.

8 FRANCHISE FEE SURCHARGE

The Franchise Fee is collected by PG&E for the State to cover costs associated with rights to use public streets to provide electric and gas service. SJCE's rate setting always takes this fee into account so that rates stay competitive with PG&E's rates.

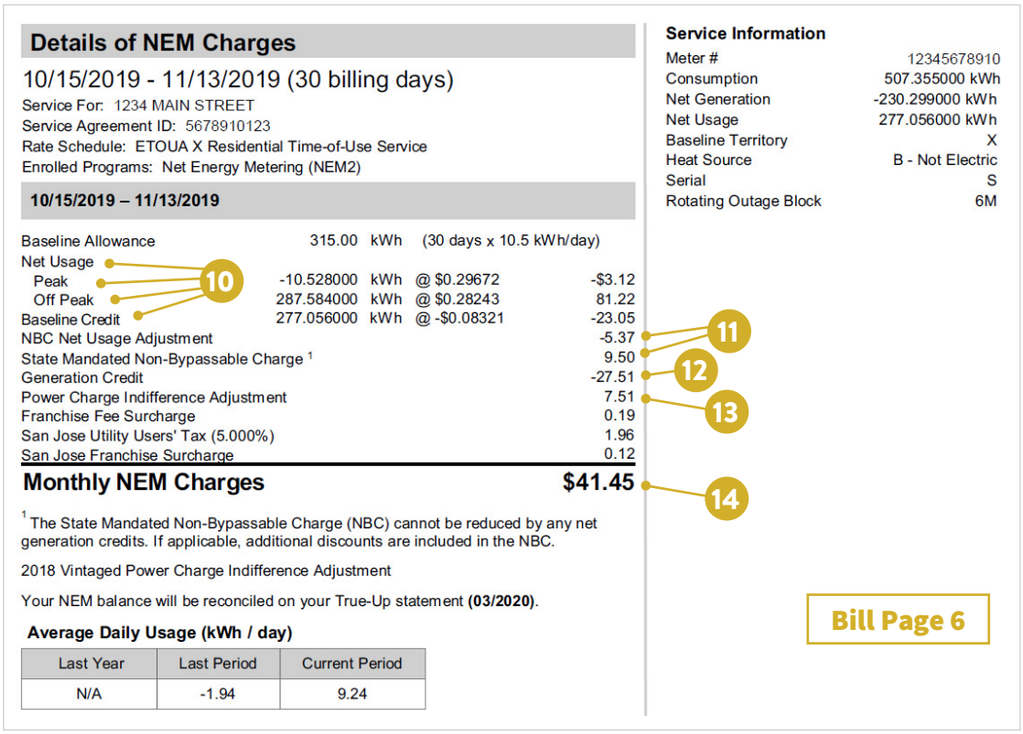
9 ELECTRIC MONTHLY CHARGES

Total charge that must be paid to PG&E every month to ensure grid access. It matches the charge on the summary page of your bill (item 2).

SAN JOSE CLEAN ENERGY
A Program of the City of San José

10 CHARGES (OR CREDITS) FOR ELECTRIC DELIVERY

All new NEM accounts are on time-of-use rate plans, which means the energy that you generate or use is worth more during peak times. However, some customers have been approved to stay on tiered rates, which are only based on how much energy is produced or used.



Details of NEM Charges

10/15/2019 - 11/13/2019 (30 billing days)

Service For: 1234 MAIN STREET
Service Agreement ID: 5678910123
Rate Schedule: ETOUA X Residential Time-of-Use Service
Enrolled Programs: Net Energy Metering (NEM2)

10/15/2019 – 11/13/2019

Baseline Allowance	315.00	kWh	(30 days x 10.5 kWh/day)	
Net Usage				
Peak	-10.528000	kWh	@ $0.29672	-$3.12
Off Peak	287.584000	kWh	@ $0.28243	81.22
Baseline Credit	277.056000	kWh	@ -$0.08321	-23.05
NBC Net Usage Adjustment				-5.37
State Mandated Non-Bypassable Charge [1]				9.50
Generation Credit				-27.51
Power Charge Indifference Adjustment				7.51
Franchise Fee Surcharge				0.19
San Jose Utility Users' Tax (5.000%)				1.96
San Jose Franchise Surcharge				0.12
Monthly NEM Charges				**$41.45**

[1] The State Mandated Non-Bypassable Charge (NBC) cannot be reduced by any net generation credits. If applicable, additional discounts are included in the NBC.

2018 Vintaged Power Charge Indifference Adjustment

Your NEM balance will be reconciled on your True-Up statement **(03/2020)**.

Average Daily Usage (kWh / day)

Last Year	Last Period	Current Period
N/A	-1.94	9.24

Service Information

Meter #	12345678910
Consumption	507.355000 kWh
Net Generation	-230.299000 kWh
Net Usage	277.056000 kWh
Baseline Territory	X
Heat Source	B - Not Electric
Serial	S
Rotating Outage Block	6M

11 NON-BYPASSABLE CHARGE

Non-bypassable charges (NBCs) are per-kilowatt hour charges that appear as a separate line item on your bill. These charges go towards maintenance of the grid and funding energy efficiency, low-income customer assistance, and other related programs. If you produce more electricity than you use it will be positive (a charge); if you use more than you produce it will be negative (a credit).

12 GENERATION CREDIT

This is what PG&E would have charged you for generation service. Since SJCE now provides your electricity, it is credited back to your account.

13 POWER CHARGE INDIFFERENCE ADJUSTMENT (PCIA)

PG&E adds a fee to SJCE customer bills called the Power Charge Indifference Adjustment (PCIA). All electric consumers in PG&E territory pay the PCIA to cover PG&E's above-market costs from legacy energy contracts and power plant operations (the PCIA is embedded in the electricity rate for customers receiving generation service from PG&E). SJCE's rate setting always takes the PCIA into account so that rates stay competitive with PG&E. Depending on when you were enrolled in SJCE, some NEM customers may be charged a slightly different PCIA than other customers. To ensure all SJCE customers pay the same PCIA rate, we make a small adjustment on your bill (credit or charge).

14 MONTHLY NEM CHARGES

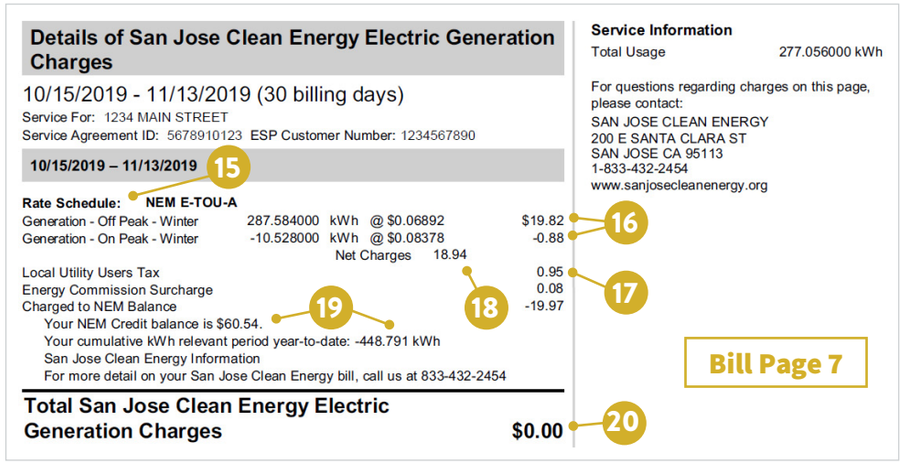
This is the sum of PG&E's charges or credits for electric delivery, which will be used for your annual true-up calculation.

15 RATE SCHEDULE

This is your rate schedule, which you can change through PG&E up to two times per year.

16 GENERATION

This is the breakdown of charges for electricity you either consumed from SJCE or generated from your system. A positive number is the cost of the net electricity used. A negative number is the credit for the net electricity your system produced.



Details of San Jose Clean Energy Electric Generation Charges

10/15/2019 - 11/13/2019 (30 billing days)

Service For: 1234 MAIN STREET

www.sanjosecleanenergy.org

17 ENERGY SURCHARGE

This fee is collected from all customers, regardless of service provider. The California legislature established the tax in 1975 to provide additional funding for the California Energy Commission.

18 NET CHARGES

This represents the total of charges and credits for the month. A positive number signifies a charge, whereas a negative number signifies a credit.

19 NET CREDIT BALANCE

This number represents your total SJCE NEM credit balance. This amount will roll forward and be applied to any charges you will have next month to continue reducing your bill. At your annual true-up, net charges from the final month will be applied, and any remaining net credits will be reset to zero. If the cumulative kilowatt hours (kWh) calculated during the true-up is negative (Net Surplus), you will be paid for the excess kWh at the Net Surplus Compensation rate.

20 TOTAL SJCE GENERATION CHARGES

This is the sum of all electric generation charges from SJCE for the month, which matches the electric generation charge on the summary page of your bill. If your credit balance is greater than the month's net charges, this amount will be zero.

If you have questions about your SJCE charges, please email us at **customerservice@sanjosecleanenergy.org** or call us at **833-432-2454.** Our call center is open Monday through Friday, 8 a.m. to 5 p.m.

If you have questions about PG&E charges, please call PG&E at 866-743-0335.
